We realize you have a choice so we appreciate the opportunity to earn your business. Building clients for life while giving back to the community in order to make a difference!

Fall is one of my favorite times of year. The weather starts to cool down, many fall festival events are going on, Friday night football and college football are in full swing. My husband Mark says, October is for the World Series!

Over the past month, I've enjoyed watching and hearing about friends and neighbor's adventures as their children head off to college. Seeing all the different posts of parents helping their children get settled in their new dorm rooms and reading the stories of the parents trip back home after their kids were settled in, has been heartwarming. Some were filled with joy, others emotional with tears, each one special in their own way. It's always fun to see kids take this next step in life, beginning an adventure to grow and learn more.

Now that school is back in session, buyers are back in the market for the end of year push to be in a home for the holidays. Historical trends confirm buyers are busy looking and making home purchases over the next 6-8 weeks. If a move is in your future in 2019, now is the time to meet and put a plan of action together so we can hit the ground running in January. As a full service Realtor with a proven track record, I have the resources available to assist with getting your home sold. Working together as a team, we will strive to get you the results you are seeking in this market. I also offer a free local move to all my clients. Some restrictions apply, so be sure to ask me about this offer.

Featured listing in Eagle Springs - 17318 Tower Falls Lane.

Pristine and elegance abounds throughout this beautiful Highland Home! Outdoor entertaining will be a breeze with sparkling pool and spa! Custom hand scraped hardwood floors, plantation shutters, custom interior painting, plus many other upgrades!

Thank you for your continued trust in me to assist you with all your real estate needs. I realize you have a choice, and appreciate the opportunity to earn your business.

Celebrating Cultures in Primrose® Classrooms Helps Children Develop Important Life Skills

Children today are growing up in the most connected world we've ever seen, and learning about and appreciating other cultures is important to their lifelong success. At Primrose School of Eagle Springs, children learn about the cultures represented in their classrooms and explore different parts of the world as part of our Happy Hearts Character Development and Life SkillsSM program. Our Celebrating Cultures unit helps children develop an understanding and appreciation for different backgrounds along with a sense of empathy.

Ellen Galinsky, president and co-founder of the Families and Work Institute and former president of the National Association for the Education of Young Children (NAEYC), defines perspective-taking as an essential life skill that involves putting aside one's own thoughts and feelings in order to understand how someone else perceives the world. In her book, "Mind in the Making," Galinsky explains that young children who learn this broader view have more developed conflict resolution skills and adjust to kindergarten faster, as they are better at anticipating their teachers' expectations.

"As our society becomes more diverse and the world becomes more interconnected, it is essential that children learn to value different backgrounds and perspectives," said Paula Morgan, Franchise Owner of Primrose School of Eagle Springs. "Skills like understanding other people's viewpoints translate into later-life experiences and prepare children for the world outside of our classrooms."

Primrose teachers introduce children to different cultures and help them develop

an appreciation for diversity in fun and meaningful ways. Children explore the following themes, which are integrated into daily experiences that help children apply the concepts to their own lives:

World Heritages: Primrose children learn that most people living in the United States have a separate country or culture of origin. Students participate in a Celebrating Cultures parade, during which students dress in attire representing their individual heritage. Younger children participate by contributing diversity-themed artwork to the festivities.

World Sports: Children learn about and participate in different sports from around the world, practicing teamwork at the same time. Teachers also introduce new sports vocabulary that is incorporated into daily activities.

World Animals: Children in Primrose classrooms explore animals from all over the world. They create arts and crafts that relate to the animal they are learning about and read books to reinforce their understanding of different animals and species.

World Music: Primrose children learn about the different instruments used to create music from other cultures. They are introduced to vocabulary words like "bongo" and "drum" and sing songs from different parts of the world.

At Primrose, we believe who children become is as important as what they know. That's why we emphasize character and life skills along with intellectual, physical and creative skills. Nurturing an appreciation for other cultures and different perspectives is just one of the ways we help little ones develop the foundation they need for learning and life.

Fall Clean Up: 10 Things to Purge Every Fall

Adding a fall clean up routine to your year is a great way to get the house ready for the holidays with less stress!

Fall Kitchen Decluttering

Spices & Seasonings – Take all the spices, seasonings, and condiments out of the cabinet and give the shelves a quick cleaning. Before putting everything back, check the expiration dates.

Have a piece of paper handy to keep track of what needs to be replaced. You'll be all set for holiday baking!

Freezer – Sometimes our freezer becomes a black hole where things go in and never come out. The fall is the perfect time to get it cleared out and ready for winter.

BONUS: If you have a little extra time, purge the pantry/food cabinet as well!

Fall Closet Decluttering

Sandals & Summer Shoes – Be honest about what shoes were REALLY worn this summer. Now is the time to donate or sell the others. The most effective way to tackle this is to remove ALL the shoes from the closet and then put back the ones that you wear. That also gives you a chance to wipe down the shelves or shoe organizer.

Swimwear – Fall is also a great time to purge the swimwear. I seem to add swimsuits and cover-ups, but never get rid of any.

BONUS: Peek at the family's winter coats and donate any that have been outgrown or are no longer needed now before winter hits. Someone will be so grateful that you did this one!

Fall Garage Decluttering

Toys – Any big toys the kids have outgrown should be cleared out in the fall, before the holidays. It's the perfect time to donate them.

Garden Tools & Products – Nothing kills my spring planting motivation faster than being ready to plant and finding everything a mess from the prior year.

Fall Living Room Decluttering

Magazines & Books – Do a quick sweep and lighten the clutter by purging outdated magazines. Look for books you know you'll never read again and pass them along to a new home.

Throw Blankets – At one point, I thought you could never have too many blankets around the living room. Then I kept adding new ones through both purchases and gifts and passed the saturation point.

Fall Bedroom Decluttering

Timer Challenge – I feel like everyone gathers different kinds of clutter in the bedroom, but that doesn't mean we can't address it. Set the time on your cell phone or microwave for 15 minutes, and try to find as many things as you can that can be removed.

Fall Bathroom Decluttering

Product Purge – Chances are you've got some beauty products that are never touched lurking in the bathroom. I'm definitely guilty of trying out products, not loving them, but not wanting to get rid of the. That is just crazy though! Keeping them around to clutter up the bathroom isn't doing any good.

I bet you and your home will both feel a bit lighter when you are done.

Lake Houston Ladies Club - October Meeting

The Lake Houston Ladies Club is a social organization dedicated to connecting women through monthly luncheon meetings, social activities and various interest groups. Our next luncheon will be held on Tuesday, October 16, from 10:00-12:30 at the Walden Country Club, 18100 Walden Forest Drive in Humble, Tx 77346. The cost

of the event is \$17 per person and includes lunch and entertainment.

Our theme this month is Healthcare and our guest speaker will be Lee Ann Hyatt, RN, BSN. Her topic will be Live for Today, Let's Make the Most of It! Lee Ann states, "Many of us struggle to live in the present. We find ourselves thinking about our happiness in the past or believe that we will be happy in the future when we accomplish something or reach a certain milestone. As a result, we may be missing the opportunity to truly feel happy...now, in the present moment." She will discuss this self-defeating behavior and give several suggestions on how we can learn to truly "Live for Today"!

The club welcomes new members from all surrounding areas. Many interest groups are available including Game Day, Shooting Club, Bunco, Mah Jongg, Lunch 'N Look, Tea Time, Movie Group, Supper Club, Hand Knee and Foot, Girls Night Out, Mexican Train, Reader's Choice and Bridge. There are also events during the year that include spouses or significant others. The club is an excellent way to meet new people and make new friends.

Please join us. New members are always welcome. For more information about the club and for luncheon reservations, please go to the club web page at <http://www.lakehoustonladiesclub.com> or call Karen at 281-900-5584 by Tuesday, October 9.
