## GO THE DISTANCE WITH SCOUTING!

Girls kindergarten to 12th grade are provided amazing opportunities and experiences as a Girl Scout! Not only can they dream about earning a Gold, they can earn it by going the distance in scouting!

Like any good team we also need good coaches! Consider volunteering as a troop leader or co-leader and help girls reach their own Bronze, Silver and Gold! As a troop leader your journey earns an award sure to exceed any Gold!

Girl Scout membership is \$15. Girls and adults can join Girl Scouts and register online at [www.gssjc.org](http://www.gssjc.org), or join us in person to learn more about Girl Scouts at our Fall Rally.

We are looking forward to another great year of Girl Scout adventures and hope you'll go the distance with us!! Be a Girl Scout Olympian and join Girl Scouts today!

## Did you know that Girl Scouts are more likely than non-Girl Scouts to...

1. Advocate for herself and others
2. Set ambitious goals and think about her future
3. Be mentally and emotionally stronger
4. Be financially independent
5. Overcome failure and fears and so much more!

Through a girl's experience in Girl Scouting, she has additional opportunities to make new friends, have new experiences, and work together with other girls to serve in her community. Girl Scouts is about charting the course of a girl's destiny so she grows up confident, knowing she is capable of achieving great things in life .... of being successful and doing something significant!

It's August and that means the summer is winding down and school is starting soon. As you start planning your daughter's activities, we hope you plan make Girl Scouts a part of it. If you'd like your daughter to explore new interests, achieve her goals, or simply to make new friends to overcome their shyness, look for Girl Scout recruitment events in your school. Girl Scouts is for girls in grades kindergarten to 12th grade and the cost is \$15.

You can join Girl Scouts at [www.gssjc.org](http://www.gssjc.org) or contact Jo Anna Harris at [jharris@sjgs.org](mailto:jharris@sjgs.org). We are looking forward to another great year in the Cypress area and hope you can join in on the fun!

## 19TH Annual Salute to the Stars Gala

Thursday, October 13, 2016, the Cy-Fair Educational Foundation (CFEF) will host its 19th annual Salute to the Stars Gala at the Berry Center. Our underwriter, Cypress Fairbanks Medical Center Hospital joins us in celebrating Cypress-Fairbanks I.S.D. (CFISD) Spotlight Teachers, along with major sponsors IBI Group, Cy-Fair Federal Credit Union, North Cypress Medical Center Hospital, Northwest Dodge, and S-G Owners Association.

Salute to the Stars has raised \$2 million for innovative staff development grants for district teachers and instructional leaders, and scholarships for graduating seniors. The Salute to the Stars Gala honors CFISD Spotlight Teachers who are selected by campus principals for their outstanding dedication in providing valuable instruction to students.

CFEF was established in 1970 as a non-profit to raise money to fund a scholarship for high school graduates in the area. Over the past 46 years, the Foundation has grown tremendously through the efforts of the Board of Trustees and the generosity of the Cy-Fair Community. The Foundation has awarded almost \$7 million in scholarships to over 1400 graduating seniors. CFEF is a 501(c)3 non-profit organization, all contributions are tax deductible, as allowed by the law.

Sponsorships are available for Salute to the Stars, for more information please contact Marie Holmes at [marie@thecfef.org](mailto:marie@thecfef.org) or 281-370-0144.

## PRESIDENTIAL SERVICE AWARDS

The school year of 2015-2016 was a gratifying one for the Cypress Ranch Key Club. In addition to receiving multiple awards at DCON, several members were awarded with the Presidential Service Award this year. To receive this award is quite an achievement and no easy task. The requirements for this award spur members to go above and beyond simply serving with Key Club. Students are expected to gain volunteer hours outside the Key Club, perhaps at a church or a different volunteer organization. Some students have completed at least 100+ hours of service to achieve this award. Congratulations to all recipients of the 2015-2016 Presidential Service Award!

### Gold Recipients

## CY RANCH KEY CLUB

Key Club is a service oriented organization that volunteers at places in and around the community. The Cypress Ranch Key Club is one of the best clubs in the district. We serve at multiple events year-round, not simply during school.

To engage Key Clubbers in service during the summer we do service projects and host socials. For example, this summer, students had the opportunity to get a head start on the fall semester and attend a social at Orange Leaf. In addition to socials, we hold fun summer events, such as the Field Day that is coming up on July 9th at Central Park in Fairfield. On Field Day Key Clubbers will be able to get creative with service projects. Some of the activities include making homemade bubbles to donate, flash cards for the Goddard School, and dog toys. This event will mix service with games to create a fun, exciting atmosphere.

The Cypress Ranch Key Club is making every effort to get students involved in service. The volunteering doesn't stop with the end of the school year! We do what we can to better the community at all times.

## Dead spots in the lawn? Look for chinch bugs

Chinch bugs often appear in Texas lawns during hot, dry conditions. Usually damage starts in sunny locations or near driveway and sidewalk areas. Damage appears as irregular dead patches in the lawn surrounded by yellowing or dying grass. Chinch bug damage can be mistaken for other lawn problems like white grubs or fungal diseases, so confirmation of chinch bug activity is needed before choosing proper treatment.

So how do you tell if you have chinch bugs? The easiest way is to look for the insects. One way to look is to cut both ends out of a can, push it into the ground using a twisting motion and then fill the can with water for about 10 minutes and wait for any bugs to float to the top. Another way would be to get down on your hands and knees and part the grass to look for the insects. For both methods, samples should be taken in the damaged (yellowed grass), not dead, grass areas.

Chinch bugs are small (about 1/5 of an inch as adults; immatures are smaller). Adults are black with white wings containing triangular markings. Nymphs, or immatures, are yellowish or pinkish with a light colored band across their body. Nymphs do not have fully developed wings.

Treatment is usually a liquid or granular formulation. Liquid

formulations are often bottles that attach to the end of the garden hose or concentrates that you mix with water in a tank sprayer. Granular formulations are applied with push spreaders and need to be watered in after treatment.

Treatment should be applied to the area where damage is occurring and several feet out from the damaged area; the entire yard does not have to be treated. All label instructions should be read and followed before and during the treatment.

For more information or help with identification, contact Wizzie Brown, Texas AgriLife Extension Service Program Specialist at 512.854.9600.

## BLUE JAYS ARE NOT BLUE?

*By Cheryl Conley, TWRC Wildlife Center*

Blue Jays are easy to recognize because of their crest and their beautiful blue, black and white markings. They are also one of our larger birds, some reaching a foot long. Although beautiful, some consider them a nuisance because they can be aggressive. Aggressiveness towards humans can occur when a Blue Jay is protecting its nest. They've also been known to dive-bomb cats and dogs. They can imitate the sounds of the Red-shouldered Hawk and often do this to keep predators away from the nest. Because they are such good parents and very protective, TWRC Wildlife Center rarely receives any eyes-closed nestlings at the Center.

Did you know that Blue Jays aren't really blue? The color we see is the result of the inner structure of the feathers. There are two types of color in birds—pigmented and structural. The cardinal looks red because the feathers really are red. This is pigmented. Blue and green are unique colors in the animal kingdom and are considered structural colors. To explain as simply as possible, the blue in the Blue Jay is caused by microscopic structures in the feather that refract light like a prism. When the light passes through a dark layer of melanin, some wavelengths are filtered out, and the bird looks blue. Feathers look blue for the same reason the sky looks blue.

In late summer you may see a bald Blue Jay. Don't automatically assume that it is sick or has been attacked by another animal. Blue Jays, as well as Cardinals, go through a complete molt of their head feathers but they do grow back.

During the spring, TWRC Wildlife Center admits hundreds of Blue Jays, both adults and babies. They are admitted to our on-site care program and require daily care. If you'd like to learn how to feed and care for Blue Jays, volunteer and become a part of our Baby Bird Program. It's fun, it's rewarding and you'll be helping our wildlife. ## How to execute The Forehand Service Return

In previous newsletters, I offered tips on how to hit a forehand groundstroke, a two-handed backhand, one-handed backhand, forehand volley, the two handed backhand volley, the serve, the forehand half-volley, the one-handed backhand volley and the overhead “smash”.

In this issue, I will offer you instructions on how to execute the second most important shot in the game of tennis: The Service Return, since it is the response to the first most important shot of the game: The Serve. In the illustrations, Jill Schmidt, player at the Grey Rock Tennis Club, shows the proper technique to execute this stroke.

**Step 1: The Ready Position:** When Jill is getting ready to return the serve, her eyes are focused on the tennis ball held by the opponent. Knees are relaxed and the hands are holding the racket with a relaxed grip.

**Step 2: The Back Swing:** Once Jill realizes that the ball has been directed to her forehand, she will turn her upper body and will take the racket back. Notice that the left hand is up in front to allow her to keep her center of gravity in the center. She has

loaded her weight on her right foot and will be ready to step forward to meet the ball

**Step 3: The Point of Contact:** Jill now is ready to step into the ball. She has kept her eye on the ball and her center of gravity now is shifted to the point of contact. Notice the left knee being slightly bent and the left foot is pointing to the ball meeting the racket

**Step 4: The Extension of the Point of Contact:** Jill is now directing the ball toward the opponent's court. Her eyes have now shifted toward her target and her body weight is now fully in front of her left foot. The left hand is still helping to keep the center of gravity in the center without opening up too early.

**Step 5: The Follow Through:** Once Jill has finished her stroke, the momentum of the racket continues to move almost to a point behind her neck. Her left hand is next to her body and her right elbow is pointing toward her target. Her body is now ready to take the “split step” with both feet in order to prepare for the opponent's returned shot.
