RANCH RECORD

News for the Residents of Blackhorse Ranch

WELCOME TO BLACKHORSE RANCH RECORD

*A Newsletter
for the Blackhorse
Ranch Community*

The Ranch Record is a monthly newsletter mailed to all Blackhorse Ranch residents. Each newsletter will be filled with valuable information about the community, local area activities, school information, and more.

If you are involved with a school group, play group, scouts, sports team, social group, etc., and would like to submit an article for the newsletter, you can do so online at www.PEELinc.com. Personal news (announcements, accolades/honors/celebrations, etc.) are also welcome as long as they are from area residents.

GO GREEN! Subscribe via Peelinc.com to have an email sent to you with a link to a PDF of the newsletter, or have an email sent to you instead of having a newsletter mailed to you!

I FOUND A BABY SQUIRREL. NOW WHAT?

By Cheryl Conley, TWRC Wildlife Center

If you find a baby squirrel, check for the following:

- Is it bleeding, have an open wound, or a broken bone?
- Is it covered in fly eggs [they look like grains of rice]?
- Is it cold, wet, or crying?

If the answer is YES to any of the above, the squirrel is likely injured. Bring it to us as soon as possible.

If NO, the next step is to determine its approximate age to see if you need to intervene.

Does the squirrel have a fluffed-out tail [like a bottle brush]?

Is the body longer than 6" [not including the tail]?

If the answer is YES to these questions, this is likely a juvenile squirrel. You do not need to intervene. Even at the young age of 10 to 12 weeks, the squirrel is already independent and on its own.

If NO, this is an infant squirrel. You will need to help reunite the baby with its mother.

Baby squirrels at this age must be kept warm. Heat a towel in the microwave or place uncooked rice or bird seed in a sock and warm in the microwave for 20-30 seconds. Wrap the sock in a soft towel and place it with the baby in an open container like a small box or plastic container.

Place the box IN A SAFE PLACE OFF THE

GROUND near where you found the baby or under the tree with the nest if you know which tree it is. You can also attach the container directly to the tree but **MAKE SURE IT IS SECURE.**

Keep children, dogs, and cats out of the area.

Observe the baby squirrel for the next six to eight hours of daylight. Reheat the towel or rice/birdseed bag every two hours. Has the mother returned to retrieve her baby?

If YES ... congratulations!

If NO, bring the box with the baby inside. Continue to keep it warm until you can bring it to us.

REMEMBER: DO NOT ATTEMPT TO FEED THE SQUIRREL OR GIVE IT WATER!

(Continued on Page 2)

Attention Parents of Graduating Seniors!

We would like to recognize our graduating seniors by including a small picture and a few lines about where your child will be attending college. Please send your information to articles@peelinc.com (include the newsletter you would like to recognize them in, photo, name, etc).

TWRC Wildlife Center is your resource for wildlife-related questions. They also serve as an emergency wildlife care facility should you find animals in need of help. If you have any questions, please call 713-468-TWRC. You can also find useful information at www.twrcwildlifecenter.org.

Introducing "Get To Know Your Neighbors"

We are all very fortunate to call Blackhorse Ranch home. But, Blackhorse Ranch is more than just a place to live; it is a vibrant community brimming with family-friendly neighborhoods, chock-full of fascinating, talented people. Our variety is what makes us so both unique and extraordinary. However, sometimes, we get so busy, we lose sight of how interesting and diverse we've become. We believe that getting to know the people who live nearby will help us create a sense of belonging and shared identity. We have created a column entitled, "Get to Know Your Neighbors" which we hope will strengthen connections, build trust in our wider community, and contribute to a happier neighborhood for everyone.

If you know of a person or a family that you believe is making Blackhorse Ranch a better place to live, please let us know. We would like to introduce them to your neighbors.

Girl from Sweden needs Host Family

Hi neighbors! As many of you know, I am a Local Coordinator for STS Foundation, a non-profit exchange student placement organization. I believe the exchange of cultures among high school students is so important. I am looking for host families for the 2017-18 school year.

Meet Emilie from Sweden....

I'm a kind and happy person who always tries to see things from the positive side. I'm a helpful person with a good ability to work with others. My friends has described me as a social person and I have to agree with them. I really like to talk and meeting new persons. In general, I've always been very motivated and responsible over my school work. When getting an assignment I always want to perform as good as I can. I love to challenge myself and to try new things, that way I always develop as a person. This is one of my many reasons going on an exchange year. To do something totally out of my comfort zone and to try new things is something I'm so excited for.

My hobbies include hanging out with friends and family,

listening to music, dancing, working out, watch series, reading and baking. I love hanging out with my family and friends and do that every opportunity that I get. I start and end everyday by listening to music. Music is something that helps me to express how I'm feeling, while at the same time gives me energy. I also have a big interest for dance, especially tap dance which is the only thing that I dance right now. I love to move and jump around even though I may not be the best dancer in the world. I also read on a daily basis. My favorite kinds of books are teen fiction and fantasy novels. I also watch a lot of series- all different kinds of them. It's something that I love to do and makes me feel relaxed. As said, I also love to bake. When I was younger a used to bake every day after school but now I only bake to special events, like family gatherings.

Emilie and others like her are looking for a host family for the year. If you are interested in hosting her or any other student, please give me a call at 832.455.7881 or email me at vicki.stsfoundation@gmail.com. I can answer any questions you might have. Remember on year of hosting leaves a lifetime of memories!

Finding Yourself

Wife. Daughter. Sister. Teacher. Friend. These are some of the roles I play in life. They have become what define me. I have discovered the closer I adhere to each role, I lose a bit more of my identity; the “je ne sais quoi” that makes me unique. The mundane sameness of each day has trapped me into playing the roles I wear and forgetting who I really am. Most days I find myself on autopilot just trying to make it to the end of the day.

All too often, the roles we claim begin to take ownership of who we are as a person and we lose our sense of unique individuality. Don't you remember that feeling of knowing exactly who you were? I remember feeling strong, confident and comfortable in my skin. Now I just feel tired most of the time.

It's time for a change. It's time to take a step back to gain some clarity and fresh perspective. I need to know who I am now and what I want for my life. I don't know what that may be, but I am pretty excited to find out. I hope you will join me on this journey. It might be a little scary, but Finding Yourself might just be the best thing you ever do.

If you find these things to be true in your own life, and would like to make a change, please visit our website at www.fivehorses.com to learn more about our new women's retreat, Finding Yourself, coming this June

Good Shepherd United Methodist Church

Good Shepherd United Methodist Church will again host one of the largest Vacation Bible Schools in the area, June 19-23, 9 am-noon. The VBS theme this year is Maker Fun Factory - Created by God, Built for a Purpose. Children ages 3 through incoming 6th graders are welcome to participate. VBS activities will include rallies in the Worship Center with interactive songs, creative Bible lessons, fun crafts and projects, yummy snacks, and more! Registration fee is \$20, and includes a t-shirt. Register by going to the Good Shepherd Church website, www.goodchurch.us, and clicking on the Vacation Bible School words at the top of the home page.

House Flies

TEXAS A&M
AGRI LIFE
EXTENSION

Moving into summer, we should prepare for the inevitable....house flies. While many see house flies as a nuisance, they are capable of spreading diseases such as dysentery or food poisoning. Due to the locations house flies frequent- garbage, manure, and carrion- they can pick up bacteria and other disease organisms which can transfer to other areas where they may land such as dishes, food, or countertops. House flies regurgitate onto food to liquefy it before eating and they can further contaminate items by defecating upon surfaces.

The common house fly has two wings and is dull gray with black stripes on the thorax (the section where the wings are attached). Adult flies can only eat liquid foods and have sponging mouthparts specialized to help them feed.

Eggs are usually laid on decaying matter such as animal fecal material, grass clippings, or garbage. Around 100-150 eggs are laid by the female. Depending upon temperature (warmer temperatures speed things up); eggs may hatch within 8 hours to 2 days.

Maggots, the immature stage of a fly, are small, white, carrot-shaped, and

legless. There are 3 larval molts then mature larvae seek a dry location for pupation. Pupae are reddish brown and somewhat oval in shape.

During the summer, house flies may live up to 2.5 weeks while during cooler times of the year they may live up to 3 months.

The key to fly management is sanitation, or cleaning. Eliminate breeding sites by picking up animal waste one to two times per week; empty garbage cans regularly; clean garbage cans at least once a month with soapy water. Keep garbage cans located away from doors that lead into the home and make sure they have tight fitting lids.

Other items that can help reduce fly problems include keeping window screens in good repair; making sure doors and windows have a tight seal and weather stripping is in good condition; and using fly swatters or sticky fly paper to get rid of adult flies.

For more information or help with identification, contact Wizzie Brown, Texas AgriLife Extension Service Program Specialist at 512.854.9600. Check out my blog at www.urban-ipm.blogspot.com

4th Annual Holly on the Range: Flu Shot Fundraiser

Fundraiser Details

Sunday, June 4, 2017

6:00-9:00pm

TopGolf Houston-Katy, 1030 Memorial Brook Blvd.

Houston, TX 77084

Cost \$100 per golfer

We are gearing up for our 4th Annual Holly on the Range fundraiser to be held Sunday, June 4, 2017. Money is raised to fund ongoing programs aimed at educating the public about the flu, and providing flu vaccines for people in our community. Each year, approximately 50,000 people die of flu-related complications. Deaths among young people 29-45 are on the rise. With the help of our supporters, over the past three years, we have raised over \$70,000, facilitated over 700 flu shots, traveled over 4000 miles in our bus, and made over 50 appearances at medical facilities and health expos to raise flu awareness. To fulfill our mission, we need the money raised to provide flu shots for people in need, cover printing costs concerning flu information, maintain and house our mascot vehicle, and pay exhibitor fees to raise awareness.

The 4th Annual Holly on the Range will be held at TopGolf Houston-Katy from 6:00-9:00pm. TopGolf Houston-Katy is located at 1030 Memorial Brook Blvd., Houston, TX 77084.

About Shots for Holly

Cy-Fair residents Dr. Michelle Becker and a team of dedicated volunteers started Shots for Holly on January 31, 2014, following the death of a friend. 41-year-old Holly Munsinger succumbed to the flu virus. Once believed to be a virus that affects mostly children and the elderly, the recent flu outbreaks affect all ages. Still, less than 50% of the population is vaccinated against the flu virus. Thus, the Shots for Holly team built a multi-purpose platform to raise awareness concerning the dangers of the flu virus, the importance of getting an annual flu vaccine, and provide flu shots to people in need. The Corporation's mission shall be to educate the general public on the benefits of receiving an annual flu vaccine, dispel the myths inhibiting the receipt of an annual flu vaccine, facilitate the receipt of annual flu vaccinations through charitable means, and provide charitable relief to the families, especially minor children, of persons who have passed away from flu related illnesses. Shots for Holly is a 501(c)(3) charity organization. For more information, go to www.shotsforholly.org.
