November 2017

News and Notes from the Board September 2017 ANNUAL MEETING

Minutes of the 2016 Annual Meeting were approved.

Damon Scott and Ryan Blair were reelected to the Board of Directors.

Questions from the floor requested information regarding the Connie Lane project and current road repairs. Updates were given by the board members.

A POA member thanked the person following up on the Consolidated Communications fiber optics project. Work has begun on laying the new cable beginning in the back of the neighborhood.

The Board presented three potential projects to the homeowners: updates and relocation of the park, a club house and running and bike trails. The Board said that these enhancements would add value to the neighborhood, as well as, enjoyment to the families living here. It was emphasized that these projects will be scoped out and again presented to the community before any work is begun.

THE HISTORY OF THANKSGIVING AND ITS CELEBRATIONS

Throughout history mankind has celebrated the bountiful harvest with thanksgiving ceremonies. Before the establishment of formal religions, many ancient farmers believed that their crops contained spirits which caused the crops to grow and die. Many believed that these spirits would be released when the crops were harvested and they had to be destroyed or they would take revenge on the farmers who harvested them. Some of the harvest festivals celebrated the defeat of these spirits. Harvest festivals and thanksgiving celebrations were held by the ancient Greeks, the Romans, the Chinese, and the Egyptians, to name a few.

The Greeks

The ancient Greeks worshipped many gods and goddesses. Their goddess of corn (actually all grains) was Demeter who was honored at the festival of Thesmosphoria held each autumn. On the first day of the festival, married women (possibility connecting childbearing and the raising of crops) would build leafy shelters and furnish them with couches made with plants. On the second day they fasted. On the third day a feast was held and offerings to the goddess Demeter were made - gifts of seed corn, cakes, fruit, and pigs. It was hoped that Demeter's gratitude would grant them a good harvest.

The Romans

The Romans also celebrated a harvest festival called Cerelia, which honored Ceres their goddess of corn (from which the word cereal comes). The festival was held each year on October 4th and offerings of the first fruits of the harvest and pigs were offered to Ceres. Their celebration included music, parades, games and sports and a thanksgiving feast.

The Chinese

The ancient Chinese celebrated their harvest festival, Chung Ch'ui, with the full moon that fell on the 15th day of the 8th month. This day was considered the birthday of the moon and special "moon cakes", round and yellow like the moon, would be baked. Each cake was stamped with the picture of a rabbit - as it was a rabbit, not a man, which the Chinese saw on the face of the moon. The families ate a thanksgiving meal and feasted on roasted pig, harvested fruits and the "moon cakes". It was believed that during the 3-day festival, flowers would fall from the moon and those who saw them would be rewarded with good fortune. According to legend, Chung Ch'ui also gave thanks for another special occasion. China had been conquered by enemy armies who took control of the Chinese homes and food. The Chinese found themselves homeless and with

(Continued from Page 4)

no food. Many starved. In order to free themselves, they decided to attack the invaders. The women baked special moon cakes which were distributed to every family. In each cake was a secret message which contained the time for the attack. When the time came, the invaders were surprised and easily defeated. Every year moon cakes are eaten in memory of this victory.

The Egyptians

The ancient Egyptians celebrated their harvest festival in honor of Min, their god of vegetation and fertility. The festival was held in the springtime, the Egyptian's harvest season. The festival of Min featured a parade in which the Pharaoh took part. After the parade a great feast was held. Music, dancing, and sports were also part of the celebration. When the Egyptian farmers harvested their corn, they wept and pretended to be grief stricken. This was to deceive the spirit which they believed lived in the corn. They feared the spirit would become angry when the farmers cut down the corn where it lived.

The United States

In 1621, after a hard and devastating first year in the New World, the Pilgrim's fall harvest was very successful and plentiful. There was corn, fruits, vegetables, along with fish which was packed in salt, and meat that was smoke cured over fires.

They found they had enough food to put away for the winter. The Pilgrims had beaten the odds. They built homes in the wilderness, they raised enough crops to keep them alive during the long coming winter, and they were at peace with their Indian neighbors. Their Governor, William Bradford, proclaimed a day of thanksgiving that was to be shared by all the colonists and the neighboring Native American Indians. The custom of an annually celebrated thanksgiving, held after the harvest, continued through the years. During the American Revolution (late 1770's) a day of national thanksgiving was suggested by the Continental Congress. In 1817, New York State adopted Thanksgiving Day as an annual custom. By the middle of the 19th century many other states also celebrated a Thanksgiving Day. In 1863, President Abraham Lincoln appointed a national day of thanksgiving. Since then each president has issued a Thanksgiving Day proclamation, usually designating the fourth Thursday of each November as the holiday.

THANK YOU all who came out to our First Annual National Night Out. Over 70 neighbors came out and got to know one another, despite the rain. It was a wonderful event. Our community was able to donate 15 teddy bears to Montgomery County Sheriff Office. We got to know Montgomery County Constable, Montgomery County Hospital District EMS, and Lake Conroe Fire Department. The kids faces lit up while checking out police cars, fire trucks, and the ambulance.

Big thanks to Zazza Pizza Cafe in Conroe for donating pizzas, gift certificates, and kids meal coupons. If you would like a kids meal coupon contact Christi at 281-455-1978

CROSSWORD PU77I

HARVEY

By Cheryl Conley, TWRC Wildlife Center

Just as Hurricane Harvey displaced thousands of people. Harvey also displaced thousands of wild animals. Compassionate residents have brought birds, snakes, squirrels and even an alligator to TWRC Wildlife Center for care.

Although there is no way of knowing the actual number of animals affected, the numbers are, no doubt, very high. It is human nature to want to help these animals but in some cases, it is better to leave them alone.

• DEER – Many deer were forced to move to higher ground. People are seeing deer in their yards, in the streets and other areas with dry land. It is for your own safety that you do not try to catch these animals. Make sure that gates are open so they have a way to exit your yard. Sadly, there's nothing else you can do.

• ALLIGATORS AND SNAKES – It seems silly that we would have to warn people to stay away from them but sometimes curiosity gets the best of people. Keep your distance. If you need help identifying a snake to find out if it's venomous, call us and we can help. We can also refer you to a professional who can assist with the removal of snakes. For help with alligators, we recommend you call your Game Warden. To find the Game Warden for your area, go to the Texas Parks and Wildlife website.

It is baby squirrel season right now and in the case of these animals, your intervention may be needed. If you find a baby, you will first need to try to reunite the baby with its mother. You can do this by placing the baby in a small container near the area where you found it. Make sure the container is safe from dogs and cats. Watch to see if mom comes to get her little one. If, after a couple of hours, the mom has not returned, you will need to intervene. The most important thing is to keep the baby warm. You can accomplish by placing the baby in a box along with a soft cloth and place the box on a heating pad set to low. Do NOT attempt to give the baby food or water. Bring the baby to TWRC Wildlife Center as soon as possible.

Chances are very low that you will encounter any other wildlife babies at this time of the year. You may encounter injured adult raccoons, opossums and birds, however. We advise that you do not try to rescue these animals. Their intention is not to hurt you but they may bite or scratch because they are afraid.

If you have questions about wildlife, we are available from 10am to 2pm to help you. Before attempting to rescue an animal and before bringing it in to us, we suggest you give us a call first. After hours, our website can provide you with many answers.

Thank you for your support during this difficult time.
