Northwest Flyers Youth Track Club Registers for 30th Anniversary Season

The Northwest Flyers Youth Track Club will celebrate its 30th Anniversary Season by hosting its annual free Registration/Orientation breakfast on Saturday, February 4th, 2017, for all boys and girls who are interested in joining for the 2017 track season. The breakfast starts promptly at 8:30 AM at the Cypress Creek Christian Community Center Forum located at 6823 Cypresswood Dr., Spring, TX, 77379.

The event is an opportunity for youth athletes to register for the 2017 spring/summer track season, and to meet the Northwest Flyers coaches, staff, and other new and returning athletes. The event will be highlighted by a special presentation from a member of the USA Track & Field Olympic organization (USATF). All athletes and parents who wish to join the Northwest Flyers must attend the orientation.

The Northwest Flyers Track Club is a youth (ages 6 -18) track club, affiliated with USA Track & Field (USATF), that provides a full program of sanctioned "track" events such as sprints, hurdles, middle distance, distance and relays, and sanctioned "field" events such as long jump, triple jump, high jump, pole vault, shot put,

discus and javelin.

For additional information on the Northwest Flyers Track Club, please visit the team website at <http://www.northwestflyers.org>; contact Linette Roach at linette.roach@sbcglobal.net; or "Like" the club on Facebook.

TEXAS A&M AGRI LIFE EXTENSION

IPM is short for Integrated Pest Management and is the blending of effective, economical and environmentally sound pest control methods into a single flexible approach to manage pests. When utilizing IPM, we hope that you can avoid or reduce pest problems.

Here are some things to reduce the number of pests in your home:

- Reduce food or water resources for insects:
- Encourage family to eat in one location. This makes it easier to clean since spills and crumbs are not spread around the house.
- Clean up any spilled food or drink as soon as possible.
- Sweep & vacuum regularly. This helps to remove food crumbs, pet hair and other things that insects may feed upon.
- Do not leave dirty dishes in the sink overnight. Even small bits of food can be a meal for insects.
- Do not leave pet food out overnight. Again, can be a free meal for insects.
- Remove old newspapers, magazines and books that are unused. Silverfish love to feed on these types of items.
- Repair plumbing leaks to get rid of water sources required by insects.
- Use a plastic bag to line garbage cans to make garbage easier to remove.
- Remove garbage on a weekly basis, possibly more during warmer times of the year.
- Reduce areas where insects may live:
- Clean drains with a stiff brush & then flush with boiling water. There are small flies that can grow in the slime layer of drain pipes. The stiff brush will loosen the slime and the boiling water will flush it away.
- Remove tree stumps and any dead branches in the yard to avoid carpenter or acrobat ant populations living in these areas.
- Remove debris (firewood, bricks, stones, etc.) away from the home. These areas can be inhabited by a variety of arthropods including spiders, scorpions and cockroaches.
- Clean closets on a quarterly basis to reduce the chance of spiders moving in.
- Reduce moving insects into the house:
- Inspect all items for pests before bringing them into the house. Insect pests can be brought into the home with such items as potted plants, boxes full of things inherited from a family member, on used clothing or furniture, among other things.
- Prune tree limbs that touch or overhang the home & prune back and shrubs that touch the home. When shrubs or trees touch or overhang the home, they can be used as bridges for insects to get onto the home and then move inside.

- Seal entry points on the outside of the home with sealant, expanding foam or copper mesh screening. Pipe penetrations, weep hole or cracks can allow insects, spider or other animals move into the home.

- Store food in sealed plastic or glass containers to keep pantry pests out.

- Keep screens, weather stripping and door threshold holds in good repair. Many insect pests are very small, so even a small tear in a screen or crack under a door can allow them to come inside.

- Use yellow bulbs in outside lights to reduce the number of insects coming near doorways.

Albion Hurricanes FC Soccer Spring Evaluations December 2016

Albion Hurricanes FC (AHFC), established in 1989, is leading the way in South Texas youth soccer by inspiring and developing young men and women through world class coaching and innovative techniques, as well as instilling the proper framework, self-esteem, confidence and sportsmanship within our athletes.

AHFC has multiple campuses in and around Houston. The club invites all interested players from the ages of 7 to 18, to the Player Evaluations and to become part of our success. We ask that all interested players pre-register before coming out to the fields. Please visit albionhurricanes.org for details about your particular campus.

AHFC offers JHSL (a recreational program for 5 - 10 year olds) at our Cy Fair and Central locations and offers additional training at Katy Friday Night Academy and New Territory Thursday Night Academy. Questions
