Women Empowering Women Express Network

The Women Empowering Women Express Network (WEWEN) of the American Business Women's Association (ABWA) invites you to attend a Monthly Networking Luncheon sponsored by Proline Supply Company on June 1st, 2016. The luncheon will be held in the West Dining Room of Lone Star College-University Park at 20515 State Hwy 249, Houston, Texas 77070. Open Networking begins at 11:00AM, followed by an informative program and lunch from 11:30AM-1:00PM. This month's program includes 2016-17 Board Inductions, the Official Charter of WEWEN, and a presentation from Dorothy Gibbons entitled, The Women of the Rose.

In 1986, Dorothy Gibbons and colleague Dr. Dixie Melillo founded The Rose, a place where every woman could receive quality breast health care regardless of her ability to pay. Today, thirty years later, with two Diagnostic Centers and a Fleet of Mobile Mammography Units, The Rose has served over a half a million women, insured and uninsured, and expanded services throughout

Southeast Texas. Explore the story of how The Rose was born and how it has survived--against all the odds. It is the story of incredible generosity, unexpected corruption, and the hard truth about who can afford healthcare and who can't.

Expand your network, grow your business skills, reach a new audience, or advance your career with the Women Empowering Women Express Network of ABWA. WEWEN meets the first Wednesday of each month from 11AM-1PM. Additional details and luncheon registration (\$25) are available at wewen.org. Contact communications@wewen.org with questions.

Bring the World into Your Home

Ayusa International, a non-profit organization that has promoted global learning and leadership through high school student cultural exchanges for more than 35 years, is launching its annual search for families in Houston and the surrounding area interested in hosting international students for the 2016-2017 school year.

Ayusa host families who volunteer to open their home to exchange students contribute to the global community as public diplomats for greater international understanding. Each host family and student creates a lasting relationship that spans the cultural differences between their two nations.

The Bray Family from Houston has been hosting two students this year, Mahau from France and Genzo from Japan. Both students have been attending Mayde Creek High School this year. The Brays have six children of their own but feel that hosting exchange students is “probably one of the best decisions our family has ever made,” according to host mom April Bray. “[The students] quickly become a part of your family and it's always a great feeling to see their eyes light up when they experience something for the first time or hear the excitement in their voices when they tell you about a new friend they made at school. Your children also get to gain another brother or sister and it's always fun to see them trying to learn your exchange student's language or customs. For us, there is no greater feeling than watching our exchange students succeed and grow and being able to share our culture and learn more about theirs.”

The students have also been having a wonderful experience with the Bray family. Genzo shares, “My host family is so nice to me and I feel like this family is the home I can go back to. They make me feel like I'm loved by them. Of course you can share your culture and learn the language but more importantly, you can experience the other family that you love.” His exchange “sister” Mahau says, “It's crazy how much you can love people you didn't know 10 months before. Every day they make my exchange year super great. I consider them like a member of my family. They are the reason why I enjoyed every single day of my new life.”

Ayusa works with diverse families who are interested in hosting an international student of high school age. Families without children, empty nesters, military families, retirees, and single people are all welcome. Ayusa families come from all over the country and reside in rural, suburban and urban communities.

“Houston is a popular destination for Ayusa exchange students in the U.S.,” says Heather Wells, Ayusa Regional Manager for the Southwest. “Host families love to share the diversity and history of Houston. It's such a fun area to live in, with activities and things for students to experience, from music and sports to outdoor activities and delicious Tex-Mex!” She continues, “If you have ever wanted to learn about a new culture while sharing life in America, I encourage you to give us a call or check out our website to learn more about how you can create an international friendship that lasts a lifetime!”

Host families provide the exchange student with three meals a day and a bedroom (private or shared). A professionally trained Ayusa representative supports each host family, student, and local school throughout the program year. Ayusa's exchange students are 15-18 years old and come from more than 60 countries around the world. Students are fully insured, bring their own spending money, and are proficient in English.

How to Host an International Student

Interested families can learn more about the program and available exchange students and request additional information by visiting <http://www.ayusa.org> or calling 1-888-552-9872.

The process to apply is simple. Families complete the online application, which includes questions about themselves and local high school, references, and a background check. The local Ayusa Community Representative conducts an in-home interview. They can also help each family with any questions they may have about the application or process.

After families are fully approved, they can select the Ayusa student they would like to host.
