

## Inaugural Pearland Half Marathon

**13.1 • 10K**

**03.24.2019**

[WWW.RUNPEARLAND.COM](http://WWW.RUNPEARLAND.COM)

The Inaugural Pearland Half Marathon will take place on Sunday, March 24, 2019. Runners & walkers from Houston and many surrounding counties, will tow the starting line, ready to run!

The Pearland Half Marathon will start and finish at Pearland High School and the course will run through Pearland, with a fun loop around the Trail at John Hargrove

Environmental Complex.

Spectators will line the course, to cheer on their family and friends. Hydration stations, stocked with water and electrolytes, will be at approximately every mile. All Half marathon and 10K participants will receive a commemorative participant shirt and finisher medal! If running isn't your jam, please consider volunteering! We are looking for MANY volunteers to cheer on the runners, pass out water and much more. All volunteers will receive a yummy breakfast along with a comfy t-shirt. For big volunteer groups, please contact Lisa Hartman at [lisa@irunproductions.com](mailto:lisa@irunproductions.com)

To register to run or volunteer visit us at [www.runpearland.com](http://www.runpearland.com)

Come join us for a great time, we look forward to seeing you there!

## Silvercrest PTA

BRR! Winter is in full swing, as is our new term. We have a lot to be proud of and a lot of future events to enjoy. Let's continue to focus on good study habits and good winter health, Spring will be here before we know it!

## PTA Reflections Competition: Heroes Around Me

We would like to congratulate all of our advancing entries in this year's Reflections Competition, as well as express our appreciation to all students who participated! We had an amazing set of entries, and our judges thoroughly enjoyed reviewing all of them. Advancing entries have moved onto the Council Level for further review, with the potential to advance to the State and National Levels. These students were recognized at our Reflections Celebration at the General PTA Meeting in January.

Please join us in congratulating the following students:

## Preventing Frozen Pipes

The American Red Cross has good advice concerning preventing frozen pipes.

Recommendations to consider before and during the onset of cold weather:

- Close any inside valves that supply outdoor hose bibs
- Open outside hose bibs and allow water to drain, keep valve open
- Newspaper can provide protection to exposed pipes in areas that do not have frequent or prolonged temperatures below freezing.
- Keep garage doors closed
- Open kitchen and bathroom cabinet doors to allow warm air to circulate around plumbing
- Let water drip from the faucet as even a trickle of water helps prevent freezing of pipes
- Keep the thermostat set to the same temperature both day and night
- If you are away, leave the heat on in your home to a temperature no lower than 55 F
- Wrap exterior pipes with commercial pipe wrap or old towels or cloths

Don't forget about plants and pets when the temperature drops. Protect plants with cloth coverings and keep pets indoors.

## TEXAS A&M AGRI LIFE EXTENSION

### Flour Beetles

There are two types of flour beetles that may be encountered in the home- red and confused. These beetles are small (about 1/8" in length), reddish-brown to brown in color with a somewhat flattened body. Adults can be long-lived and survive up to 3 years. To tell the difference between the two, you would need to look closely at the tip of the antennae; red flour beetles have a distinct 3-segmented club while confused flour beetles have a gradually formed 4-segmented club. Fortunately, you don't really need to get that detailed in identification to manage them as they feed on similar foods and are often found in the same areas.

Flour beetles feed on grain dust and milled grains, but can also feed on undamaged grains. In homes they may be found in cereals, flour, pasta, dried beans, chocolate, nuts, herbs, spices, crackers, dried pet food, dried flowers and cake mix. With large populations of the insects, they may cause a foul taste and odor to infested products due to a secretion from their scent glands.

*Confused Flour Beetle*

where pet food is stored or areas with dried flowers or potpourri. Sometimes people see flour beetles during or after they have had a rodent infestation because the beetles can eat grain that may be in rodent baits or eat food from rodent nests where food was stored.

#### Management tips:

- Inspect all food items and get rid of anything infested. If you do not want to throw away infested food, you can either put in in the freezer for a week or heat in the oven at 200 degrees for 2-3 hours to kill off insects.
- Clean all pantry areas, making sure to get any grain dust out of cracks and crevices. Use a cleaning solution after all debris is removed. Seal any cracks where grain dust may accumulate with a sealant product.

*Red Flour Beetle*

- Do not buy damaged or expired items from the grocery store.

- Use products promptly. If you go away for a period of time (a week or more), store items in the freezer.
