INTRODUCING

"GET TO KNOW YOUR NEIGHBORS"

We are all very fortunate to call Villages of Western Oaks home. But, Villages of Western Oaks is more than just a place to live; it is a vibrant community brimming with family-friendly neighborhoods, chock-full of fascinating, talented people. Our variety is what makes us so both unique and extraordinary. However, sometimes, we get so busy, we lose sight of how interesting and diverse we've become.

We believe that getting to know the people who live

nearby will help us create a sense of belonging and shared identity. We have created a column entitled, "Get to Know Your Neighbors" which we hope will strengthen connections, build trust in our wider community, and contribute to a happier neighborhood for everyone.

If you know of a person or a family that you believe is making Villages of Western Oaks a better place to live, please let us know. We would like to introduce them to your neighbors.

PARTNERSHIPS FOR CHILDREN

Sometimes, the seemingly smallest items can make the biggest difference in a child's life. That's where the Rainbow Room comes in. It's our 24/7 resource center located in the CPS offices where caseworkers can come to gather essential items for children who are in crisis. We stock everything from toiletries to clothing to car seats. Thanks to the donations we receive, we're able to serve more than 650 children every month. But our need continues to grow. By donating to the Rainbow Room, you'll make an immediate and powerful difference in these children's safety, health, and comfort. Whether it's a teddy bear or a toothbrush, every item that you donate matters. To schedule a time to drop off donations, contact Marcus at marcus@partnershipsforchildren.org or 512-834-4756.

The Rainbow Room is a 24/7 resource center located in the Child Protective Services office where caseworkers can gather new and essential items needed for the kids in their caseload whose lives are in crisis. The Rainbow Room is in constant need of brand new items for the more than 700 children it serves each month.

Click on *donate items* on our homepage
www.partnershipsforchildren.org

Items Needed:

- diapers/pull ups (all sizes)
- baby wipes
- shampoo/body wash
- rash cream
- bottles
- sippy cups
- pacifiers
- onesies
- pack 'n' plays
- car seats

DINE WELL, DO GOOD WITH WATER TO THRIVE AT CHEF'S TABLE AUSTIN 2018

Chef's Table Austin is the signature fundraiser supporting the mission of local non-profit Water to Thrive, which has built more than 850 water projects in rural Africa in the last 10 years bringing clean, safe water to more than 450,000 people.

Chef's Table Austin brings its supporters together with some of Austin's top chefs in an exciting, fast-paced evening. The centerpiece of the event, to be held Thursday, September 27, at Brazos Hall, is a high-energy live auction of menus and dinner experiences created by our chefs, giving each winner a unique opportunity to have that chef cook specifically for them and their guests. The 2018 lineup is spearheaded by Austin's renowned and Chef's Table Founding Chef David Bull of Second Bar + Kitchen, with the full lineup to be announced by mid-August.

All proceeds for the event benefit Water to Thrive operations, making it possible for the charity to sustain its mission of bringing clean, safe water to rural African communities in need. Each dollar raised for operations allows the organization to bring in nearly \$6 for water, and to maintain its 100 Percent Promise that every dollar donated for water projects goes directly to fund water projects.

In addition to the live auction, to be conducted by Heath Hale and his Cowboy Auctioneers, and the opportunity to mix and mingle with some of Austin's top chefs, the evening features a VIP reception, open bar, heavy hors d'oeuvres, and an extensive silent auction including a Hamilton in NY experience.

Tickets for this year's fundraiser are on sale now. For just \$95, or \$175 per couple, you'll have access to the main event which features the silent and live auctions, food and drink, and chances to win prizes. Purchase VIP tickets for \$150 each or \$280 per couple, and your benefits include early entry to the event, exclusive silent auction items, one-on-one time with our chefs, preferred seating for the live auction, specialty appetizers, and more.

For more information about Chef's Table Austin and to purchase tickets, go to chefstableaustin.org. Here you will also find photos, chef bios and menus, and sponsors from past years of this event. Check our website and Facebook event page for updates and promotions leading up to the event.

We hope you'll join us for Chef's Table Austin 2018, and help us continue to build wells and change lives!

WHIPTAILS & RACERUNNERS

Common Spotted Whiptail

Small to medium-sized slender lizards, whiptails and racerunners can be distinguished from other lizard species by their generally granular dorsal (topside) scales, larger rectangular ventral (underside) scales arranged in transverse rows, long tails, and forked, snake-like tongues. Additionally, these species belong to the genus *Aspidoscelis*, from the Greek *aspidō* or 'shield' and *skelos* or 'leg', relating to their well-developed limbs that enable them to sprint at rapid speeds. Terrestrial and diurnal, these lizards are primarily carnivorous or insectivorous, actively foraging for food while temperatures are warm, and quickly skirting between objects for cover. Of the 22 species occurring in the southwest, Central Texas is home to the Common Spotted Whiptail (*Aspidoscelis gularis*) and Six-lined Racerunner (*Aspidoscelis sexlineata*).

The Common Spotted Whiptail has a brownish-green body with 7 to 8 longitudinal yellowish-white stripes and similarly colored spots in the margins. Its tail is up to twice the length of its body, reaching a total length of just about 12 inches. It is found in prairies, grasslands, rocky hillsides, dense thickets, and canyon bottoms, often near water. Males are larger than females, having a red, orange, or pinkish throat and sometimes a blue or light blue belly. Females have a white or cream-colored underside, and lay 1 to 8 eggs in July, typically in a separate chamber of their underground burrow, sometimes as deep as 11 inches. These lizards scare easily and often retreat in a straight line, but can best be viewed from April through August when their insect prey are most abundant.

Just over 10 inches long, the Six-lined Racerunner has seven light dorsal stripes with a greenish wash on the head and upper body that

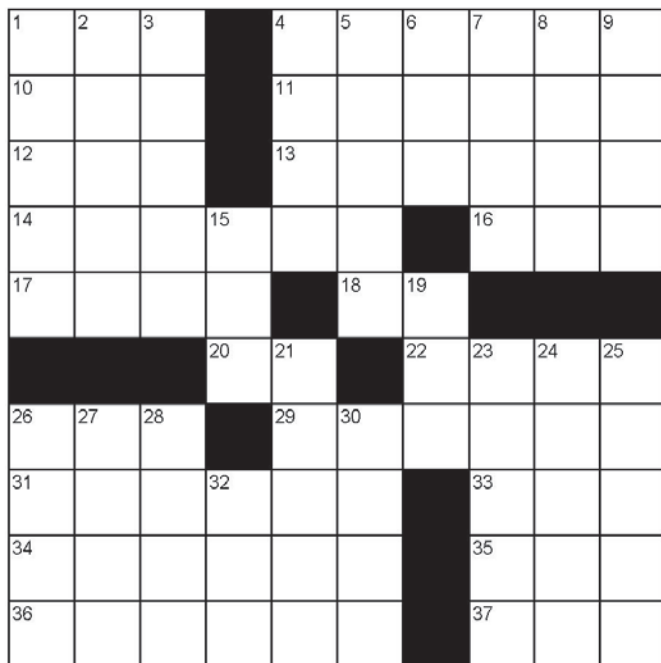

Six-lined Racerunner

fades to brown posteriorly. Males may also have a blue throat and belly, and juveniles often have more distinct stripes, lack the green wash, but have a bright blue tail. Females lay clutches of 1 to 6 eggs from May to August. Associated more with sandy soils, this lizard can occupy a wide variety of habitats, including grasslands, riverbanks, floodplains, and juniper woodlands. Spiders and grasshoppers are their chief prey, and adults actively forage during the day, but as summer temperatures rise by July, their activity becomes bimodal, peaking in the morning and late afternoon to avoid the hottest parts of the day.

Like many lizards, whiptails and racerunners have developed the ability to allow the tail to break free of the body when grasped by a predator. Called tail autonomy, this process involves wriggling the detached tail to distract the predator while the lizard itself is able to escape. Complex adaptations have evolved to enable the tail to be released along a series of fracture planes, which usually occur through weakened vertebrae, and not between them. Most amazingly, these species also have the ability to regenerate the tail, albeit slowly, so it can be lost again if necessary.

NATIONAL SURVEY REVEALS ROOF DAMAGE IS ONE OF THE TOP ISSUES THAT STRESS OUT AMERICAN HOMEOWNERS

Roof damage is among the top 3 stressful issues for homeowners next to burst pipes and flood damage according to a new national survey by Owens Corning Roofing. While a roof is one of the most important items protecting most American's single largest financial investment, 69% of homeowners admitted to rarely, if ever, looking at their roof or hiring a professional to do so in advance of unpredictable weather seasons. Nationwide, the survey also found that 70% say the cost of repairs would be taxing, but only 29% of homeowners have money set aside to address unexpected roof damage.

Specific to Austin, the survey found that 40% of Austin homeowners admit they don't currently have money set aside to repair or replace unexpected roof damage and yet in the last three years only 3% say they always check or have their roofs checked before the start of a season that typically brings bad weather.

"Understanding the importance of checking their roofs and knowing the basics of roof maintenance and damage can help ensure homeowners are better prepared for upcoming weather," says Tracy Sanders and Luke Evans of Sanders Roofing and Exteriors. "It can literally make a huge financial impact for you and your family."

Checking the Condition of a Roof

According to Tracy Sanders and Luke Evans, there are a few simple steps Austin homeowners can take to identify issues and make sure their roof is ready for upcoming weather: WIN (Walk the Attic, Inspect Your Ceilings, Note Outside Changes).

Walk the attic:

Often, early warning signs of current or future roof problems are visible in your attic long before they become apparent from the inside or the outside. Look for daylight coming from around any of the roof penetrations (e.g. chimney, soil pipe, vents, etc.) and check for any signs of moisture or staining on the underside wood of your roof including mold.

Inspect ceilings:

The first and simplest check that you likely do without even noticing it, is to occasionally inspect the ceilings in the rooms on the highest level of your home. Check for staining or discoloration on the ceilings of these rooms and hallways, especially during or after heavy precipitation.

Note outside changes:

At the start of each new season you should conduct an external visual inspection of your roof from the ground. Things to look for include: curling, blistering, damaged or missing shingles; missing granules including circular shapes; sagging shingle rows; moss or discoloration; and shiny shingles. IMPORTANT: A close-up inspection of your roof is recommended at least once a year, but if you are uncomfortable, inexperienced or have any doubts about your or your spouse's ability to do this safely, you should not try this and should call a professional roofing contractor instead.

Importance of a Certified Contractor

According to the survey, more than 54% of American homeowners

say that finding a contractor they could trust would be stressful – in fact, it is so crucial that most homeowners (75%) said they would be willing to pay more money to find a contractor they could trust. The survey also found that for three quarters of Americans (75%), the single most important sign to know if a contractor can be trusted was a certification by a national roofing manufacturer.

To find a trustworthy local roofing contractor, Owens Corning recommends the following:

- If someone says your entire roof needs to be replaced, but you are unsure, get a second opinion, especially on newer roofs
- Check to make sure that the contractor is fully insured and make sure you get proof
- Confirm that a contractor carries valid state & local licenses and fully understands local knowledge of codes
- Check that the contractor is affiliated/certified by a trusted national roofing manufacturer
- Make sure the contractor has good standing with the Better Business Bureau; you can find out by visiting <https://www.bbb.org/en/us/search/>
- Looking for a trustworthy and reliable contractor in your area, but don't know where to start? Visit <https://www.sandersroofs.com/> or, for a list of additional reliable, vetted independent contractors in your area, visit www.owenscorning.com/roofing/contractors.

About Owens Corning

Owens Corning (NYSE: OC) develops, manufactures, and markets insulation, roofing, and fiberglass composites. Global in scope and human in scale, the company's market-leading businesses use their deep expertise in materials, manufacturing, and building science to develop products and systems that save energy and improve comfort in commercial and residential buildings. Through its glass reinforcements business, the company makes thousands of products lighter, stronger, and more durable. Ultimately, Owens Corning people and products make the world a better place. Based in Toledo, Ohio, Owens Corning posted 2017 sales of \$6.4 billion and employs 19,000 people in 37 countries. It has been a Fortune 500® company for 63 consecutive years. For more information, please visit www.owenscorning.com/.

About Sanders Roofing and Exteriors

Sanders Roofing & Exteriors has been pushing the limits for the past 10 years to become the most reliable roofing company in all of Central Texas. Tracy and Kim Sanders and Luke and Michele Evans are the operators of Sanders Roofing & Exteriors, overseeing its day-to-day success. As a family owned and operated company, much of our business comes from referrals. If we don't do our job to your satisfaction then you won't recommend us to your family, friends, and neighbors – and everyone loses! We promise quality workmanship and products for every job, and our customers can testify to the high standards we maintain. Sanders Roofing & Exteriors is a proud Owens Corning "Platinum Preferred Contractor". For more information, visit <https://www.sandersroofs.com/>.

SUNDARA MEMORY CARE HOSTS LEWY BODY DEMENTIA CAREGIVER SUPPORT GROUP

In Texas alone, roughly 1.3 million caregivers provide an average of 20 hours a week of unpaid care for friends and loved ones with Alzheimer's or related dementia. Caregiving is a demanding undertaking and results in such high levels of stress that 65 percent of caregivers will have a major health crisis before their loved ones die of the disease.

Many people think that Alzheimer's is the only type of dementia and that one type of support group will suffice, but Sarah Hyde-Williams understands that is not the case, which is why she started the North Austin Lewy Body support group, for those struggling with caregiving for a loved one with this type of dementia.

"Our support group truly focuses on education and support," said Sarah Hyde-Williams, Support Group Leader. "Our participants can expect an understanding counselor's heart when coming to our group. I will truly focus on hearing the participant and validating their feelings whatever it may be on a given day."

Sarah has been leading support groups both in mental health and dementia worlds for 15 years and Kelly Hudson, co-facilitator of the support group and owner of Sundara Memory Care has been in the dementia field for over 25 years. With their knowledge and compassion, they are able to provide valuable support for caregivers.

"These groups educate and inform participants about dementia and help caregivers develop methods and skills to solve problems," says Christian Wells, President of the Alzheimer's Texas. "They encourage caregivers to maintain their own personal, physical and emotional health as well as providing peer guidance on how to care for the person with dementia."

Sarah Hyde-Williams hosts the group at Sundara Memory Care in Round Rock, TX the second Monday of every month at 6 p.m.

When: 2nd Monday of every month at 6:00 p.m.

Where: Sundara Memory Care, 1000 Rusk Rd. Round Rock, TX 78665

Contact: Sarah Hyde-Williams (832) 794- 8810

For more information about support groups offered in Central Texas call (512) 241-0420 or visit www.txalz.org.

MORE HOMES LISTED

MORE HOMES SOLD

FOR MORE MONEY

THAN ANYONE IN SOUTHWEST AUSTIN!

“The #1 virtual tour real estate website, originally designed in 1999 and still serving our Southwest Austin residents today.”

John Squires and the Squires' Team with **Keller Williams Realty**, your neighbors and realtors for life.

John Squires **“Sold!”** these 7 Southwest Austin homes in the last 2 weeks, most of which received multiple offers. Yes, it is that time of year when buyers are out, but the properties must be cleaned, lightly renovated (partially painted in some cases and sometimes carpeted), **lawns manicured** and professionally staged to get these results. John personally applies his maximum effort on *each* of his listings to get excellent results for his clients every time. John knows the builders, each specific Southwest Austin neighborhood and the values of all. John personally handles each of his clients himself and they are never handed off to another agent or assistant. John has sold hundreds and hundreds of homes in the Southwest and he can sell yours too. Call him at any time. 512 970-1970.

6209 Salcon Cliff—John's Listing was **“Sold!”** with 4 offers over full price 3 days on market. The winning bid was *well over* full-price. Home was listed at **\$479,000**.

6729 Hansa Loop—John's Listing was **“Sold!”** with 3 offers within 3 days on the market. The winning bid was *well over* full-price. Home was listed at **\$539,000**.

7209 Red Pebble -John's listing was **“Sold!”** with 2 offers within 4 days on the market. The winning bid was near the list price. Home was listed at **\$509,000**.

5901 Back Bay Lane— John's Listing—**“Sold!”** with 1 offer within 5 days. Home was listed at **\$469,000**.

10001 Austral Cove—John's listing was **“Sold!”** with 2 offers in 4 days. Listed at **\$469,000**.

6402 Danvers Court- John's listing was **“Sold!”** with 1 offer in 5 days. Home was listed at **\$489,000**.

10900 Palgrave Ct.— John's listing was **“Sold!”** with 2 offers in 3 days. Home was listed at **\$409,000**.
