Make your Health a Top Priority in 2018

Eating healthier and losing weight are common New Year's resolutions. However, keeping them can be difficult. Family medicine physician, Toni Odumosu, M.D., with Memorial Hermann Medical Group Fairfield, offers these tips for making your health resolutions last all year long.

1. Start with a big, measurable goal. Make your goal specific and easy to track, like losing a specific amount of weight, exercising a specific number of days, or eating a certain amount of vegetables daily.
2. Then set small goals. Look at your overall goal, and then break it down into smaller weekly and monthly goals. You won't run a marathon tomorrow, but you may be able to run one mile.
3. Don't do it alone. Find a friend to be your workout buddy or enlist help from a professional like a nutritionist or personal trainer. Tell your friends and family about your goals so that they can help hold you accountable.
4. Display your motivation. Is there certain event you want to participate in or attend that is the motivation behind your goal? Or perhaps a loved one who inspired the change? Put a photo of what's motivating you somewhere you'll see it every day. That can help fight temptation, because temptation will come!
5. Don't be afraid to celebrate! Celebrating the small goals can energize you to continue towards the big goal. However, be mindful that your "prize" doesn't derail you from achieving the goal you set.

"It's also a good idea to talk with your primary care physician when you're in the goal setting process. Your doctor can help you make sure your goals are realistic and achievable for your current health level. He or she may also have additional tips and resources that can help you along the way," encourages Dr. Odumosu.

MEET IRIS

By Cheryl Conley, TWRC Wildlife Center

Let me introduce you to Iris, our 9-year-old Eastern Screech Owl. She makes her home at TWRC Wildlife Center and is a “gal about town”. As one of our Animal Ambassadors, she can often be seen at schools, churches and community events throughout the Houston area.

Iris was just a few days old when a rescuer found her on the ground. Our vet staff could see that one of her eyes wasn’t developing properly.

After being examined by a specialist, it was discovered that she was blind in that eye. Knowing that owls can still survive in the wild with only one eye, a dedicated rehabilitator worked with her to prepare her for release. With her eye problem and some other issues that developed, it was decided that it was in the best interest of Iris not to release her and instead “promote” her to an Animal Ambassador.

Iris lives a pretty good life. She is served with frozen mice that have been warmed. She goes to the “beauty shop” every couple of months to get her nails done (actually they’re called talons) and get her beak trimmed and shaped. She is also given a thorough examination to make sure she is healthy. We are grateful to Dr. White at Briarcrest Veterinary Clinic who donates his time to the Center to care for Iris and our other Animal Ambassadors. In the wild, Screech Owls live an average of 12 years but because Iris doesn’t have to face the challenges of life in the wild, she is expected to live well beyond 12 years of age.

Screech owls have a unique call. One source described it as a horse on helium. They let out a descending whinny capped off with a trill. If you come to our Center to visit, she may even “talk” to you. One of her favorite things is to do is to respond to sirens she hears. As soon as she hears a siren, she starts in. Wish we could read her mind to find out why she does that.

Iris and her handlers are available to come and talk to your group, your school, your church or other gatherings. If you would like pricing information, send an email to education@twrcwildlifecenter.org.

Broker Associate / President

According to most studies, people's number one fear is public speaking. Number two is death. Death is number two. Does that sound right? This means to the average person, if you go to a funeral, you're better off in the casket than doing the eulogy.
~Jerry Seinfeld

Do you fear speaking in front of an audience? You are not alone. Join us for "I'd Rather Die Than Speak in Front of a Crowd"

by Chaille Ralph, a graduate and former instructor of The Dale Carnegie Course.

A licensed real estate Broker since 1982, Chaille Ralph brings a wealth of experience and a broad body of knowledge to Heritage Texas Properties and her position as President.

A native Houstonian, it was Chaille's love of the city that led her to a career in real estate. It began with the management and marketing of commercial office buildings, and then grew to include commercial construction and project management, before shifting into the residential sales market in the mid-80s.

Chaille also has an impressive history of industry leadership, serving on numerous committees, task forces and leadership positions with the Houston Association of Realtors, where she was Chair of the Board of Directors for the 2014 calendar year. In addition, she holds Director positions with both the Texas and National Associations of Realtors.

Chaille says that she loves the challenges that face her every day and delights in the fact that she found a way to mold her passion for Houston and its continuous redevelopment and growth into her life's work.
