31st Annual B.F. Adam Golf Classic

May 9, 2019, the Cy-Fair Educational Foundation (CFEF) will celebrate its 31st annual B. F. Adam Golf Classic at BlackHorse Golf Club. Allegiance Bank joins the Foundation as our new tournament underwriter. IBI Group, Linebarger Attorneys at Law and Zenith Real Estate Group are supporting CFEF again this year as Platinum Sponsors. Gold Sponsors include Cromdane Steel, Division One Construction, PBK, Salas O'Brien and Satterfield & Pontikes Construction. The Backyard Grill joins Carl's BBQ as our dinner sponsors. Caldwell Companies has been the tournament lunch sponsor since 2011.

One of the largest non-celebrity tournaments in the Houston area, the B.F. Adam Golf Classic is a prime example of our trustees and community business partners working together to raise scholarship funds for students of Cypress-Fairbanks ISD. Our first tournament raised \$3,500 and over the past 30 years the B. F. Adam Golf Classic has successfully raised almost \$3.5M.

CFEF was established in 1970 as a non-profit to raise money to fund scholarships for high school graduates. Through the generosity of the Cy-Fair community and commitment from the Board of Trustees, the Foundation has grown tremendously with scholarship awards totaling more than \$8.5M to graduating seniors from Cypress-Fairbanks ISD. CFEF is a 501(c)3 non-profit organization, all contributions are tax deductible, as allowed by the law.

First Ladies of Christ The Redeemer

The Administrative Leadership of Good Shepherd wanted to take a moment and let our church family know what has been going on in response to Pastor Bill's announcement this past Sunday that he would be stepping down for a six-month sabbatical.

On Monday, March 4th, the Staff Parish Relations Committee met and had an opportunity to engage our potential Interim Pastor. Based on that,

we discussed the recommendations that would be made to our Finance Committee and to Church Council, who met the following evening.

As committees, we struggled with many healthy and appropriate questions. I believe the meetings were a clear demonstration of the grieving that we are going through as a congregation, and after a heartfelt time of conversation, we emerged in faith rather than fear.

After a long discussion, the Council took the following actions:

We approved Bill's request for a six-month sabbatical.

We authorized the SPRC to engage Jim Jackson as our Interim Senior Pastor to serve our congregation for the next six months.

Rest assured that the Church Council, the Staff Parish

Relations and Finance Committees will be seeking God's guidance as we look to the future. Pastor Jim Jackson has already begun some amazing work, and will be with us Sunday to lead worship. We are asking you to join us in prayer for our family of faith and to trust in God's will and providence. While we will be asked serious questions by our friends and neighbors, it is important for us not to engage in speculation and gossip. Our church does not belong to any preacher, any committee or any particular group. Good Shepherd United Methodist Church is the earthly body of Christ and as such belongs only to Him.

I thank our leadership, the many volunteers at Good Shepherd, and group leaders for their faith, time and commitment -- in the past, during this critical time, and in the future.

As was mentioned Sunday, we do have contact with the Crisis Team from the Annual Conference who are here for us in this time of need. Should you wish to speak with one of them, please contact Rev. Mary Tumulty (marytumulty@gmail.com).

Finally, I remind you of the grace that God offers to all of us. As our church family moves through this season of transition and follows God's plan, join me in prayer that we experience the revival, purposefulness and joy that God promises.

Cynthia Blackshear

Chair of Staff Parish Relations Committee

RAPTORS

By Cheryl Conley, TWRC Wildlife Center

Baby Screech Owl

Have you ever heard of a hawk vest, raptor shield or coyote vest? I had no idea they even existed until I started researching this article. Although they may go by different names, they are all very similar and serve the same purpose. They claim to protect small animals from birds of prey, coyotes and even aggressive dogs. Now you may think this is silly and even a little

ridiculous but if you're someone who has suffered the loss of a pet snatched by a raptor or coyote, it makes perfect sense. As recently as January 18th in Pennsylvania, an 8-pound bichon frise was playing in the backyard when an eagle swooped down, grabbed it with its talons and flew off with it. Not to worry. For some unknown reason, the eagle dropped it 4 miles away and the dog recovered.

A bird of prey is a meat-eater but not all birds of prey are raptors. Eagles, owls, ospreys, kites, hawks, buzzards, harriers, vultures, and falcons are all raptors. Three traits help distinguish a raptor from other birds of prey and these three traits make raptors excellent hunters. A raptor has a curved beak with sharp edges, sharp claws or talons and excellent eyesight.

Of all the animals in the animal kingdom, raptors have the best eyesight. Their eyesight is 6 to 8 times better than ours. As far as which raptor has the best eyesight it is most definitely the eagle. It is believed that an eagle can spot an ant crawling on the ground from atop a 10-story building, or a rabbit up to a mile away. Breaking that down even a little further, this means an eagle flying at an altitude of 1000 feet over open country could spot prey over an area of almost 3 square miles from a fixed position.

The talons, or claws, of raptors are curved downward and are razor sharp. If you were to see a raptor's foot up close you would also notice rough bumps on the pads of the feet which aid in hanging onto their prey like slippery fish. The raptor swoops down and with a vise-like grip either kills the prey or inflicts serious wounds.

The beaks of raptors are all the same. They are curved with very sharp edges. They use their beaks to tear off fur, pull out feathers and tear meat into bite-sized pieces that they swallow whole.

Raptors also have what we would call a "tooth" on the inside of the upper part of their beak. It's shaped like a triangle and is called a tomia. This is used to cut the spinal cord of its prey.

If you come across an injured raptor, there are very important steps to take to insure your safety and the safety of the bird. First, call TWRC Wildlife Center. If the bird doesn't fly away when approached, this doesn't always mean it's injured. It could be protecting food or babies. If it is determined that the bird actually needs rescuing, we will direct you on how to safely capture and restrain the hawk. If you do not feel comfortable handling the hawk, we can recommend other options for transport. If it is injured, you'll need heavy gloves, safety glasses and a thick towel or blanket. Throw the towel or blanket over the bird and take hold of the bird by keeping its wings close to its body and your hands out of reach of the talons. The towel provides darkness and darkness helps calm birds. Place the bird in a sturdy box or pet carrier that is only slightly larger than the bird. If the container is too big, the bird can flop around and can cause further injuries. Be sure to remove the towel or blanket. Now place that towel or blanket over the carrier. Bring the bird to us as quickly as possible for care. Please do not attempt to feed the bird or provide water. As with most wild animals, it is illegal to have raptors in your possession. They are federally protected under the Migratory Bird Treaty Act of 1918.

If you have wildlife questions, please call us at 713.468.8972 or check our website at www.twrcwildlifecenter.org.

Pay It Forward

There is also an annual International Pay It Forward Day that helps remind people to do so. It is on April 26 every year. The website provides lots of ideas for the different activities people are doing around the world, ideas about what you can do, business cards you can print to share the message, and a place where you can share your stories.

There are so many reasons to do good deeds that go way beyond simply helping the recipient of the deed. You may question your own motivation if you are giving for these reasons instead of giving only for the sake of giving. I understand the questioning since some benefits just feel ickier than others. In the end, though, no matter what reasons you choose forgiving, you should continue to give. Your contribution, no matter what the intention is behind it, will still help make you a better person and the world a better place.

<http://www.good-deeds-day.org/> Any day is an excellent day to do good deeds. There is no time like the present to do something nice for someone.

Still on the Fence About Hosting an Exchange Student?

You don't have any kids? Are you a single parent? Same sex couple? An empty nester? This is not a problem, we place our students in all kinds of families!

You're not rich? Neither am I! Your exchange student comes with their own spending money and health insurance. All you provide is room/board and three meals a day. Oh and TLC...but that's free.

Live in the middle of no where? Small town? Not a big deal. Some kids prefer to get away from the hustle and bustle of big cities. The exchange students also do pretty well in small schools, as they usually get to be the center of attention and make friends rather quickly. Our students also get chances to travel to New York, Washington DC, Hawaii and California...so they can get their fill of the city life and return back to the peaceful sounds of nature.

Do you consider yourself a boring person? More than likely this is not true, and you should quit being so hard on yourself. Your student will make friends. Your student will meet other exchange students. Your student will attend activities offered by our program. Your student

will get involved in sports and school clubs. Your purpose is not to entertain them. But you might find that you bring a little adventure to each others lives.

Kids are too young? Great! Lots of students love young kids, and your kids will love them. It's beneficial to introduce your kids to new cultures at a very young age. You're preparing them to accept people no matter what the religion, color of their skin, or language they speak. That my friend, is good parenting.

Don't hold back! This is a great experience for both parties. You get the opportunity to change a child's life. You get the satisfaction of seeing them grow, even after they leave your home into becoming a doctor, a lawyer, a diplomat, artist, teacher...the list goes on. And you contributed to that success! And the best part of it all, is you gain another family member for life. We need people like you to give these kids a chance.

STS Foundation is a 501(c)(3) organization whose mission is to place exchange students in our area. If you are interest in hosting, please contact me at 832-455-7881 or at vicki.stsfoundation@yahoo.com. I'll be happy to answer any question you might have and get you started on hosting your very own student!
