HOA Dues Mailed in July

The second half of your annual dues assessment will be mailed the first week of July; they will be due August 1st! You can now pay your dues online through the association's official website, www.circlecranch.info; make your payment through Bill Pay through your financial institution or mail your payment to P.O. BOX 163541, Austin TX, 78716. Please do NOT postdate your check or staple your invoice to your check but do include it in the envelope. Payments will NOT be accepted at the Circle C HOA Office. Please call our Financial Office at 512-451-9901 if you have any questions or do not receive a statement by mid-July. Thank you for your cooperation!

Parking at the Swim Center & Mail Center

Our neighborhood pools have a very limited amount of parking spots as many of you may know. We greatly encourage our already very active neighborhood to take advantage of the sunny days and walk or bike to the pool to avoid the everlasting wait for a parking spot. The spaces in front and surrounding the Child Development Center building are designated for the CDC during hours of operation. Outside of the CDC's operating hours residents are welcome to park in these spaces. There are also spaces in front of the mailboxes at the Swim Center designated for mail pick up only. Please refrain from parking in the 4 designated mail center parking

spaces for any use other than mail pick-up. This mail center is the largest of all the mail centers in Circle C and services over 900 residents so please keep your neighbors in mind.

Firework Reminder

The City of Austin does not allow individuals without a permit to use fireworks within the City limits. Those found in violation could be fined up to \$568.00. If your fireworks cause bodily harm or property damage, you can be charged with assault and/or arson, both felony crimes. Aside from the legal aspect, please be respectful of your neighbors. Fireworks are disruptive to the lives of and can be outright terrifying to young children, babies, some war veterans, and pets. Please enjoy the professional displays on the 4th of July and keep Circle C quiet and safe during this holiday!

Lending Libraries

Check out the new lending libraries! Bring a book, borrow a book! A special thanks to Betsy Shaver, Karen Collier and Rana Ansari for getting this project off the ground. These libraries are stationed at the Swim Center Pool Plaza (5919 La Crosse Avenue), at the Community Center building (7817 La Crosse Avenue) and at the Avaña Pool (6610 Trissino).

DIVE-IN MOVIE

Aloha! Join us at the Swim Center on Saturday July 22nd at dusk to watch Lilo and Stitch! The recreational area in the pool will be open for families to swim while watching the movie; the lap lanes and baby pool will not be open. Guests subject to guest policies and fees. Please no glass or alcohol. Coolers will be checked upon entry.

The next Dive in Movie will feature Finding Dory on Saturday August 12th.

Arms-Reach Reminder

The summer isn't over yet! Even though your little frogs have taken swim lessons and had a confidence boost with their water skills, it is still important to keep them within arms-reach! All weak and non-swimmers, including those in a lifejacket and at the wade pool need to be within an arms-reach of an adult at all times.

What's Blooming at the Wildflower Center?

*Submitted by Amy McCullough, Lady Bird Johnson Wildflower Center
Photography by Joseph A. Marcus (common sunflower) and Wildflower Center (rock rose)*

Here's what's likely to be blooming, fruiting or setting seed in Central Texas this time of year. Look for these native plants around town, at the Wildflower Center and perhaps in your own backyard!

**COMMON SUNFLOWER
(HELIANTHUS ANNUUS)**

If George Harrison had been in Texas in July, perhaps he would have written "Here Come the Sunflowers" instead. Much like rays of figurative light after hard times, these actual ray flowers in cheerful yellow inspire an optimistic outlook. While the leaves and buds of *Helianthus annuus* do exhibit some phototropism (or light-trending behavior), the flower heads don't follow the sun each day (a common myth). They do bring joyous color to dry landscapes throughout summer and provide tasty seeds to both humans and birds — plenty to sing about! It's all right, indeed.

ROCK ROSE (PAVONIA LASIOPETALA)

Butterflies, moths, hummingbirds and humans alike are drawn to the velvety leaves and stunning pink petals of rock rose. But this member of the mallow family doesn't just offer eye candy; it serves up actual sweets in the form of valuable nectar to all types of flying fauna. The highly drought-tolerant *Pavonia lasiopetala* is also a superstar in gardens: An easy-to-grow perennial, it adds striking color to what can otherwise be challenging landscapes. You rock, rose.

Find these plants at the Wildflower Center and learn more about them at: wildflower.org/plants-main

BE LIKE LADY BIRD

On July 23, the Center honors its founder, Lady Bird Johnson, and recognizes the environmental legacy and legislation that she inspired. With her influence, President Johnson's administration enacted more than 200 environmental laws with lasting national and local impact, including the Highway Beautification Act. Enjoy exhibits, children's activities and more on this day of FREE ADMISSION. Need a break from the heat? Cool off and learn all about Mrs. Johnson in our brand new Legacy Theater, featuring a mini museum and an inspiring short film on our Environmental First Lady. Visit wildflower.org/event/lady-bird-day for information.

TICK CONTROL IN THE YARD

This article covers what to do about ticks in your yard. I didn't want to make it too long, so I decided to just link to sources giving information on how to treat pets or yourself/family.

Ticks are arachnids with two body regions, eight legs (except the first stage out of the egg has only six legs and is called a seed tick), and no antennae. Ticks come in a variety of sizes depending upon if they are nymphs or adult, male or female, engorged or not. Ticks require a blood meal before molting to the next stage of their development as well as adult females requiring a blood meal before laying eggs.

Since ticks can feed on multiple hosts during their lifetime, including humans and other animals, they are capable of transmitting disease organisms through their bite. For more information on diseases transmitted by ticks see this link:

<https://www.cdc.gov/ticks/diseases/index.html>

Ticks wait hosts by climbing up vertical surfaces such as vegetation, fences or shrubbery. When a host brushes past, ticks grab on and locate a suitable spot for feeding. To reduce ticks in your yard you can try some or all of the following:

- Keep grass mowed
- Clear brush, weeds, or overgrown areas
- Discourage wildlife
- Remove debris from the yard
- Treat yard with insecticide making sure to go up surfaces as ticks will climb upwards to grab onto a passing host
- Treat pets

For information on how to deal with ticks on your pet(s) see this source: https://www.cdc.gov/ticks/avoid/on_pets.html

For how to avoid getting, properly inspecting for, or removing ticks from yourself or family members see this source:

https://www.cdc.gov/ticks/avoid/on_people.html

For more information or help with identification, contact Wizzie Brown, Texas AgriLife Extension Service Program Specialist at 512.854.9600. Check out my blog at www.urban-ipm.blogspot.com

CARRYING HOPE

for foster children

KIDS HELPING KIDS ♥ HOPE PACK DRIVE

SATURDAY
JULY 22ND
9AM - 12PM

The Browning Hangar at Mueller
4550 Mueller Blvd., Austin, 78723

HAVE A BIG HEART AND A LITTLE EXTRA TIME AND MONEY?
YOU CAN MAKE A HUGE DIFFERENCE IN A CHILD'S MOMENT OF CRISIS!

WHY:

More than 17,000 children are removed from their homes by CPS in the state of Texas every year. When children are placed in a foster home, they frequently arrive with nothing more than the clothes they are wearing. If they have been allowed to bring any personal belongings, they have been hastily stuffed into a trash bag. Carrying Hope, a 501(c)(3) nonprofit, thinks these kids deserve better.

HOW IT WORKS:

Go to carryinghope.com, click "Make a Hope Pack," select the age and gender of a child you would like to help and go shopping to create a Hope Pack — a backpack stuffed with new items geared to help meet the needs of a foster child during their first 48 hours in a new home. Hope Packs contain everything from essentials (diapers and pajamas) to comfort items (stuffed animals and story books) designed to provide immediate comfort for an overwhelmed, frightened child while allowing foster parents to spend those first crucial hours bonding rather than rushing to the store. Each Hope Pack always belongs to the child, even if he or she is later placed in another home.

WHO CAN HELP:

Everyone — especially kids! Carrying Hope welcomes and encourages kids to be part of the entire volunteer process. After all, no one is a better expert at picking out things for kids than other kids!

ADDITIONAL INFO:

Drop off your completed Hope Pack and stick around as long as you can for some family-friendly fun and to learn about additional ways to help foster children in the area.
