Official HOA Newsletter for Lakeshore

Volume 4, Issue 8

Congratulations Redmons!

On February 17, 2018, the Lakeshore Community Clubhouse was transformed into a 'baby wonderland!' Patricia Washington, utilized the facility to host a fabulous baby shower for her sister and brother-in-law, Regenia and Jonathan Redmon. All are Lakeshore residents.

Regenia and Jonathan prepared to welcome their first child by celebrating with more than 70 friends and family from as far away as California. Patricia planned every detail of the beautiful affair from color coordinated backdrops and lush table linens to floor to ceiling fresh flowers. Table centerpieces featured carefully curated outfits that the baby will be able to enjoy as she grows.

Guests enjoyed appetizers and a lunch catered by Italiano's in Atascocita and a tower of cupcakes were from Yummy Tummy Bakery in Humble. A special table was set just for dad-to-be, complete with a 'survival' tool kit and instructions for diaper duty. Patricia and Regenia's mother, Grace Washington and Jonathan's mother, Georgia Redmon were seated head table with the parents-to-be.

The celebration was complete with hours of fun games with shower themed prizes. Patricia and Grace hand-crafted tasty favors for the guests so no-one left empty handed.

Regenia and Jonathan would like extend their most heartfelt thanks to Patricia for hosting such a grand soiree in their honor and acknowledge that she has been promoted from Best Sister Ever to Best Aunt ever! They would also like to thank the bevy of neighbors, family and friends who attended the shower and were so generous to their sweet baby girl.

Our newest neighbor, Miss Reagan Harper Redmon was born on March 23, 2018 weighing 6 pounds, 8 ounces and was 21 inches in length. She is happy, healthy and the absolute joy of the Washington-Redmon family!

LAKESHORE COMMUNITY CRIME WATCH

Meeting Minutes

July 10, 2018, 7 p.m.

Next meeting: October 9, 2018, 7 p.m.
in the Clubhouse.

I. Crime Report Analysis

A. Deputy Constable Rodriguez attended the meeting. Deputy Rodriguez reviewed the crime statistics for the 2nd quarter 2018.

April 2018:

Burglary Vehicle: 6	Disturbance Family: 2
Alarms: 6	Suspicious Vehicles: 4
Suspicious Persons: 5	Other Calls: 90

May 2018:

Theft Habitation: 1	Criminal Mischief: 1
Disturbance Family: 1	Alarms: 4
Suspicious Vehicles: 3	Other Calls: 218

June 2018:

Criminal Mischief: 1	Disturbance Juvenile: 1
Disturbance Other: 1	Alarms: 1
Suspicious Vehicles: 3	Other Calls: 89

II. New Business

A. The meeting started at 7:00 p.m. After discussion of the crime statistics for 2nd quarter 2018, Mr. Furr discussed late night incidents involving unsupervised teenagers at the Lakeshore tennis court and swimming pool areas. He also discussed the fact that Texas Law holds parents responsible for property damages caused by their minors' actions.

B. Vehicle burglaries during the months of April and July 2018 were discussed. This was also a problem during November and December 2017. Again, as previously discussed, NONE of the burglaries involved breaking into vehicles. THEY ALL INVOLVED PEOPLE LEAVING THEIR VEHICLES UNLOCKED OVERNIGHT. People leaving their vehicles parked in driveways or on the street are AGAIN cautioned to remove valuables from plain view and to lock the vehicle when it is left unattended.

C. The dangers of leaving children and pets in unattended vehicles was discussed.

D. Recent deaths of children caused by firearms in the home was discussed. It is the gun owner's responsibility to keep their firearms safely stored and in a location where they are out of the reach of small children. Constable Mark Herman offered free gun locks to gun owners during the month of June. If you are interested, call the Precinct 4 Constables Office at 832-927-6200 to see if free locks are still available.

(Continued on Page 3)

(Continued from Page 2)

E. The next Lakeshore Community Crime Watch meeting is scheduled for October 9, 2018. Be sure to mark your calendars!

III. Precinct 4 Constables Website Home Page

A. The main page (<http://www.cd4.hctx.net/>) has a link to "Report It" in which you can record and securely store serial numbers, item descriptions, pictures, and scans of receipts so that your items may be easily identified in the event of theft or loss. Under the "Online Services" tab (<http://www.cd4.hctx.net/services.php>) residents can submit "Home Inspection Requests" as well as "Vacation Watch" requests.

HEAD LICE

Head lice can become a problem brought home from summer camp or during the school year. These insects are small, tan to gray, and wingless. Eggs, also called nits, are glued to the hair shaft near the scalp. Nits are dark in color until they have hatched and turn white. It takes 7-11 days for eggs to hatch. Females lay 3-5 eggs each day and live from 7-10 days.

Head lice reside on the hairy part of the head. If they drop off, they only live for about 2 days. They are incapable of surviving on pets and are not known to transmit any diseases from person to person.

Several states, including Texas, now have what are being called "super lice". Essentially these lice are resistant to pesticides commonly found in over the counter lice treatments. If you are using an over the counter treatment for lice and they are not dying, then you need to see a physician. Doctors are able to prescribe other treatments that can kill the lice.

To manage lice:

1. Use an effective treatment. Head louse shampoos contain insecticides so they must be used properly and with care. Wash the infested person's hair in a sink or basin so insecticide does not come into contact with other parts of the body. The person

shampooing should wear rubber gloves. Do NOT use off label products such as flea & tick shampoo, other insecticides, or gasoline. Only treat the infested person(s), but check everyone in the household.

2. Hair combing is an extremely important step in controlling head lice. Shampoos may not kill all eggs, so thorough combing can help remove eggs from the hair shaft. Wet hair and use a special metal louse comb to comb through small sections of hair. Remove debris from the comb with a tissue and place it in a plastic bag that can be sealed and disposed of when you are finished combing through all hair. Hair should be combed daily until no more lice or nits are found.
3. Clothing and bedding of the infested person should be washed in hot, soapy water at the same time as the treatment. If items cannot be washed, try dry cleaning. For items that cannot be laundered, place them in a sealed plastic bag in the freezer for at least 24 hours.
4. It's important to contact anyone your child has had close contact with to let them know of the head louse infestation.

Back to School Organization Tips

- ★ Make a checklist of everything that needs to get done between now and the first day of school.
 - ★ Fill in your calendar now with all important dates for the school year "mark important days like enrollment, open house, PTA meetings, and other upcoming events. Go to the school website to get a calendar for the upcoming year and write down all dates that pertain to your child so that you don't have to juggle and reschedule later on."
 - ★ Along the same lines, start visiting the school's website and/or Facebook page to stay on top of back to school announcements.
 - ★ Ease everyone back into the school schedule by slowly going to bed earlier and waking up earlier.
 - ★ You can also help the transition go more smoothly by creating chore charts for your kids for before school, after school and bedtime.
 - ★ Decide now how you're going to handle homework time. Pick a time of day when it will occur (right after school? after dinner?) and try to stay consistent with it. Set up a homework station or study spot in your house where all the supplies your child will need are handy in bins or boxes.
 - ★ Set up a cubby or box by your door where your child can store anything that needs to be taken to school the next day library books, gym uniform, permission slips, etc. to minimize the last minute rushing to find things.
 - ★ Before you go shopping for new clothes, take an hour or two to sort through all the clothing you already have so you know what you truly need.
 - ★ Start labeling everything with your child's name.
 - ★ Figure out ahead of time how you're going to store your child's artwork, projects, and school papers; otherwise they'll quickly start piling up and it will become an overwhelming task!
 - ★ Decide what you can do in the evenings to help your morning run more smoothly.
 - ★ Packing lunches can get stressful! Planning ahead is key.
 - ★ Speaking of food, try to meal plan at least for the first week or two of the school year otherwise, you'll have so much else going on that healthy meals will quickly fade away. Think through what you'll have for breakfasts, after school snacks, and dinners.
- Getting back into school routine can be a challenge after a fun & relaxed summer. We hope these tips can help take some of the stress away by being organized ahead of time! Hope you & your family have a successful 2018-2019 school year!
