Point Hope

You may have heard of DELILAH, the famous radio host of a nationally syndicated radio show with over 8 million listeners every night. Delilah is also an author--her latest, recently released, book is called "One Heart At A Time". Another passion of Delilah's is the charity she founded in May of 2005: POINT HOPE. Point Hope believes every child deserves a safe and happy life. Their goal is to be the "Voice for Forgotten Children" across the globe. That includes the 463,000+ American Children in foster care here in the US,

which is why "Points of Hope" Chapters are being established in local communities across America. (Point Hope also continues to do a lot of work with refugee and impoverished children in West Africa.)

Delilah believes one person can change the world, one heart at a time--she's seen it happen through a special event. Point Hope began this event in the U.S. called the "Point Hope Teenista", which is a day of pampering and mentoring for young ladies in the foster care system. She is encouraging other women to host a Point Hope Teenista in their community. Faye Batson, Debbie Woods and Susan Benefield, among other inspiring women, have worked to set-up a "Points of Hope Austin Chapter" and they are launching their first "Teenista" event on February 10th, 2019. What better time than Valentine's to initiate such an event, dedicated to pampering and loving on these deserving girls, many of whom don't see themselves as lovable due to their circumstances. There is no better time to encourage young women to love themselves than Valentine's Season! A local foster-care nonprofit, Austin Angels, is partnering with Points of Hope Austin for this amazing event by bringing together twenty young women in foster care for a special day of beauty and encouragement! Austin Angels' mission is to walk alongside children in the foster care system, as well as their caretakers, by offering consistent support through intentional giving, relationship building and

mentorship. Together, these two groups plan to bring a day of joy to the lives of several lovely ladies! A day for them to remember!

The community of Lakeway, and the surrounding area, has been instrumental in getting this off the ground. It could not be done without everyone's support and help! The day will kick off with Deer Run Chauffeur Service picking up the twenty young ladies in the Austin area. They will be chaperoned to Ringlets and Sass Hair Salon, as well as Lakeway Salon. The owners have graciously opened their businesses up to many enthused hair and make-up artists, all in the name of self-care, beautification, and love for these precious girls. After getting thoroughly pampered, they will set out to find a new outfit at Marshall's, for their "Star Stunning" photo session at the Hills Country Club. Professional photographer Lisa Wolniewitz, Valentina Pardi-MacGregor and Ashlee Carroll will be standing by to receive the delightful ladies on their arrival.

After their modeling session, a sit-down dinner will be served. Three speakers, Edith "Edie" Henry, Kelly Henry, and Crystal Olenbush will inspire and motivate these young girls. Singer/songwriter Candy Coburn is also scheduled to entertain. Cake will be provided from the city's premiere pastry chef Christy Duffell Seguin at "Cakes ROCK", and the final icing on the cake is all the contributions from various sponsors: Facial5 Dermacare is donating Kendra Scott jewelry, luggage bags provided by Austin Angels, Tote bags by Dr. Sheila Barbarino, and Michael O'Rourke (famous hair stylist and founder of BIG SEXY HAIR) is gifting 20 of his "ROCK YOUR HAIR" blow dryers!

Everyone with the Points of Hope Austin Chapter is proud to say, "Our community and friends from around the country have blown us away with their love, support, and generosity, all in the hope of changing "One Heart At A Time." (Find out more and get involved by contacting the Points of Hope Austin Chapter at their FaceBook page: [fb.me/PointsofHopeAustinChapter](https://www.facebook.com/PointsofHopeAustinChapter))

Council gives Rough Hollow citizens right to vote on ESD

Should the Travis County Commissioners Court call for an election, about 150 property owners in a portion of Rough Hollow will have the right to vote to decide whether they want to be included in a new emergency services district.

At its regular meeting Jan. 22, Lakeway City Council passed a resolution consenting to the creation of what would become Travis County Emergency Services District No. 16, subject to voter approval.

The new district would be an overlay that would assess up to 10 cents per \$100 property valuation to help fund emergency medical services within the boundaries of Travis County Emergency Services District No. 8, which petitioned Lakeway City Council to adopt the resolution.

The council's action does not form the district. Creation of the new district is contingent upon voter approval if Travis County calls the election for qualified voters within the boundaries of the proposed district.

3 Local Artists to hold Open Studio Tour In conjunction with the City Cool Arts Party March 9 & 10, 2019 ■ 12 noon - 6 pm

Have you ever wondered what goes on in an artist's mind and studio as they work? Do they listen to music and what kind of music? What does the space look like? You will get the chance to find your answers when Linda Wells, Tricia Perkey, Mary Barnes and Cis Dickson hold their art studios open to the public during the City Cool Arts Party on March 9 & 10. Don't miss this great opportunity to see behind the scenes of some of your favorite local artists.

Linda Wells has had her studio open almost yearly since the days of the Bluebonnet Bash Studio Tours in the '90s and enjoys showing everyone her studio/gallery in her home at 314 Explorer. She works in pastel and oils and does many paintings looking out her front windows at the sunsets on the lake. She also worked for Texas Parks and Wildlife for several years and does many bird and animal paintings. You may have seen her work at the Bunkhouse Gallery Show in the Spring. 512-963-4630

Tricia Perkey, at 506 Palos Verdes Dr., works in pastel and acrylic and has been experimenting with abstract mood and movement to provoke an emotional reaction. 512-800-4788

Cis Dickson is the newest arrival to Lakeway in this group with a truly amazing studio/gallery at 803 Sailmaster. Also a member of the Bunkhouse Gallery, her abstract representations of women and the natural world are an insightful journey to behold. 512-468-5868
All of these studios are within 5 minutes of the Activity Center.

Sports Complex Is Rezoned

Lakeway City Council voted unanimously on Jan. 22 to rezone 70 acres on Bee Creek Road from agricultural to parkland for the future Bee Creek Sports Complex.

Plans include batting cages, multi-use areas for baseball, softball and soccer, restrooms, trails, pavilion, playground, and soccer fields for public use.

The council action follows a unanimous recommendation for approval by the Lakeway Zoning and Planning Commission.

Sweetwater Residents Driven to Create a Safer Highway 71

White ribbons wrapped on trees and streets around the Sweetwater neighborhood during November served as a reminder of the tragic loss of a beloved resident. In late October, his vehicle was struck by a truck that crossed into his lane just east of the Pedernales Summit Parkway intersection, marking yet another fatality on Highway 71.

Members of the newly mobilized Safer 71 organization want to ensure this tragedy is not in vain.

Safer71 is a non-profit comprised of residents of Sweetwater and surrounding neighborhoods. The group aims to achieve a zero-fatality road corridor on SH71 between Southwest Parkway and the Blanco County Line. This stretch of highway has seen 20 auto-collision deaths and 128 serious injuries since 2014. Seven of these fatalities occurred in 2018 alone and collisions are on the rise from previous years.

With many subdivisions far from their full build-out, multiple new schools approved for construction, new sports facilities in the works, and commercial developments springing up along Highway 71, this stretch of road will continue to see an increase in population and traffic. Without safety improvements to SH71 and a change in how people drive along it, the next accident is just waiting to happen.

Working with municipal and county governments, traffic jurisdictions, and local neighborhoods, Safer 71 aims to provide the necessary research, advocacy and outreach programs to ensure that SH71 becomes a road that people can feel safe driving on every day. Their charter focuses on a comprehensive approach to the problems: Engineering, Enforcement and Education.

Safer71 asks that you join the effort by supporting, promoting or volunteering with its efforts. Visit www.safer71.org to learn more, stay informed on how you can help create a safer community for all residents and travelers on Highway 71.

Citizen Advocates for Animals (CAFA) and Wildlife Advisory committee (WAC) in the News

There is action in the works with CAFA and WAC. The most recent WAC meeting was led by Warren Bluntzer, the wildlife biologist hired by Lakeway. His presentation included available options for deer management. More information on this topic will be continued at the Feb. WAC mtg. at City Hall.

A committee is forming with four volunteers to research the many sign options available to implement in Lakeway to lower the deer/vehicle accidents. Some options have already been presented to WAC by CAFA. The committee will work to present its best ideas on appropriate signs in Lakeway. The latest figures show the deer population to be stable, but the goal presently is to lower accidents involving wildlife.

CAFA also presented the Wildlife Advisory Committee with information about human tragedies (injuries and deaths) that occurred as a result of wrought iron fencing with spikes above the top horizontal bar. A three-year old boy in Georgetown died due to being stuck between the spikes on his fence. Also, our local deer have been impaled many times on these spikes as the deer attempted to jump the fence. WAC has agreed to the need to address the code regarding any

new fencing that would disallow the spikes on the fences. Residents who have the spiked fencing can use several options to make their fencing safer, including the removal of the spikes, having a fence company form a channel that is welded over the spikes, leaving a clean horizontal bar.

There is ongoing work being done to make Lakeway a safer place for animals and people. Updates will follow with the progress we are hoping for.

Lakeway Gymnastics Team Wins at International Competition in New York

The local gymnastics team from Flipnastics in Lakeway won the Manhattan Classic, an international gymnastics competition, held this past weekend in New York City (www.manhattanclassic.com).

The event attracts over 10,000 spectators and features athletes from 26 states and six different countries.

The winning Level 6 team was lead by Taylor Hensley, a fifth grader at Steiner Ranch Elementary, who won the all around and uneven bars, and captured silver on the vault and bronze on the balance beam.

Avery Childs, a fourth grader at River Hills Elementary, won the silver in the all around and balance beam and was uneven bars champion.

Claire Kremer, a sixth grader at Lake Travis Middle School captured silver on the vault and bronze on the balance beam and floor exercise.

Caitlyn Wagner, an eighth grader from Cedar Park Middle School, earned the silver on the uneven bars.

The Flipnastics team is coached by Rachel Shaffer and Erica Peressin. (www.flipnastics.com)

Lake Travis Community Library Fine Forgiveness Campaign

In conjunction with Love Your Library month, the Lake Travis Community Library is holding a Fine Forgiveness campaign in February. With the donation of a nonperishable food item, the library will forgive up to \$20 in fines.

"We know that fines can add up and we want to make sure everyone has access to the library and to our materials,\" said Library Director Morgan McMillian. \"Reducing fines is one way to bring customers back into the library and back to borrowing the materials they need.\""

Anyone with overdue fines or fines as the result of lost or damaged materials may bring in a charitable donation of a nonperishable food item to clear the fines up to \$20. Donations collected at the library will be given to Lake Travis Crisis Ministries.

For more information on the Lake Travis Community Library and the Fine Forgiveness campaign, visit www.laketravislibrary.org or call (512) 263-2885.

The Lake Travis Community Library

**Will host the Great Decisions
series on Thursdays at 7pm
starting in February**

Great Decisions is a nationwide, non-partisan program of the Foreign Policy Association intended to broaden public involvement in foreign affairs. The discussion group will meet for eight consecutive weeks and focus on timely topics such as migration, populism, and the Middle East. While enjoying refreshments, participants first view a 30-minute DVD on the given topic and then engage in a discussion led by an informed moderator. Before each meeting, you may read the briefing book available for checkout from the library or for purchase from greatdecisions.org. This is a free program and no registration is required.

Lakeway history series serves up tennis talk at library

The Lakeway Heritage Committee's history series continues with a free presentation about the World of Tennis and the city's tennis history at 7 p.m. Feb. 19 at the Lake Travis Community Library, 1938 Lohmans Crossing.

Cliff Drysdale, top world-ranked tennis professional during the 1960s and '70s and the World of Tennis' first touring pro, will share his insights into this exciting time in Lakeway's history.

In 1970, Dallas real estate developer Robert Alpert purchased the Lakeway Company. Alpert's vision included adding a "world-class tennis facility" to the Lakeway Inn, which is now the Lakeway Resort and Spa. Alpert's partnership with Lamar Hunt and Al Hill Jr. created the World of Tennis in 1972, home to the World Championship Tennis (WCT) professional tour.

"We are pleased to be working with Cliff Drysdale and Lake Travis Community Library to bring this part of the city's history to the public," said Bill Hawkins, Lakeway Heritage Committee member. "Come meet the pro who was instrumental in putting Lakeway on the tennis map."

An additional installment in this series is set for March 19 at 7 p.m. at the Lake Travis Community Library.

For information, contact the Lakeway Heritage Center at 512-608-9533 or history@lakeway-tx.gov.

Courtesy of Cliff Drysdale - Former world-ranked tennis player Cliff Drysdale will discuss his experiences as a pro in the 1960s and '70s and the early years of the World of Tennis at the Lakeway Heritage Committee's next history series presentation on Feb. 19 at the Lake Travis Community Library.

Offering both 1 on 1 and small group (3-5 athletes) wide receiver development training sessions weekly throughout Austin and the surrounding areas.

Mission statement: To take what I've learned from playing at both the collegiate and professional level and bridge the gap between what's being taught at the highest level of play to those even as young as 4th grade.

Women's Club of Greater Lakeway

On Monday, February 25, 2019 the Women's Club of Greater Lakeway will host guest speaker, Admiral William H. McRaven, Retired. McRaven has been a major player in some of the most notable and impactful international events of recent history. He commanded the troops that captured Saddam Hussein and rescued Captain Phillips. **He is also credited with developing the plan and leading the mission that killed Osama bin Laden in 2011.** As a combat veteran of Desert

Storm and the wars in both Iraq and Afghanistan, he rose to the position of Commander of U.S. Special Operations, a combatant command charged with overseeing the special operations of elite forces of the United States Army, Marine Corp, Navy and Air Force.

McRaven recently retired as Chancellor of the University of Texas, one of the nation's largest and most respected university systems and is himself a graduate of UT, Austin. As chief executive of the university system McRaven oversaw 14 campuses that educated 220,000 students, and employed 20,000 faculty and over 80,000 health care professionals.

Widely recognized as an authority on U.S. foreign policy, McRaven has advised presidents and other U.S. leaders on defense issues. His speaking engagements typically focus on encouraging young people to be disciplined and goal-oriented, and to dare to change the world. He has been recognized numerous times for his service and leadership with honors such as NFL Man of the Year, runner-up for Time magazine's Man of the Year and The Donovan Award. His most recent recognition was the Judge William H. Webster Distinguished Service Award for a lifetime of service to the nation.

McRaven will speak to the Women's Club about lessons he learned as a Navy Seal which will be the topic in his up-coming second book. His first book, "Make Your Bed" is a #1 New York Times Best Seller, and is frequently chosen as a graduation gift.

McRaven resides in Austin with his wife Georgeann. He has three grown children and stays active with his writing, speaking engagements and board commitments.
