## A LITTLE BIT OF VITAMIN N

It's HOT outside but there are so many ways in which we can get out into nature in Sweetwater or bring nature in! A book entitled Vitamin N by Richard Louv highlights 500 ways to enrich the health & happiness of your family and community by getting into nature or bringing nature inside to you! Here are some fun tips for July from Vitamin N:

### **GROW A PIZZA GARDEN OR A SUNFLOWER HOUSE**

Grow a pizza garden with your choice of ingredients- tomatoes, zucchini, peppers, spinach, onions, basil, oregano, and more- in the shape of a pizza. Grow a sunflower house by planting small sunflowers in the shape of a playhouse. Plant a maze of flowers, or a moon garden full of flowers that bloom only at night.

### **MAKE SPACE FOR INDOOR SIT SPOTS**

Use indoor nature to create calming indoor places to sit, read, think, and meditate. Many hospitals now offer outdoor and indoor healing gardens for patients and their families. Workplaces are adopting the idea. Consider creating peaceful niches that are rich with nature, alive or symbolic. Biophilic elements do not always have to be living organisms. To augment real nature, biophilic or restorative architects incorporate the shapes and patterns of nature into the building and outdoor spaces they design. Studies have shown that images of nature do calm us. Create your very own indoor space!

## Sweetwater Development Update New Highway 71 entrance under construction soon

*By Robert Long, Sweetwater Project Manager, Newland Communities*

Some of our homesite development has been slightly delayed by the 20 days of rain in May, but we still have some very exciting updates this month, starting with our future second entrance on Highway 71.

In August, we plan to begin construction of an approximate one-mile extension of Pedernales Summit Parkway, our main thoroughfare.

With this extension, PSP will continue its loop through the community and provide a second entrance where it meets Highway 71, a little more than one mile west of the current main entrance.

The new entry will be just past Bee Creek, and the project includes a 300-foot-long bridge over the creek. We expect to open the new entrance next summer.

This much anticipated second entrance will provide an additional route to and from West Cypress Hills Elementary, as well as for emergency services access and general commuting.

### NEW LIFESTYLE NEIGHBORHOOD

Also in August, we plan to start development of 62 homesites in our newest neighborhood, called Hidden Springs.

Located across from the Sweetwater Club, Hidden Springs is envisioned as a lifestyle neighborhood of low-maintenance patio homes on 55-foot-wide homesites, with full yard care provided.

We expect that it will have strong appeal to a diverse mix of homebuyers, from young professionals to empty nesters. We will announce the homebuilder and price range as soon as that information is available.

The rain has delayed homesite development in several of the neighborhoods mentioned in last month's update, but between the raindrops, we were able to complete development of the final 48 homesites in Village L.

Westin Homes, our newest builder, has started construction of its new model for this village, with a grand opening anticipated for early fall. Chesmar Homes will also be building in this neighborhood of 60-foot-wide homesites.

### OUR NEW PARK HAS A NAME

Skyview Point is the official name for the new stargazing park we announced last month. We hope you like this name, which reflects the park's lofty location on a wooded hilltop above the Hillcrest neighborhood. We are still on schedule to complete this park by fall. The new fitness center next to the Sweetwater Club is also still on track to open by the end of the year.

## Westin Homes starts new Sweetwater model, plans fall grand opening

Westin Homes, the newest homebuilder in Sweetwater, has started construction of its new model home, the 3,357-square-foot Carter III, with plans for a grand opening this fall.

With options for up to five bedrooms, the Carter III will “wow” visitors with a spiral staircase in the two-story foyer. Other highlights will include formal living and dining rooms, and a downstairs guest bedroom suite.

Upstairs, the Carter III will feature two more bedrooms, a children’s loft and a gameroom. Options include a media room and a fifth bedroom with a fourth full bath.

The Carter III will showcase a collection of seven one- and two-story Westin home plans offered in Sweetwater. Prices range from the

*Bess Ouahidi, Sweetwater Lifestyle Director*

Things are heating up in Sweetwater! Summer is here and it is HOT! Poolside seems like the best place to be to beat the heat. Sweetwater has some sizzling summer events lined up for you and your family this summer!

Friday Night Bingo Lights was chalk full of laughs, prizes, and many WINNERS! Some went home with their arms full of prizes, but no one went home empty handed. All had a fun time and we will definitely be doing it again!

Weather threatened to ruin our Splash Into Summer Pool Party, but it cleared out and we had a great event, with the Wholly Cow food truck there to serve delicious food! Wholly cow didn't disappoint and brought along sweet treats from Austin Gelato for everyone to enjoy. Kiddos at the party enjoyed prize drawings every half hour and one lucky winner walked away with a snow cone machine!

There is a lot to look forward to this summer in Sweetwater. July is going to be full of fun things to do! You can't miss the July 4th party! Barbeque catering, snow cones, bounce houses, music, games, the pool, and your fun neighbors....this will be a party you don't want to skip! ## THE RIPPLE EFFECTS OF A CLEAN WATER WELL A PROJECT OF THE LAKEWAY/LAKE TRAVIS ROTARY CLUB

Following the recent visit to Tanzania, East Africa by members of the Lakeway/Lake Travis Rotary Club, the club is celebrating the successful drilling of a water well in the village of Lanjani, East Tanzania. The well, which produces as much as 10,000 liters of water per hour, will provide clean water to over 3,500 people in the village of Lanjani and to an additional several thousand in the Maasai villages that surround the village of Lanjani. But the well means more than clean water to the community, as vital as that is. In addition to providing water to the community, the well will make it possible to build a new school. The Rotary Club is collaborating with members of a non-profit entitled Common Threadz, and the University of Texas, Department of Architecture to build and furnish the school. For the first time in their lives, children in the area will have access to clean water and can avoid the water borne illnesses that occur from drinking contaminated water. They will learn such skills as washing hands, cleaning cooking pots, storing water safely and many other hygienic practices that will allow them to remain healthy and grown up free of disease.

Donna Gunn, who has worked with the Tanzanian village authorities for six years, stated "seeing the clean water gushing from the well made those 17 hour plane trips worthwhile." Dr. Gunn and other Rotary team members will return to Tanzania in July of 2017 to evaluate the impact that clean water has had on the lives and the health of the 3500 members of the village.

This project was funded in part by the Lakeway/LT Rotary Club, other area Rotary Clubs and Rotary International for a total funding of \$60,000.

The Lakeway/Lake Travis Rotary Club consists of local business leaders working to address various community and international humanitarian projects. The club encourages high ethical standards in all vocations, and helps build good will and peace in the world

through the Ideal of Service. The club objective is to encourage and foster the Ideal of Service as a basis of worthy enterprise. Rotarians worldwide - live by the same 24-word code of ethics that is reflected in the Rotary 4-Way Test. Adopted by Rotary International in 1943, the 4-Way Test has been translated into more than a hundred languages. This simple philosophy and code consists of the following:

Of the things we think, say and do:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

The motto of Rotary is "Service Above Self". The Lakeway/Lake Travis Rotary Club meets every Thursday (except first Thursdays) from noon to 1:00 pm at the Fore Restaurant in Lakeway Commons, 900 RR 620 South, at the corner of Lakeway Blvd., Lakeway, TX 78734.
