## SRMA & SRROA Annual Meetings & Elections

The Steiner Ranch Master Association (SRMA) and the Steiner Ranch Residential Owners' Association (SRROA) will hold their annual meetings and elections this month.

Both boards consist

entirely of Steiner Ranch homeowners, who are elected by Steiner Ranch homeowners. All Steiner Ranch homeowners should have received annual meeting packets via mail in March. If you did not receive a packet, please contact the association office.

### **SRMA Annual Meeting & Election - April 17, 2018**

The SRMA Annual Meeting & Election will take place on April 17, 2018 at 6:30 pm. Registration will begin at 6:00 pm at Towne Square Community Center.

The SRMA Board consists of seven board members who serve two-year terms. To guarantee participation throughout the SRMA community, one homeowner from five voting districts (see below) is represented on the board. The SRMA Board also consists of two members who serve At Large. At Large board members are elected from any of the five voting districts and all SRMA homeowners may vote for At Large candidates. To avoid electing an entirely new board every two- years, board member terms are staggered.

In April, SRMA homeowners from districts 2, 3, and 4 will elect members from their voting district. SRMA homeowners will also vote for 1 At Large candidate, regardless of their voting district. Newly elected board members will serve two-year terms, except for the elected district 4 seat. The newly elected district 4 board member will serve a one-year term, as the previously elected board member from that district did not complete their term, and one year remains to be served.

### **SRMA Voting Districts**

District 1 – Beverly Ridge, The Casitas, The Fairways, Lakeview, UT Golf Community, The View

District 2 – Bellagio Estates, The Headlands, Longhorn Canyon, Majestic Oaks, The Estates at Westridge, The Hills at Westridge

District 3 – Canyon Glen, Parkside, River Heights Grove, River Heights Overlook, Shire Ridge, Towne Hollow

District 4 – Lakewood Hills, Las Brisas, Summer Vista, Savannah Point, Rio Mesa, Savannah

District 5 – Belcara, The Bluffs, Emerald Ridge, The Grove, Mediterra, Monterey, Palisades, Santaluz, Sierra Vista, Tierra Grande

At Large – Homeowners from any voting district may run for an At Large seat

## HOA Oak Wilt Policy Prohibits Pruning Oaks February 1 – June 30

The Steiner Ranch Master Association (SRMA) and Steiner Ranch Residential Owners' Association (SRROA) oak wilt policies prohibit oak tree pruning from February 1 – June 30, as this is the period in which oaks are most at risk of infection. To view the policy in its entirety, visit the Steiner Ranch HOA website and click 'FAQS' from the top menu, then 'Oak Wilt Policy'.

**Reduce The Chance Of Spreading Oak Wilt!**

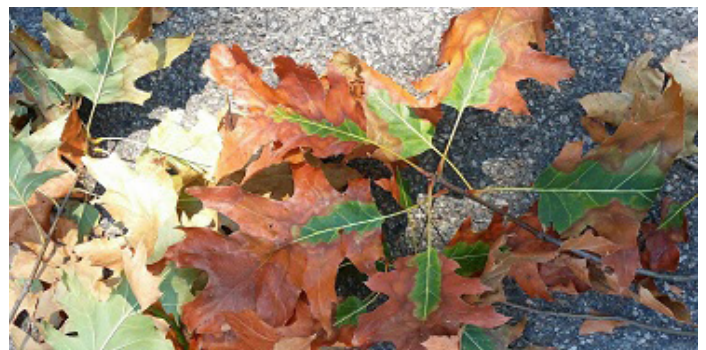

**Know When NOT to Prune** - No pruning/trimming oaks from February 1st through June 30th.

**Paint** – Always paint fresh oak wounds immediately after pruning with wound dressing or latex paint regardless of season.

**Sterilize Pruning Tools** – Clean all pruning tools with 10% bleach solution or Lysol between sites and trees.

**Properly Dispose of Red Oak Debris** – Debris from diseased red oaks should be immediately chipped or burned.

If uncertain about trimming, consult a Texas oak wilt certified arborist, an oak wilt specialist from a city, county or state government agency such as the Texas Forest Service or Texas AgriLife Extension Service, or visit [texasoakwilt.org](http://texasoakwilt.org).

## Live Oaks: How To Identify Normal Leaf Drop

*Written by Dr. Kevin Ong, Assistant Professor and Extension Urban Plant Pathologist,  
Texas AgriLife Extension Service; The Texas A&M University System*

Live oaks, also known as evergreen oaks, are beautiful and stately trees in the landscape. However, live oaks are NOT true evergreens. They do drop their old leaves as new leaves emerge in the spring. This is NORMAL and NOT a disease problem.

These trees may appear sickly when temperatures begin to rise a little. Symptoms that are observed typically include yellowing. In many cases, the leaves may have spots or blotches that are brown or black. Quite often, they discolor in a relatively short time. These leaves are senescing (aka dying off). The spots may be due to secondary infections by pathogens. Sometimes, these leaves may even have veins that turn brown while interveinal areas remain green. This symptom might be confused with a disease called “oak wilt”. Although the oak wilt fungus may attack the tree in the late winter and early spring, oak wilt symptoms are most often observed in the summer.

What do I look for to determine if my tree is experiencing NORMAL leaf drop?

Look closely at the senescing (dying leaves) leaves, particularly for new buds that are found at the base of the leaf petiole. This bud may be very small early on, but they become more prominent as the older leaves begin to die. Shortly after the old leaf drops, you should see new tiny leaves from those new buds. If these buds are present, your tree is most likely experiencing its normal yearly leaf cycle.

If you do not see any buds, check to see if the branches are brittle (snaps when you bend it) and are brown on the inside instead of greenish-white. That branch is most likely dead. In a normal tree, there will usually be some dead branches. However, you may have a problem if you find more than 10% of the branches on your tree are dead. In this case, it is recommended that you talk to a certified arborist or contact your local county Extension office for assistance.

## Spring Green Waste Pick-Up

Texas Disposal Systems (TDS) will provide Steiner Ranch residents with a seasonal green waste collection pick-up (bagged leaves, brush, limbs and other yard waste) during the week of April 23rd.

Each resident may place up to 20 thirty gallon paper bags

of green waste at their curbside on their designated trash pick-up day on April 23 –April 27.

**\*\*Please note:** This will be the only green waste pick up this spring. Residents may schedule bulky waste, and bundle pick-ups twice per year by calling TDS. Bundle pick-ups include tree, shrub, and brush trimmings securely tied together, not exceeding 4 feet in length or 40 pounds. Call TDS at 512-329-1752 to schedule individual pick-ups.

Reminder: Aside from scheduled green waste pick-ups and individually scheduled bundle pick-ups, TDS will NOT pick up items/bags left outside of trash containers, unless bags are tagged with TDS trash tags. Tags are available for purchase, by check, at the HOA office for \$2.50 per bag. Additional trash/recycle carts may be ordered directly from TDS.

## Mulch Bags

The annual Vandegrift High School band mulch fundraiser is a fantastic way for homeowners to support the VHS band while sprucing up their landscaping. Mulch will be delivered in early April. Please spread mulch or move mulch bags out of view as soon as possible. The HOA will send compliance notices to homeowners' who have mulch bags visible from the street beginning in late April. Thank you for your support!

## Greenbelt Reminders

Please remember and share with all family members the following:

- **GREENBELT CUTTING & CONSTRUCTION PROHIBITED**

Greenbelts in Steiner Ranch are private property of the HOA. Cutting trees, constructing forts or fire pits, and any other activity which damages greenbelts is prohibited and may result in fines and penalties.

- **FIRES PROHIBITED**

Fires are absolutely prohibited in Steiner Ranch greenbelts.

- **MOTORIZED VEHICLES PROHIBITED**

Motorized vehicles are not allowed in greenbelt areas or trails as they pose a safety hazard to walkers and bikers. They also damage the trails, which the Trails Committee and other volunteers graciously maintain.

Should you observe anyone vandalizing the greenbelts or operating a motorized vehicle on the trails, please immediately contact the Travis County Sheriff's Department.

## Community Compliance Reminders

The HOA office would like to remind residents of the following Steiner Ranch rules:

- Trash containers are to be stored out of sight and should not be visible from the street.
- Parking on the street overnight is not allowed.
- Items should not be left in driveways. This includes mulch bags, garden hoses, and sports equipment.
- Any alterations to the exterior of your property (front, back and sides) must be submitted to the HOA office for review and approval.

Thank you for abiding by these rules, which are part of Steiner Ranch governing documents.

## Making Exterior Changes? Don't Forget To Obtain Architectural Approval First

Thinking about modifying your deck, adding a pool, or changing the color of your exterior trim? Steiner Ranch governing documents require the submission of plans and specifications for review and approval by the Architectural Committee (AC) before construction or installation begins. Improvements requiring approval include, but are not limited to, playscapes, pools, decks, patios, ponds, new siding or trim colors, planter boxes, arbors, walkways and sheds. Before making exterior changes to your home, please submit a Modification Application, which can be found on the HOA website under the 'Architectural' tab.

## Trash, Recycling & Bulky Waste Pick-Ups:

Texas Disposal Systems (TDS) is the residential waste services provider in Steiner Ranch. Services provided include weekly trash pick-up, every other week recycling pick-up, HOA scheduled spring and fall green waste pick-ups, curbside Christmas tree pick-up, and scheduled individual bulky waste pick-ups. Residents may schedule their individual, twice-yearly bulky waste/large item pick-ups, by contacting Texas Disposal Systems directly at 512-329-1752.

### Waste Wizard App

Manage your trash and recycling collection services on the go! To download a customized trash and recycling service calendar by address, as well as service alerts and reminders, visit the Waste Wizard widget on the Texas Disposal Systems website: [www.texasdisposal.com](http://www.texasdisposal.com).

## Nesting Season for Endangered Birds

Two endangered species of birds, the Black-Capped Vireo (BCV) and the Golden-Cheeked Warbler (GCW), will again be making their home in Steiner Ranch this spring. These songbirds are native to the area and their nesting seasons begin soon. Why is this important to know? Several of the trails established in Steiner Ranch go through the Balcones Canyonland Preserve (Powerline Hill and Eastridge trails) where many of the birds reside. The birds are especially sensitive to environmental changes during nesting season. The established trail rules were designed to minimize the effect humans have on the birds during this period. Though the Steiner Ranch Master

Association (SRMA) has the right to install and maintain trails in the Preserve, violations of the following rules could force closure of the trails through the end of the nesting season.

GCW Nesting Season – March 1st through July 31st

BCV Nesting Season – March 15th through August 31st

Please review the following trail rules before your next hike:

1. The trails are for Steiner Ranch residents, their guests, and persons with written authorization from Taylor Woodrow

## Brain Fitness Workshops: A Neurodevelopmental Series for Children

SESSIONS MEET AT 6:30PM @ BELLA MAR  
COMMUNITY CENTER

### Improving Reading Speed and Comprehension - April 10

Is your child bright but reading is a challenge for them? Is your child's teacher suggesting you get testing for dyslexia? Is it affecting their self-esteem? Join us to learn how movement affects brain development specifically for developing faster readers.

Susan Phariss performed a controlled study in a public school with kids who were struggling with reading. At the end of the 26 week study, the control group gained twelve words per minute, while the students in the study gained 37—triple the gain in reading speed. The program was all movement based—the kids didn't have to practice reading drills and they loved every minute of it because it was all fun!

### Reducing Sensory Issues - May 8

If you are a smart parent who has a child suffering from Sensory Processing Disorder, you're going to want to come to this workshop. You'll finally get an explanation for the cause of it that makes sense, PLUS an effective solution!

If your child can't handle loud noises, bright lights, socks, clothing tags, or even change, you're going to love what you learn in this workshop. Parents will come away with a better understanding of why you don't want to just make compensations for it—you'll want to address the root cause.

### About the Instructor: Susan Phariss

Susan Phariss is a Neurodevelopment Consultant, Primitive Reflex Specialist, engineer, and brain development expert. Susan has performed a controlled study in a public school helping kids overcome behavior and learning challenges using neurodevelopmental movements. She specializes in helping bright kids who struggle with learning and behavior challenges with her proven step-by-step process that stimulates higher brain function.

## Free Community Workshops

Take advantage of this month's free community workshops:

**April 3rd - How to Protest Your Property Tax Appraisal, 7:00pm @ Towne Square Community Center**

If you think your 2018 property tax appraisal is too high, this is the workshop for you. Real estate broker, Craig Smyser, will discuss the protesting process, deadline, and expectations for success. Attendees will receive sales information for their specific neighborhood that can be used to assist with the protest. RSVP helpful, but not required: 512-650-7300 or [Craig@RealEstateInAustin.com](mailto:Craig@RealEstateInAustin.com).

**April 11th – Sexual Abuse Awareness, 6:00pm @ Towne Square Community Center**

When was the last time you discussed body boundaries/safety with your child? According to the Center for Disease Control and Prevention, as many as one in four girls and one in six boys will experience some form of sexual abuse before the age of eighteen. Statistics indicate that 95% of sexually abused children are abused by someone they know and trust. If children do not know what appropriate boundaries are, they are left on their own and open to other people defining that boundary for them.

Join us on April 11th where professionals will share information and provide tools for parents and caregivers to educate and empower children about this important topic.

**April 18th - Appropriate Exercise For the Elderly, 7:00pm @ Towne Square Community Center**

Join physician and resident, Dr. Benjamin Rosin as he discusses what is important to know about exercise for those 65+. Strength exercises make your muscles stronger. Balance exercises help prevent falls. Flexibility exercises stretch muscles and can help your body stay limber. And endurance exercise can help keep your heart strong. Come learn more at this beneficial workshop.

## Steiner Ranch Cycling News

The Steiner Ranch Cycling (SRC) is a group of fun loving cyclist that enjoy the outdoors, burning calories, and meeting new people. Cycling is easy on your body, good for your health and a great way to build community. There is no cost to ride, and we welcome new riders. You probably see us riding around the neighborhood in our Steiner Ranch-themed red white and blue kits. Give us a wave but please don't honk!

### SATURDAY RIDES

On Saturdays we host an open group ride, currently starting at Cups & Cones at 7:30 AM. Our Saturday rides include advanced and intermediate groups. The advanced group will have average speeds from 18 – 20 mph and the intermediate group will average between 15 - 17 mph. While each group will be travelling at different speeds, each group will be tackling the same course with a typical distance ranging from 50 up to 70+ miles. The turnout is typically between 10 – 20 riders depending on weather. There is no designated sweeper for these rides. Come on out and have some fun, everyone is welcome. Ride details are posted each week to our website at <http://www.steinerranchcycling.com>, on our Facebook page <http://facebook.com/SteinerRanchCycling>, and to our email list (sign up on our website).

Steiner Ranch Cycling is powered by Lakeside's awesome burgers (such as their Bacon Avocado Burger) and refreshed by their beer. Join us there after the ride on Saturdays to refuel and recover!

### SUNDAY COFFEE SHOP RIDE

On Sundays we host a mostly mellow ride to a local coffee shop outside Steiner.

The group will leave Cups & Cones at 7:30 AM and will target some not-too-far coffee shop for some espresso, pastries, and socializing. The ride will average around 17 mph and should be perfect for those looking for an easier and more relaxed alternative to our Saturday rides. Our destination is typically Red Horn Coffee House and Brewing Company at 1431 and Parmer which is 20 miles from Cups & Cones. Although this is technically a 'drop ride', we will make great efforts to keep the group together. Note that you should be able to ride the 38-50 miles at a 17 mph average pace for the whole ride.

Please visit our website at <http://www.steinerranchcycling.com> to check out what is going on in the Steiner Ranch cycling community.

## Bluebonnets Have Arrived!

Bluebonnets are speckling Steiner Ranch; it's a sign that spring has arrived! Taking pictures in the bluebonnets is a family tradition for many Central Texas families, and luckily Steiner Ranchers have shared their photos with us over the years. Enjoy these pictures, submitted by your neighbors.

For information about bluebonnets, visit the Lady Bird Johnson Wildflower Center website @ [www.wildflower.org](http://www.wildflower.org).

## Summer League Prep Class in Steiner Ranch

Lost Creek Aquatics will be offering a summer league prep class at the Bella Mar pool, with afternoon sessions in April. These classes are geared to beginning and experienced swimmers ages 6 and older who want to get going before the summer season begins. Classes will focus on stroke development and technique, and will be taught by certified coaches. For more information about the class days, times, and cost, please visit the LCA website at [www.lostcreekaquatics.com](http://www.lostcreekaquatics.com). If you have any questions about year-round swim team in Steiner Ranch, please call LCA at 512-917-2274.

## Don't Prop Pool Gates

Although the weather is cooler and many residents are not using community pools, please remember that propping a gate open to one of the community pools is a serious safety issue. It only takes a second for a child to wander into an unattended pool area and drown. Do not prop pool gates open for any reason.

## Adult Swimming Program

Come join the Masters Swim Program! The workouts are adjusted for everyone from beginners all the way to advanced -- no swim experience needed!! No intimidation allowed!!

If you can swim one length of the pool, then you are ready to join in on the fun. Currently, we have "newbies" who haven't ever participated in organized adult swim classes, new and experienced triathletes who want to improve the swim part of their triathlons, and experienced master's swimmers looking to enjoy an organized swim workout. Regardless of your skill level, you will find a lane with swimmers who match your ability and enthusiasm.

### Our swim schedule is as follows:

- Wednesdays and Fridays at 5:30 a.m. until 6:45 a.m.
- Sundays at 6:30 a.m. until 7:45 a.m.
- \$50 per month for residents

### Come on and give it a try! It's easy to sign up:

1. You must be 18 yrs. and older.
2. Join U. S. Masters Swimming! To be eligible to compete in masters' meets, to get a great magazine, and for HOA insurance purposes, go to the United States Masters swimming website, [www.usms.org/reg](http://www.usms.org/reg) and join our team Red Giants Masters swimming. Print your card and email a copy to program lead, Hollie Kenney.
3. Contact Hollie Kenney at [holliekenney@austin.rr.com](mailto:holliekenney@austin.rr.com) to register.

As this is a Year Round Program, it's a great way to meet new friends and be a part of a fun community of swimmers and neighbors!

## Prevent Stormwater Obstruction And Pollution

*Submitted by WCID 17*

The WCID 17 Stormwater Committee is working with the local community to ensure that all state and federal regulations protecting our drinking water resources are being met. The committee develops and implements stormwater pollution monitoring, control and outreach efforts in order to form an alliance between municipal and community

groups to protect our raw water drinking source, Lake Travis.

Storm drains are designed to remove excess water from streets during rainy weather, vehicle washing, and from over-irrigation of grassy areas. Unlike the wastewater from inside homes and businesses that flows through sewer and treatment plants, outside water runoff flows through manmade components (ditches, pipes, inlets, catch basins, and ponds) and natural components (streams, flood plains, wetlands.) Being on the lookout for storm drain blockages and monitoring what we allow into these drains will help to control the quantity of flow and enhance the quality of stormwater draining directly to Lakes Travis and Austin.

Anyone living in the Central Texas area knows the problems a heavy rainfall or severe thunderstorm can create. Roads become impassable and standing water remains long after the storm passes. As water flows, runoff collects and transports soil, pet waste, pesticides, oil and grease, plastic bags, cigarette butts and other pollutants to the lakes. This contaminated flow pollutes our waterways and is harmful to wildlife, aquatic life, plants and humans. Even during the driest day of summertime in Texas, we produce 14 million gallons of stormwater flows from activities such as car washing and lawn watering.

Please be mindful that all drain inlets must be protected from harmful disposals, even yard trimmings. Yard trimmings can clog a storm drain and cause unnecessary backup of water. What can you do? It is simple! Dump **NOTHING** down the storm drains that you wouldn't swim in or drink.

As with any new initiative, it will take time for the full effect of the Stormwater Quality Program to be realized. However, substantial improvements in maintenance services and better drainage care should be visible with your watchful eyes helping near your home. Education and teamwork will be key as we move forward together to protect our beautiful lakes.
