# GRAND RE-OPENING!

**Workout and Pool – April 28th 5:00 am**  
**Entire Clubhouse Facility – Ribbon Cutting May 4th 6:00 pm**

Construction is nearly complete! The workout facility and pool will re-open Saturday, April 28th, with the official Grand Re-opening of the clubhouse on May 4th at 6:00 pm.

The reason for the differing dates is because we recently decided to make a last minute addition of a major audio visual system to the clubhouse. It will be a significant upgrade for us and worth the extra week in our schedule. The Grand Opening will be the official restart to the monthly Friday night community functions. Please plan to come out and enjoy the new facilities. Food and beverages will be served.

Here is a list of the upgrades installed as part of the rebuild:

### CLUBHOUSE

- Audio Visual system – 120” drop down screen in the main room with Apple TV capability for sports events, movies, presentations, and live streaming.
- Blinds on all lower windows for sun reduction.
- Automatic lights in the kitchen storage closet
- Additional insulation between clubhouse and workout room to reduce sound transference.

### FLEX ROOM

- 65” Smart TV with capability of viewing TV stations, internet streaming or playing personal DVD’s from existing DVD player in cabinet.

- Sound absorption panels on walls

### WORKOUT FACILITY

- Blinds on all windows to reduce sun
- New flooring
- New mats

### POOL BATHS

- Complete renovation including new tile, new non-skid floor, quartz counter tops, new faucets, new towel/soap dispensers, new shower door, new benches.
- Hot water for the shower and sinks
- New LED ceiling and over sink lights
- New electrical panel to reduce power tripping
- New Drinking Fountain with water bottle filling capability
- New Entry Doors

### TENNIS COURT/PLAYGROUND

- New Drinking Fountain with water bottle filling capability

**We hope to see you at our Grand  
Re-opening Party on Friday, May 4 at  
6:00 pm.**

## DETENTION LAKES BULKHEAD REPAIR PROJECT

MUD 341 and the Lakes on Eldridge Board of Directors are pleased to announce a major project to repair the concrete bulkheads around our lakes. This project is similar to the one done in August of 2014. Construction will commence in mid April and complete in June.

Different repair methods will be used depending on the condition of the specific bulkhead. The smaller cracks will be sealed with a flexible grout material. In other areas with larger cracks, tiebacks \ (wooden posts) will be installed behind the wall with a metal rod fastened to the water side of the bulkhead to prevent further shifting. There are a few other areas where small sink holes behind the bulkheads that will be filled. There are some other locations that will be regarded to facilitate water run off following rain fall.

No fish or wildlife should be impacted by this project. All access to the proposed work areas will be from residential streets and the work will occur within the detention lake reserve areas (public areas between lot line and lake edge. No areas of residential lots will be used for access, staging, or work areas at any time. The amount of time the contractor, SafeFlow, will be working in any one area should be between 1 -3 days.

This work is being financed by Mud 341. Benchmark Engineering will be providing project management. If you have any questions, please contact Brian Chovanec at [bchovanec@benchmarkengr.net](mailto:bchovanec@benchmarkengr.net) or [ckeller@cmctx.com](mailto:ckeller@cmctx.com).

## LOE BOOK CLUB

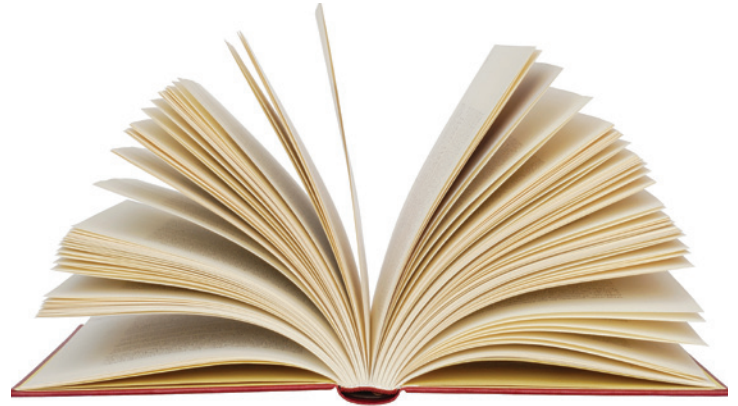

We meet the 4th Monday of each month at 7:30 P.M. (unless we decide to skip a month or change the meeting day). We take turns hosting the meeting and sometimes change the date or book, so please contact celeste.fritz@gmail.com to get the details for each meeting. Our group has lively discussion (not totally about the books) and we challenge ourselves to read out of our comfort zones.

May 21 (NOTE: 1 week earlier because of Memorial Day) – Our Souls at Night by Kent Haruf. In the familiar setting of Holt, Colorado, home to all of Kent Haruf's inimitable fiction, Addie Moore pays an unexpected visit to a neighbor, Louis Waters. Her husband died years ago, as did his wife, and in such a small town they naturally have known of each other for decades. Addie and Louis have long been living alone in empty houses, the nights so terribly lonely, especially with no one to talk with. But maybe that could change? As Addie and Louis come to know each other better—their pleasures and their difficulties—a beautiful story of second chances unfolds.

June 25 – A Spool of Blue Thread by Anne Tyler. The Whitshanks are one of those families that radiate an indefinable kind of specialness, but like all families, their stories reveal only part of the picture: Abby and Red and their four grown children have

accumulated not only tender moments, laughter, and celebrations, but also jealousies, disappointments, and carefully guarded secrets. From Red's parents, newly arrived in Baltimore in the 1920s, to the grandchildren carrying the Whitshank legacy boisterously into the twenty-first century, here are four generations of lives unfolding in and around the sprawling, lovingly worn house that has always been their anchor.

## RECYCLING DAY!

Saturday, June 2nd  
9:00 am – 12:00 pm at the Clubhouse

Do you have old electronics or tons of paper that you need to safely dispose of or destroy? Texas Security Shredding and RPC Global E-Waste Management Solutions will help residents prevent identity theft and protect the environment by offering paper shredding and electronic recycling on Saturday, June 2, 2018 from 9 a.m. to noon at the Lakes on Eldridge Clubhouse parking lot.

Texas Security Shredding will provide onsite shredding for your private documents. No need to remove staples, paper clips or binder clips! Documents that contain personal and confidential information will be securely destroyed on-site into confetti-sized pieces. If possible, bring papers to be shredded in paper grocery or shopping bags, which can also be shredded on site and recycled with other paper products. If papers to be shredded are brought in plastic bags or cardboard boxes, the bags or cardboard boxes will be returned to the resident.

RPC Global will accept computer electronics, such as personal computers, servers & peripherals, keyboards, mice & speakers, switches and routers, cords & cables, computer monitors, laptops,

hard drives, memory chips, projectors, hubs & routers, tape drives, printers, copiers & plotters, fax machines, UPS batteries, and power supplies. For an additional cost of \$4.50, RPC offers documented hard drive media shredding and will issue a certificate when payment clears.

Consumer electronic goods will also be accepted. Acceptable items are small kitchen appliances, PDAs, game consoles and controllers, laptop & rechargeable batteries, telephones, cell phones, toner cartridges, DVD/CD/VCR players, stereo equipment, CDs, floppy drives, VHS tapes, alarm clocks, radios, electric fans, and televisions. For safety reasons, all items dropped off should be easily carried by one person. They do not accept televisions or monitors with broken glass, large appliances or hazardous materials.

Items to be recycled need to be separated into paper shredding or electronics categories. This will help facilitate faster drop off for our residents. Volunteers will be there to help direct traffic and unload vehicles. Enjoy this one stop recycling opportunity

## MEMORIAL HERMANN CYPRESS HOSPITAL CELEBRATES FIRST ANNIVERSARY OF OPENING WITH PLANS FOR EXPANSION

Memorial Hermann Cypress Hospital is celebrating its first year of delivering high-level services to the community with plans to expand. The recently approved expansion will develop empty space already built on the Cypress campus.

"We've seen amazing growth in the hospital's first year of operation and we are dedicated to continuing to provide the community with the excellent care they have come to expect from us. I am proud that the community has embraced us as a trusted care provider," said Heath Rushing, Senior Vice President and CEO of Memorial Hermann Cypress.

The nearly \$25 million expansion will add 24 licensed beds, including Intensive Care Unit (ICU) beds, as well as an additional catheterization lab for heart procedures and endoscopy suite for gastrointestinal procedures. Since opening March 31, 2017, the 81-bed facility has added multiple services, including a high-risk pregnancy center, Memorial Hermann Wound Care, robotic surgery capabilities, and occupational medicine services for companies in the region. The hospital now offers services provided by 480 affiliated physicians spanning 40 specialties.

In addition to the expansion project, Memorial Hermann Cypress has also started its journey toward becoming a designated Level III trauma center and Level II Neonatal Intensive Care Unit.

"It takes time to demonstrate the consistent, high-quality care offered at the hospital needed to receive these designations. We feel confident that we will show the state that we can provide remarkable care to seriously injured and ill patients and we are confident that we will receive recognition for both our trauma center and our NICU," said Jessica Rivas, Vice President of Operations at Memorial Hermann Cypress.

The expansion project will roll out over the course of next year and is expected to be finalized by summer 2019.

Learn more about the full range of services offered at Memorial Hermann Cypress and its connection to Memorial Hermann's fully integrated, comprehensive care network.

# MARKETING vs. LISTING

Don't be fooled, a 'For Sale' sign in your front yard is not a marketing plan and neither is making sure your home is listed on HAR. The difference between listing a home and marketing a home is critical to the overall success of selling it.

As a successful real estate agent, I specialize in real estate marketing and will create a comprehensive customized plan with you to showcase your home.
