## LOEN Waterfowl

Please slow down when entering and exiting the community. We have had 4 ducks killed by vehicles this past month - several by vendors who did not stop. Two beautiful white Pekin ducks have been killed, a gorgeous black mallard, and a Mother Muscovy. It only takes a few minutes to allow them to cross safely. The only lakes that have shrubbery to provide shelter are the two front lakes, so relocation is not possible. The waterfowl are enjoyed by many families and we have a group of 15 volunteers who help take care of the ducks and feed them daily. Visitors always comment how wonderful it is to see waterfowl and we all should take the time to ensure their safety. Please give them the Right of Way and alert the Vendors who may provide services to your home that we value our waterfowl and to please slow down and be on alert for them.

*Thank you for caring and enjoying the ducks,

## Memorial Hermann Earns American Hospital Association Awards for Commitment to Quality, Innovation in Palliative Care and Improving Community Health

*Only Houston Health System to be recognized at the AHA Leadership Summit*

In a rare accomplishment for a U.S. health system, Memorial Hermann was nationally recognized for awards in multiple categories by the American Hospital Association (AHA) – notably for its commitment to quality, employing innovation in palliative and end-of-life care and for improving community health. Memorial Hermann will be the only Houston health system recognized at the Health Forum/AHA Leadership Summit in San Diego July 17-19.

Earning 2016 AHA honors were: Memorial Hermann Greater Heights Hospital - finalist for the 2016 American Hospital Association-McKesson Quest for Quality Prize® for their leadership and innovation in quality improvement and safety; the Memorial Hermann Community Benefit Corporation Mobile Dental Program – presented the AHA's NOVA Award for its efforts to improve community health; and the Memorial Hermann Physician Network and Symptom Management Consultants, the recipient of the AHA's Circle of Life Citation of Honor for utilizing innovation in palliative and end-of-life care.

"This type of national recognition by the American Hospital Association is a testament to the visionary leadership at Memorial Hermann and the dedicated and collective efforts of staff and physicians to deliver great care daily to the Houston community," said Dr. Benjamin K. Chu, president and CEO, Memorial Hermann Health System. "It truly demonstrates how our innovative programs are comprehensively serving the community with high quality and safe patient care at our hospitals, employing compassion in end-of-life care and decisions, and helping those most in need with our mobile dental program. All Memorial Hermann employees and physicians should be extremely proud of this wonderful milestone that few systems in the United States have or will achieve."

Memorial Hermann Greater Heights Hospital – McKesson Quest for Quality Prize® Finalist

- At the hospital level, Memorial Hermann Greater Heights was the only Houston hospital to earn recognition as an AHA McKesson Quest for Quality finalist attaining that distinction by demonstrating a tireless "organizational commitment to and progress in achieving quality, safety and effective, efficient, timely and patient-centered care" – the criteria required to be met to even be considered for the award.

"I am so very proud that Greater Heights was selected as a finalist for the 2016 McKesson Quest for Quality Award," said Susan Jadowski, Sr. Vice President & CEO, Memorial Hermann Greater Heights. "We have worked diligently to foster a culture of safety so

that every family that leaves a loved one in our care can feel secure in the knowing that their care is the most important thing to us. Our staff is dedicated to our mission of causing zero harm to our patients.

We work daily to encourage it and our staff fully embraces the goal to be the safest hospital not only in the Greater Heights community, but in the Houston region."

Rick Pollack, AHA's president and CEO, applauded McKesson Quest for Quality Award winners and finalists saying: "These hospitals have made remarkable strides in the quality of their patient care and they did so because they were committed to excellence. The entire hospital field can learn from the lessons demonstrated by the hard work

of these hospitals, their boards and employees."

Memorial Hermann Mobile Dental Program – AHA's NOVA Award

- The Mobile Dental Program added to the accolades for Memorial Hermann by earning the AHA's NOVA Award – an honor that recognizes hospitals and health systems for their collaborative efforts toward improving community health.

An integral component of the Memorial Hermann Health Centers for Schools clinics, the Mobile Dental Program has served as the "dental home" for uninsured and underinsured students in the greater Houston region since 2000. The program now has expanded to three 40-foot vans that rotate between 10 school-based clinics located in five school districts – Houston ISD, Aldine ISD, Pasadena ISD, Fort Bend ISD and Lamar Consolidated ISD. The program provides a full complement of preventive and restorative dental care at no cost, and is accessible year round to families.

"This award is great recognition for a program that serves an incredible need in our community," said Carol Paret, Sr. Vice President and Chief Community Health Officer for Memorial Hermann Health System and the CEO of Memorial Hermann Community Benefit Corporation. "Its primary goal has been to serve as a safety net for children in need of regular dental care as well as to educate them and their parents about oral health. It has made a difference in the lives of many students in measurable and immeasurable ways. It serves our mission to help people who otherwise wouldn't have access to health care, particularly children."

AHA President and CEO Rick Pollack said of 2016 AHA NOVA winners exemplified the hospitals collaborative in the community to "offer the most to those in need beyond the walls of their buildings.

The programs recognized by the AHA NOVA award inspire us all with their collaborative, caring approach to improving community health and wellness."

Memorial Hermann Physician Network and Symptom Management Consultants - Circle of Life Award™: Citation of Honor

• The Memorial Hermann Physician Network and Symptom Management Consultants program was recognized by the AHA with a Citation of Honor for the 2016 Circle of Life Award™ celebrating innovation in palliative and end-of-life care. Memorial Hermann's program was recognized for its "integrated partnerships, including academic settings and community hospices as well as collaborative leadership efforts in improving quality of care."

"We are very humbled by this recognition," said Dr. Sandra Gomez, Medical Director of Supportive Medicine at The Memorial Hermann Physician Network (MHMD). "We have worked hard to educate our patients and their families about palliative and end-of-life care – what it is and isn't – with the primary goal being to improve the quality of life for both patients and their families. We use a team approach to care which addresses the unique needs of each patient in order to optimize the delivery of care and improve the management of the patient's symptoms, pain, and the stress associated with their illness. This approach is what distinguishes our program, and we are honored to be cited by the American Hospital Association for our work to bring innovation and thoughtfulness to end-of-life care."

Circle of Life Award™ nominations were reviewed and site-visited by a selection committee that included leaders from medicine, nursing, social work and health administration. The Circle of Life Award™ honors palliative programs that among other criteria:

- Serve people with life-limiting illness, their families and their communities.
- Demonstrate effective, patient/family-centered, timely, safe, efficient and equitable palliative and end-of-life care.
- Use innovative approaches to meeting critical needs and serve as sustainable, replicable models for a segment of the field.
- Use innovative approaches to reach traditionally marginalized populations.

## Shield Bearer's Allie Scott Lends Expertise to New Skill Building Course for Women

Shield Bearer is launching an exciting new skill building course for women entitled CONNECTIONS: The Practice of Courage, Compassion, and Resilience. This course will be led by Shield Bearer Clinical Coordinator Allie Scott, MA, LPC, who brings extensive experience in the treatment of depression, anxiety, trauma, codependency, grief, marital issues, and sexual abuse. Ms. Scott purposefully selected a curriculum that features best-selling author and researcher, Dr. Brene Brown, as her in-depth studies of shame, fear, and vulnerability highlight the damaging effects on individuals and relationships.

Allie Scott explains, "This group is for all women who seek to live lives characterized by courage, compassion and connection and who want to stop living in shame, fear, and disconnection. All women who are committed to exploring their pain and learning how to develop a resiliency to shame are welcome. This class will be a closed group, which means that once we start, no new members may join the group. This will help create an atmosphere most conducive to learning and sharing, and one which will create trust and safety for participants."

This course will explore powerfully relevant topics including self-

esteem, love, belonging, authenticity, empathy, connection, power, courage, compassion, and more, with the ultimate goal of building a resilient spirit that fosters healing, joy, and gratitude.

The twelve session course begins September 7th and meets on select Wednesdays through December 14th, from 6:30PM-8:00PM at the Shield Bearer Central Office, 12340 Jones Road Suite 290, Houston, Texas 77070. Space is limited and participants are asked to register by August 31 by calling (281) 894-7222 or emailing [intakes@shieldbearer.org](mailto:intakes@shieldbearer.org). The course fee is \$300 and includes twelve sessions of course materials, instruction, and refreshments.

Ms. Scott adds, "This could be a life-changing experience for those willing to commit to the class, and it is a commitment - 12 weeks is a long time. However, the benefits will be incredible. I myself am so excited about this experience."

For more information about Shield Bearer, a non-profit 501c3 charity dedicated to building strong and healthy individuals, families, and communities through professional counseling services, education, and prevention programs, visit [shieldbearer.org](http://shieldbearer.org) or call (281)894-7222.

Randy is 9 weeks old. Mom dog was found pregnant and had her puppies. The mom dog was a white fluffy dog (Westie/Shih Tzu Mix). We do not know what breed the father dog was. These puppies will be medium size max when full grown but may be smaller (their mom was only 15-18 lbs). Randy is a fun loving puppy who would love to find his forever home!

## Recipe from the Kitchen

Hello, everyone. Chef Marty here with a fantastic dressing or marinade (works best with shrimp in my opinion) recipe that many of you got to sample during last month's Grape Stomper's Wine Dinner. By popular demand, I will now share it with you all! Enjoy...

**Yield: appx 2 cups**

- 2 tablespoon lime zest
- ¼ cup lime juice
- ¼ cup brown sugar, packed
- ¼ cup ginger, peeled and grated
- ½ cup green onion, chopped, white parts and some green
- 1 cup cilantro leaves, packed
- 1 tsp nutmeg, fresh grated
- ¼ cup honey
- 1 teaspoon balsamic vinegar
- 1 teaspoon Tabasco
- ¼ cup olive oil
- 6 ancho chiles, seeded and cut into strips

1. Place the lime zest and juice, brown sugar, ginger, green onions, cilantro, nutmeg, honey, vinegar, and Tabasco in a food processor or blender and process until smooth.

2. With the machine still running, slowly pour in the olive oil through the feed tube in a steady stream. Turn off the machine and stir in the ancho chiles. Transfer dressing into a tightly covered container and refrigerate. Will keep for up to 5 days.
