Tips and Tricks to Help Sell Your Home this Summer!

Depersonalize: Prepare yourself for the big move by taking down family portraits and personalized decor, this helps buyers better picture themselves in the home and it also gets you a head start on packing!

Declutter: Remove all non-decor items from counters, shelves and furniture. This helps the homeowner focus on the important stuff, the house!

Create a move-in ready appearance: After removing personal pictures and items be sure to remove all nails and screws that are left behind. To finish, spackel the holes they've created and touch up the paint. This will give the home a great put-together look!

Deep cleaning: Hiring a team to help you deep clean the home will get it 'market ready'. This will be the finishing touch to help the house be at it's absolute best when it's shown and it will also help you get top dollar for your biggest investment!
