## INTRODUCING

### "Get To Know Your Neighbors"

We are all very fortunate to call Lakes of Rosehill home. But, Lakes of Rosehill is more than just a place to live; it is a vibrant community brimming with family-friendly neighborhoods, chock-full of fascinating, talented people. Our variety is what makes us so both unique and extraordinary. However, sometimes, we get so busy, we lose sight of how interesting and diverse we've become. We believe that getting to know the people who live nearby will help us create a sense of belonging and shared identity. We have created a column entitled, "Get to Know Your Neighbors" which we hope will strengthen connections, build trust in our wider community, and contribute to a happier neighborhood for everyone.

If you know of a person or a family that you believe is making Lakes of Rosehill a better place to live, please let us know. We would like to introduce them to your neighbors.

## Girl from Sweden needs Host Family

Hi neighbors! As many of you know, I am a Local Coordinator for STS Foundation, a non-profit exchange student placement organization. I believe the exchange of cultures among high school students is so important. I am looking for host families for the 2017-18 school year.

Meet Emilie from Sweden....

I'm a kind and happy person who always tries to see things from the positive side. I'm a helpful person with a good ability to work with others. My friends has described me as a social person and I have to agree with them. I really like to talk and meeting new persons. In general, I've always been very motivated and responsible over my school work. When getting an assignment I always want to perform as good as I can. I love to challenge myself and to try new things, that way I always develop as a person. This is one of my many reasons going on an exchange year. To do something totally out of my comfort zone and to try new things is something I'm so excited for.

My hobbies include hanging out with friends and family,

listening to music, dancing, working out, watch series, reading and baking. I love hanging out with my family and friends and do that every opportunity that I get. I start and end everyday by listening to music. Music is something that helps me to express how I'm feeling, while at the same time gives me energy. I also have a big interest for dance, especially tap dance which is the only thing that I dance right now. I love to move and jump around even though I may not be the best dancer in the world. I also read on a daily basis. My favorite kinds of books are teen fiction and fantasy novels. I also watch a lot of series- all different kinds of them. It's something that I love to do and makes me feel relaxed. As said, I also love to bake. When I was younger a used to bake every day after school but now I only bake to special events, like family gatherings.

Emilie and others like her are looking for a host family for the year. If you are interested in hosting her or any other student, please give me a call at 832.455.7881 or email me at vicki.stsfoundation@gmail.com. I can answer any questions you might have. Remember on year of hosting leaves a lifetime of memories!

## FINDING YOURSELF

Wife. Daughter. Sister. Teacher. Friend. These are some of the roles I play in life. They have become what define me. I have discovered the closer I adhere to each role, I lose a bit more of my identity; the “je ne sais quoi” that makes me unique. The mundane sameness of each day has trapped me into playing the roles I wear and forgetting who I really am. Most days I find myself on autopilot just trying to make it to the end of the day.

All too often, the roles we claim begin to take ownership of who we are as a person and we lose our sense of unique individuality. Don't you remember that feeling of knowing exactly who you were? I remember feeling strong, confident and comfortable in my skin. Now I just feel tired most of the time.

It's time for a change. It's time to take a step back to gain some clarity and fresh perspective. I need to know who I am now and what I want for my life. I don't know what that may be, but I am pretty excited to find out. I hope you will join me on this journey. It might be a little scary, but Finding Yourself might just be the best thing you ever do.

**\*\*If you find these things to be true in your own life, and would like to make a change, please visit our website at [www.fivehorses.com](http://www.fivehorses.com) to learn more about our new women's retreat, Finding Yourself, coming this June\***

## HOUSE FLIES

TEXAS A&M  
AGRI LIFE  
EXTENSION

Moving into summer, we should prepare for the inevitable.... house flies. While many see house flies as a nuisance, they are capable of spreading diseases such as dysentery or food poisoning. Due to the locations house flies frequent- garbage, manure, and

carrion- they can pick up bacteria and other disease organisms which can transfer to other areas where they may land such as dishes, food, or countertops. House flies regurgitate onto food to liquefy it before eating and they can further contaminate items by defecating upon surfaces.

The common house fly has two wings and is dull gray with black stripes on the thorax (the section where the wings are attached). Adult flies can only eat liquid foods and have sponging mouthparts specialized to help them feed.

Eggs are usually laid on decaying matter such as animal fecal material, grass clippings, or garbage. Around 100-150 eggs are laid by the female. Depending upon temperature (warmer temperatures speed things up); eggs may hatch within 8 hours to 2 days.

Maggots, the immature stage of a fly, are small, white, carrot-shaped, and legless. There are 3 larval molts then mature larvae seek a dry location for pupation. Pupae are reddish brown and somewhat oval in shape.

During the summer, house flies may live up to 2.5 weeks while during cooler times of the year they may live up to 3 months.

The key to fly management is sanitation, or cleaning. Eliminate breeding sites by picking up animal waste one to two times per week; empty garbage cans regularly; clean garbage cans at least once a month with soapy water. Keep garbage cans located away from doors that lead into the home and make sure they have tight fitting lids.

Other items that can help reduce fly problems include keeping window screens in good repair; making sure doors and windows have a tight seal and weather stripping is in good condition; and using fly swatters or sticky fly paper to get rid of adult flies.

## The Houston Choral Society Announces 2017 Summer Vocal Performance Camp July 10-14

The Houston Choral Society (HCS) announces its 2017 Summer Vocal Performance Camp – Voyages of the Voice Finders. This one week camp is for students entering grades 3-5 and grades 6-8. The camp runs July 10-14, 2017, at The Foundry United Methodist Church in northwest Houston.

For students entering grades 3-5 the camp runs from 9 AM to noon and for students entering grades 6-8 the camp runs from 1-4 PM. Students will learn how music enriches their brain, body and mind through singing classical, folk, and popular music. Songs that will be taught in these camps include "How Far I'll Go," and "You're Welcome" from Disney's Moana, "Ghostship," "Captains Mate," "The Water is Wide," and "Count on Me" by Bruno Mars.

Finding your voice, learning how to improve breath and tone quality, musicianship, singing on sight, and music games will be taught one-on-one and in ensembles. Workshops are led by professional, certified music teachers and singers from The Houston Choral Society.

Marguerite Lapetina, the camp director, has helped kids learn to sing for 35 years in public schools. She is a Music Education graduate from Sam Houston State with a Vocal Performance minor and has extensive directing experience. She is assisted by Shanan Colvin, Alyssa Orlando and Katie Vargo. Colvin has degree in Choral Music Studies

from the University of Texas at Austin and teaches music at Prelude Music Classes for Children. Orlando has a degree in Vocal Performance from HBU and has performed opera and choral works abroad. Vargo has a degree in Music Education from Ashland University and teaches music at Blackshear Elementary in Klein ISD.

The HCS Summer Vocal Performance Camp provides an exceptional education to all of our students with an excellent student/teacher ratio. Camps are filling up fast so we encourage parents to sign up for camps now.

Camp tuition for 15 hours of instruction is only \$175. The average performing arts camp in Houston costs in excess of \$14.00 per hour. HCS offers these camps with four degreed instructors for less than \$12.00 per hour.

Each family will receive 2 free tickets for the end of class performance. Additional tickets can be purchased for only \$5 per person. The camps include two complimentary tickets to the show, a camp t-shirt, music, and other needed materials.

The camps will be held at The Foundry United Methodist Church. It is located in northwest Houston at 8350 Jones Road, Houston, TX 77065 with easy access from Highway 290. For more info and to register for summer camps, check The Houston Choral Society website at [www.houstonchoral.org](http://www.houstonchoral.org) or call 832-478-6986.
