It's the prime time to sell your home!

School is finally out! With the warmer weather, more daylight, and the impetus to get a new house in order before the next school calendar begins, buyers are more likely to shop during this time of year, with home buying peaking in June.

Here are a few reasons summer is the best time to sell!

- 1. Bigger Sale Price :** There are more buyers in the summer time which means tighter inventory which gets you top dollar for your home.
- 2. Homes look better & days are longer:** Flowers are blooming, the grass is green and everything is bright! Daylight savings time gives the buyers more time to look at your home, which gives more buyers the opportunity to see it.
- 3. Bidding Wars:** Bidding wars mean more money in your pocket. They also usually mean buyers are less likely to make repair requests or other demands. Additionally, cash buyers are some of the more aggressive bidders, so you might find a buyer with a fistful of dollars with a fast lane to closing day.
- 4. Buyers are more motivated:** During the summer most buyers are trying to get in and settled before school starts back so they are going to be motivated to find a house quickly and get to the closing table.

Call us today for your free home market analysis or to discuss how we can help in getting your home on the market!
