We are all happy to see cooler weather headed our way as we move fully into fall. And that means that Thanksgiving is right around the corner. There are a lot of activities this time of year. From the reflections contest to a veteran thank you, from service projects to the AR Store, our students will be busy and focused on learning and serving others. We look forward to a month of gratitude, fall fun, and the holiday! Stay warm and healthy! Go Stallions!

Neighborhood Committee & Representative Elections

The Silverlake HOA will hold elections for Neighborhood Committees and Representatives in December. The HOA is divided into 18 "neighborhoods" (12 residential and 6 commercial), each of which elects a 3 member committee, of which the person receiving the most votes becomes the Neighborhood Representative. The Committee serves a term of 2 years. The Representative's duties include attendance at the Homeowners Association meetings requiring Representative attendance and casting of the number of eligible votes allotted to the Neighborhood he or she represents for any Association matter or issue requiring a vote by the members. Aside from this, the Representative and Committee positions are what the committee members decide can benefit their neighborhood. This can be a very useful position for your Neighborhood Committee, including Neighborhood Representative so, please submit your name address, and brief biography to silverlakehoa@gmail.com.

For more information on the HOA structure, including election and terms for Neighborhood Committee members, please refer to the Amended & Restated By-Laws found in the Documents section of the HOA website, www.silverlakehoa.com.

Exterior Home Improvements or Modifications

When you are considering an improvement or modification to the exterior of your home be sure to obtain an Architectural Review Committee (ARC) approval form located under Legal Documents on the Silverlake website at (www.silverlakehoa.com). The instructions are thorough and specific. For example, when replacing a fence, provide the height, materials and show the placement of the fence on the survey of your property. You may refer to the guidelines for specific height, materials, finish, construction, and colors to clarify. Your contractor may not be aware of the restrictions so it is best to research the requirements before you begin. Also, take a before and after picture to assure that the structure has been replaced in the original form. Keep in mind that consistency is a major goal in each neighborhood so your new fence should replicate the original fence without any deviation.

Please remember to pick up after your pets and "scoop the poop"
