Selling Family Friendly Fairfield for 23 Years

JACKIE DEVINE

Contributing Editor Fairfield Community Gazette

I am thrilled to be the new Contributing Editor for Fairfield Community Gazette. I've been an avid reader ever since I moved to Fairfield five years ago. It is amazing how our community has grown.

We have some great things planned for the coming months. We will be working on a series of articles about our local friends, families, organizations, and businesses. To kick it off, I thought it would be a

good idea to introduce myself so that you will know what you can expect.

Before entering the field of education, which was my second career, I spent twenty-five years in the private sector promoting individuals, communities, and corporations. Charged with initiating Houston's first marketing plan, for the Greater Houston Partnership, in 1990, most of the promotional pieces I created circled the globe and were

often translated into Spanish, Japanese, and Mandarin. In 1999, I served as Interim Editor of AAA's Journey Magazine (both Texas and New Mexico). Today, wearing the title Personal Historian (third career), I've self-published two memoirs: Mamie, Remnants of a Life Well Lived and My Story, A Memoir by John Devine. Plus, I'm also Editor of The Branson Clan Newsletter, a quarterly publication distributed nationwide, and the producer of 15 mini-memoir and funeral tribute videos.

As a Personal Historian, I will continually comb our neighborhoods looking for stories about "real people" that live, work and play in our community. But, I invite you to be on the look-out as well. Our goal is to "Let no good deed go unnoticed."

You can contact me via email or by phone. I promise I'll respond within 24 hours.

I'm excited about this project, being a member of the team, and about working with all of you to make our Fairfield Community Association Newsletter even more unique and truly worthwhile.

Can't wait to get started!

CYPRESS 5K AND PUPPY PARADE

Cypress and Houston area residents can strengthen their families, their bodies, their neighborhood school, and their dogs at a very fun family friendly event this fall. Cypress 5K Fun Run and Puppy Parade benefiting the Performing Arts Department at Spillane Middle School will take place Saturday, November 19th at 9:00 a.m. at Spillane Middle School, 13403 Spillane Woods Blvd.

The event is the school's third annual Fun Run, and will feature a timed run. You don't have to be a competitive runner to participate since the race also features a family run for those pushing strollers or wanting to walk, and a dog walking segment. The race will begin at Spillane Middle School, and go through the Coles Crossing neighborhood. Medals will be awarded in multiple age brackets, and to the first three dogs who cross the finish line.

While generating funds to support the school's award-winning Performing Arts programs is one goal of this run, event organizers want to strengthen the school's ties to the community as well as encourage community spirit and fitness. The race has become an annual tradition for many, and provides the opportunity to run, walk, bond with, and support family, friends, and neighbors. Last year's run had over 900 participants, and was a great success.

Early bird registration continues until October 29 for \$30, which includes a commemorative T-shirt. From Oct. 30 – Nov. 12th registration increases to \$35 and a T-shirt is not guaranteed. Late registration, which continues until race day, is \$40 and does not include the shirt. Family discounts are available through October 29.

Runners who have pre-registered can pick up their packets Thursday, November 17th from 4:00 pm - 7:30 p.m. at Spillane Middle School.

To register or for more information, visit the Cypress 5K Fun Run & Puppy Parade website at <https://thedriven.net/cypress5k>.

ADVANCING HEALTH

Shalom!

CYPRESS

Shalom Cypress was established in 2011 by local families seeking a Jewish presence in Northwest Houston. We are the closest synagogue within 25 miles of the nearest synagogue. Many thought that they were the only Jews in the Cypress area, but it turns out that they were wrong! Shalom Cypress has grown to more than 30 affiliated families.

School is back, and the High Holidays are right around the corner! In Oct, we will have our High Holidays services. Shalom Cypress will have services the second day of Rosh Hashanah (10-04-16), and Yom Kippur services on 10-11-16 & 10-12-16. Join us a week later to build the community Sukkah.

Shalom Cypress has many ongoing & active programs for people of all ages. It is not too late to sign-up for our Fall 2016 Hebrew School. Please visit our website at www.shalomcypress.org, e-mail us at info@shalomcypress.org, or call Ben Federman at 832-795-2002 to find out more details about the upcoming events.

From FirstService Residential

Dear Fairfield Homeowners

This letter is to inform you that beginning on September 19, 2016 a project to repair lake shore erosion on Lake 9 (West Detention Lake) will begin weather permitting. In order to repair the lake it will be necessary to lower the level of the lake. This will affect both Lakes 8 and 9 since they are connected equalized lakes. The repair project will take a month weather permitting. The crews will be working 6 days a week, Monday - Saturday to complete the project as quickly as possible.

In order for the repair to be a success a strong layer of grass will need to root and grow. Due to this we are requesting that everyone please stop feeding the ducks.

Feeding attracts birds in unnatural numbers, beyond natural food and water supplies, and frequently in numbers beyond what people will tolerate. Over-grazed and badly-eroded lawns, golf courses, and school playing fields are often the result of overcrowding. Grassy areas such as ball fields and golf courses can become unsanitary and unusable.

HIGH CONCENTRATION OF BIRDS CAUSE:

- * Overgrazing of vegetation, leading to soil erosion.
- * Degradation of the landscape, making it undesirable for other species and unsightly for humans.
- * Unsanitary conditions due to large quantities of bird feces.

If you have any questions or concerns about the repair project please call Ernie Griffith at 713.332.4761.

Sincerely,

Jo Ann Richardson

National Association Names Top Ten Business Women of the Year

The American Business Women's Association (ABWA) named Dr. Michelle L. Becker, Founder of Shots for Holly, one of the Top Ten Business Women of the Year. The Top Ten Business Women of ABWA is a national program that honors 10 outstanding members for achieving excellence in career, education and community involvement.

In 2014, Michelle established a 501(c)(3) non-profit organization, Shots for Holly, to honor her friend that died from flu-related complications at the age of 41. Her current roles are spreading awareness through appearances and presentations about the flu and the importance of flu shots, collecting corporate donations, heading up fundraisers, reading literature and research about the flu, and attending networking meetings and functions. She has dedicated her life to educate the public about the flu, to dispel the myths concerning flu shots, and to help those in need get the flu shot.

Michelle relocated to Houston TX in 2005 following her postgraduate fellowship at the National Institutes of Health. After the birth of her daughter, she began selling jewelry for a direct sales company and earned numerous trips and awards. Following Holly's death, Michelle sold the majority of her jewelry collection to fund the

non-profit. With the money, the organization was able to pay start-up fees and purchase a mascot vehicle. Because of her community involvement with Shots for Holly and active participation in numerous organizations, Michelle has earned much recognition. She was named a Federation of Houston Professional Women's "Woman of Excellence" in 2015, and she earned the ABWA "Inner Circle" Award, CYFEN's 2016 "Woman of the Year" Award, and the Cy-Fair Houston Chamber of Commerce "Ambassador of the Quarter" Awards in 2015 and 2016.

Association,” says René Street, ABWA Executive Director. “It was a privilege to recognize these outstanding women this year at the National Women’s Leadership Conference and to gain inspiration from their accomplishments.”

When asked how her membership in ABWA helped her, Michelle recalls, “I had no idea my six years of committee and board membership in CYFEN would prepare me for the biggest challenge of my life. Because of the skills I gained in CYFEN, money was raised and a Board was formed. Volunteers were gathered and a mascot was born. Three years and \$80,000 thus far, Shots for Holly is a viable 501(c)(3) organization lead by dedicated people. ABWA continues to provide support and learning tools necessary to welcome the challenges of setting goals, balancing work and life, teambuilding, and leadership. I am successful today because ABWA showed me the way.”

News You Can Use

BOO TO YOU FROM OUR CREW

By Cheryl Conley, TWRC Wildlife Center

It's hard to believe that Halloween is just around the corner. One of my favorite things to do is to carve pumpkins into Jack-o-lanterns. I've never given any thought to why we do that or how this custom started until I began writing this article.

There are many tales about the practice of carving pumpkins. One comes from Irish folklore. A man named Jack, who was a blacksmith, didn't want to go to hell for his many sins so he tricked the devil into guaranteeing that he wouldn't. When Jack died, little did he know that although he was spared from going to hell, he was also denied entrance into heaven. God did not want him. Legend has it that the devil gave Jack a burning coal which Jack put into a carved-out turnip to use as light while he roamed aimlessly somewhere between heaven and hell. Thus the name Jack-o-lantern was born.

Legends aside, we all love carving pumpkins but isn't it a shame that most of them end up in the trash when the holiday is over? Well, this year, don't trash them! Feed our wildlife. Please keep in mind that these suggestions only apply to pumpkins that haven't been painted or decorated which can be toxic to wildlife.

1. Make a bird feeder (see photo). Use wooden dowels and strong twine. It's a good idea to punch holes in the bottom of the pumpkin to let

water drain. You can also cover the holes you made to make the face so the seed doesn't spill out.

2. Save the pumpkin seeds for large birds and small mammals. Let the seeds dry out and then place them in a shallow bowl or flat tray. If the seeds aren't

being eaten, mix them with a small amount of black oil sunflower seeds.

3. You can place small pumpkins around your yard. For larger pumpkins, cut into smaller pieces. Be sure to place some of the pieces in secluded areas of your yard.

There is magic in the night when pumpkins glow by moonlight. HAPPY HALLOWEEN!

TWRC Wildlife Center admits over 5,000 injured and orphaned animals every year. We don't receive any City, State or Federal funding and we need your help. As you begin thinking about the holidays, please remember to include TWRC Wildlife Center in your gift-giving. Donate through our website at www.twrcwildlifecenter.org.

Athlete Training + Health Collaborates with Health Care Systems to Redefine Athlete Development

Athlete Training + Health (ATH), formerly known as CES Performance, has trained thousands of professional, collegiate, high school and youth athletes since 1997. Now, ATH is working with Memorial Hermann in Houston and Texas Health Resources in Dallas/Fort Worth, to offer in-house clinical care at ATH facilities.

ATH opened their first Texas facility at Houston Sports Park in 2012. In June 2016, ATH opened a second Houston-area facility in Spring, Texas. At 38,000 square feet, it is the largest facility of its kind in the state. As part of the new facility, Memorial Hermann, the largest not-for-profit health system in Southeast Texas, offers onsite clinical services with access to primary care physicians, and sports medicine and rehabilitation specialists.

In 2017, ATH plans to open additional facilities in Katy, Texas and Sugar Land, Texas – each of these facilities will include a Memorial Hermann Urgent Care and sports medicine office – and also in Arlington, Texas, collaborating with Texas Health Ben Hogan Sports Medicine. ATH expects to expand beyond the state of Texas with partnerships with health care systems in other markets.

Relationships between ATH and local health care systems create an environment for athletes and active adults to receive full-spectrum training and care. The company aligns with these health care organizations and leaders in sports medicine, performance research and nutrition to advance

human performance and provide athletes with the most effective training programs.

“Our facilities are a phenomenal place for the professional, collegiate, high school and youth athletes in Texas,” says Danny Cooper, COO of ATH. “Our collaborations with health care systems help athletes to receive proper care, instruction and development throughout their athletic career. With our new adult fitness offering, we can also impact the lives of active adults.”

Wayne Fraleigh, Vice President of Operations for Ambulatory Services at Memorial Hermann Health System, agrees. “By offering in-house clinical services, we are able to offer immediate, safe, high quality care for non-life-threatening health conditions, thereby bringing out the best in sports medicine and performance training for athletes of all ages.”

Not only does ATH affect the Texas athletic community, but also the athletic coaching community worldwide. ATH hires many international coaches, coming from countries such as England, Canada, Ireland and Trinidad and Tobago. ATH athletes are equally varied, coming from many sports backgrounds and regions. ATH clients have competed in the MLB All-Star Game, the World Series, the Super Bowl, the NFL Pro Bowl, the MLS Cup, the Olympic Games, the FIFA World Cup, all the major collegiate conferences and high school state championships.
