NOVEMBER A Time of Thanksgiving

November is a month to be thankful for many things. We honor our Vets on November 11th for their service in protecting and defending our country. If you see a Veteran, a simple thank you can make them smile! Please remember our Veterans, past, present, those that are with us and those that are not on this special day. As a mother of an Iraq war Veteran, thank you to all who served!

Our National holiday of Thanksgiving begins with the word thanks, as we are thankful for our family, friends and as originally conceived for the blessing of the harvest. Use this day to get closer to family, reach out to those that may have nowhere to go on this day and invite them to Thanksgiving dinner. Please find it in your heart for kindness to all. Happy Thanksgiving from our family to yours.

For those that are looking to move before Christmas, or be in a home before year end or the spring semester of school begins, please give us a call. Homes can sell up to the middle of December before the market really slows down through the Christmas Season. This is also a good time to meet and put a plan of action in place for listing your home after the first of the year. We can get everything prepared to go in January putting your home on the market as Buyers return from the holiday season. Whichever avenue you prefer, please entrust me with selling your home, as so many Eagle Springs homeowners have done over the years. I am at your service whether you are purchasing a home, selling a home, or both.

Real estate markets fluctuate sometimes by month. If you want to know the range your home may sell at this point in time, please call me for a free Comparative Market Analysis that can give you an idea of your home value.

As always if you see me driving through Eagle Springs, putting a sign in the yard for sale, removing a sign from a home that has been sold, or just chatting with a neighbor, please stop and say hello. I love to meet Eagle Springs residents, old and new!

Lastly, I want to say a big THANK YOU to Eagle Springs for the continued loyalty in my real estate business. I wish everyone a safe and enjoyable holiday season.

Happy Thanksgiving from Snipp Realty Group

DEAR EAGLE SPRINGS

There has been a rise in use of outdoor string lights as an alternate source of lighting in peoples' backyards. Each Exterior Modification Request has been reviewed on a case-by-case basis. However, we thought it would be helpful for the residents to know some guiding questions that influence the decision of whether outdoor string lights will be approved.

• Installation

- o Do the lights look like they were installed intentionally?
- o Are there visible wires during the daytime that create an eyesore for your neighbors?
- o Are they wired to a switch or timer so that they do not remain on at odd hours?

• Location

- o Are they in the backyard?
- o Are they located so close to your neighbors that they could potentially cause a nuisance?
- o Are they attached so high that they are visible several houses away?

• Type

- o Are they colored lights?
- o Do they look like a holiday decoration?
- o Are they obtrusively bright?

We hope this helps you understand the factors that influence the decision. If your exterior modification requests were previously denied, and you believe it meets this guidance, we encourage you to resubmit it.

Thank you, ESCA Board of Directors

FOOD TRUCK

friday fun

How lucky are we, as a community, to have local resident business owners who sponsor such great events?

On September 15th, neighbors gathered to reconnect after Harvey by listening to some tunes spun by TMAC Sound and watch their kids go crazy on some inflatables. What a great way to see those friends who were so busy helping others after Hurricane Harvey.

Then again on October 6th, neighbors came out to donate to those affected by Harvey through HAAM. Hanging out and listening to some amazing music by Desert Roads Band while dining on several food trucks' best offerings.

Neither of these events would be possible without the support of Scott's Carpet Care and the Homelove Real Estate Group, Keller Williams NorthEast, and Homelove Renovations. We are so thankful for your sponsorship of our Food Truck Friday events!

Tips & Tricks to get your home ready for the Winter!

- Clean out gutters and downspouts.
- Check windows and doors for drafts and properly seal as needed.
- Inspect the roof and ensure that no trees or branches are hanging over your home.
- Clean out dryer vent.
- Get furnace serviced.
- Prune plants and fertilize lawn.
- Clean out fireplace and chimney.

Raising a Socially Responsible Child

Premier preschool focuses on raising compassionate, caring children

All parents want their children to develop traits such as compassion, generosity and kindness, but just like math and reading skills, the traits associated with being a socially responsible person must be nurtured and developed over time. The earlier these softer skills are fostered in young children, the more likely they are to be successful in school and life.

Social and emotional development begins at birth, and the brain develops more rapidly during the first five years of life than at any other time. Cultivating character traits that lead to social responsibility such as caring, honesty and cooperation during this time is just as important as building the foundation for traditional academic skills. That's why character development is an integral part of our exclusive Balanced Learning® curriculum at Primrose Schools®.

"It's our goal to help children build the foundation they need to grow into happy, successful individuals," said Paula Morgan, Franchise Owner of Primrose School of Eagle Springs. "Nurturing good character is an important part of that mission. Character lessons are woven through our program and daily classroom experiences to help children learn about social responsibility and apply specific character traits to authentic situations."

Character development has been a part of Primrose's approach to learning since the company's inception more than 30 years ago. Today, children learn about character every day through books, discussions, art projects, puppet play, games and role playing.

For example, the Primrose Friends puppets help teach children traits like responsibility, honesty, caring and cooperation. Og® the Bookworm represents caring and reminds children through class discussions, literature and role playing to be kind to others, show appreciation, and help others when they can. Teachers also read books to children that convey important life lessons through relatable characters and story lines. Children are encouraged to think of real examples and make connections to their own lives.

In addition to classroom activities, Primrose® provides hands-on learning experiences to help children develop character traits like caring and generosity. Activities include collecting books for children in need, doing chores at home to raise money to purchase canned goods for local food banks, and collecting items for local animal shelters. This kind of experiential learning helps children learn first-hand the joy of giving back and helping others.
