PROPOSAL TO LOWER RESIDENTIAL SPEED LIMITS TO 20 MPH

Many community members have voiced concern over cars driving too fast on residential streets. How can this be better addressed?

Currently all residential streets within the Eagle Springs Community have a speed limit of 30 MPH per Texas state law. However, this can be lowered to 20 MPH with a simple traffic study conducted by the county.

The county will conduct a traffic study, at no cost to members of the community, if it is requested by 51% of a subdivision. This would lower speed limits on residential streets only and NOT major thoroughfares. See attached map - highlighted streets are considered thoroughfares.

If this is something you support, please visit InsideEagleSprings. com and sign our petition! We need over 2000 signatures to get approval so every signature counts! You must be 18 or older and either an owner or a renter within Eagle Springs.

Still on the fence? Here are a few benefits of lowering the speed limit to 20 MPH:

- 1. Safety for our kids and pets Studies by AAA Foundation for Traffic Safety and US Dept. of Transportation show that average risk of a severe injury is reduced from 50% at 30 MPH to 25% at 20 MPH, and risk of death from 25% to 10%. These numbers do vary between the two studies, but what is cited here is the more conservative of the two.
- 2. The constables have more power to monitor residential streets, stop speeding cars, and, eventually, redirect "cut-through" traffic from residential streets to main thoroughfares
- 3. Eagle Springs streets are beautiful, but fairly narrow and winding and often have many cars parked in the street which limits a driver's visibility. Reducing the speed limit will address these issues to make our streets a safer place.

If you have any questions or are interested in helping to get the word out, please email Molly at EStrafficstudy2018@gmail.com

The Homelove Real Estate Group Presents

our Hometown

Exploring the sights and sounds of West Lake Houston

The month of June brought one of our absolute favorite Eagle Springs events, Concert Night at Food Truck Friday! We are honored to have the opportunity to sponsor this event twice per year. For this edition, we brought in Paintslingers to paint the faces of our neighborhood kids, had a clean crafted wine tasting by Scout & Cellar, and presented the fabulous sounds of Southern Crown, a local band fronted by our very own Susanne Estaville! It seems as if every event in Eagle Springs has been made an opportunity to help our local residents, and this one was no different. Eagle Springs resident Hong Dao prepared cookies to sell to benefit a family that lost everything in a house fire in May. These events, put together by our Event Coordinator Stacey Stidham, are a display of all of the elements that make Eagle Springs an incredible place to call home, and we are thankful to play a part in them!

HISTORY OF THE AMERICAN FLAG

For more than 200 years, the American flag has been the symbol of our nation's strength and unity. It's been a source of pride and inspiration for millions of citizens. And the American Flag has been a prominent icon in our national history. Here are the highlights of its unique past.

On January 1, 1776, the Continental Army was reorganized in accordance with a Congressional resolution which placed American forces under George Washington's control. On that New Year's Day the Continental Army was laying siege to Boston which had been taken over by the British Army. Washington ordered the Grand Union flag hoisted above his base at Prospect Hill. It had 13 alternate red and white stripes and the British Union Jack in the upper left-hand corner (the canton).

In May of 1776, Betsy Ross reported that she sewed the first American flag.

On June 14, 1777, in order to establish an official flag for the new nation, the Continental Congress passed the first Flag Act: "Resolved, That the flag of the United States be made of thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new Constellation."

Between 1777 and 1960, Congress passed several acts that changed the shape, design and arrangement of the flag and allowed for additional stars and stripes to be added to reflect the admission of each new state.

- Act of January 13, 1794 provided for 15 stripes and 15 stars after May 1795.
- Act of April 4, 1818 provided for 13 stripes and one star for each state, to be added to the flag on the 4th of July following the admission of each new state, signed by President Monroe.
- Executive Order of President Taft dated June 24, 1912 established proportions of the flag and provided for arrangement of the stars in six horizontal rows of eight each, a single point of each star to be upward.
- Executive Order of President Eisenhower dated January 3, 1959 provided for the arrangement of the stars in seven rows of seven stars each, staggered horizontally and vertically.
- Executive Order of President Eisenhower dated August 21, 1959 provided for the arrangement of the stars in nine rows of stars staggered horizontally and eleven rows of stars staggered vertically.

Today the flag consists of thirteen horizontal stripes, seven red alternating with 6 white. The stripes represent the original 13 colonies, the stars represent the 50 states of the Union. The colors of the flag are symbolic as well: Red symbolizes Hardiness and Valor, White symbolizes Purity and Innocence and Blue represents Vigilance, Perseverance and Justice.
