Cypress Christian School

The ACSI District Middle School Speech Meet took place on March 8. Several Cypress Christian students, in each grade, participated in events like puppets, readings, monologues, Bible memorization and poetry. Congratulations to all of our participants! We had several gold, silver and bronze medal winners.

On March 22, CCS high school Warrior Tribes took part in a full day of school-organized community service. Some of the high school students stayed on campus working with the elementary school for their annual Tribal Wars competition. Other students worked out in the community on specific projects designed for their group. CCS students work hard to make a huge difference in the lives of others in our community and on our campus throughout this day of service.

On March 25, the Cypress Christian School National Honor Society inducted 35 new members: three seniors, four juniors and 28 sophomores. The central theme of the ceremony was "service." Students were encouraged to serve others for the glory of God.

Thursday, May 2 Cypress Christian School will host a Kindergarten Preview.

Visit CypressChristian.org/Admissions for more details.

Messiah: A Lutheran Faith Community | Camp Hope

LAB: REWRITE THE RULES

Week 1: July 8-12, 2019

Week 2: July 15-19, 2019

Week 2: July 22-26, 2019

9:30 am – 3:30 pm

Camp Hope is our three-week day camp for children ages 5 years old through 6th grade. It is an adult mentored student led ministry. Each day, children will hear a new Bible story; learn what it means to their life by creating a craft, eating a snack, playing a game, and experiencing the story through expressive arts, STEM and worship.

Camp Hope is a day camp that is passionate about growing leaders. This is one of the reasons that Camp Hope is one of the BEST ways to develop youth leaders. It's a vital part of what Camp Hope is all about!

Parents are invited to register their children online at www.messiahlc.org/camp-hope. For more information, call 281-890-3013.

Messiah Lutheran Church is a congregation of the Evangelical Lutheran Church in America (ELCA). Messiah is located at 11522 Telge Road, ½ mile north of Highway 290. Regular Sunday worship times are: 8 am—Traditions; 9:30 am—The Gathering; and 10:45 am—The Crossing. The Discovery Time (education) is 9:15-10:30 AM on Sundays. For more information, 281-890-3013 or www.messiahlc.org. All people are welcome at Messiah.

Become a Host Family - FAQs

What does hosting mean? Hosting means you open your heart and home to a teenager from another country. You provide the same loving, caring environment for them as you do a member of your own family.

What kinds of families are acceptable? We accept many types of families: single parent families, families with children of any age, childless families and families with grown children.

What is the host family responsible for? The host family is responsible of providing three meals a day, registering the student in school, a separate bed and a quiet place to study. The STSF local LC will obtain the signed school acceptance form prior to the student's arrive to the country.

What happens if the student is ill or in an accident? Our students have their own medical insurance. Each student should have an ID card and claim forms before they arrive. STSF will help with the filing of claims.

What about spending money? The student's natural parents agree to send adequate spending money. This money should be enough for clothing, social activities, trips, school expenses, and telephone calls to their home country. Ideally, students will already have a bank account when they come over that they can access with an ATM card. Host Families can also assist their students in setting up savings or teen account.

Are we supposed to show them America? Trips are organized and available to the students through their Regional Directors or through an STSF approved travel organization. Keep in mind that this is an academic program with opportunities for travel for students who are meeting academic standards. RDs also sponsor trips for students. More information about these trips will be given throughout the year.

What is expected of the exchange student? Our students are here on an academic program. This means, they must attend all of their classes, participate in class and maintain at least a C or above in each class. The student has an orientation that explains the rules they agree to abide by. These include obeying all local, state and federal laws. They may be immediately dismissed from the program and sent home for violation of these laws. They are expected to follow host family rules concerning family responsibilities such as chores. They must also obey curfews established by the host family.

What is the length of stay? Most of our students arrive in august for a 10 month academic stay. They must return to their home country 7 to 10 days after the last day of school. These are a few students who only come for a semester. Some arrive in January and stay until December. How do you match students to Host Families? We try to find students whose hobbies and interest match the family members. We look for common interest in the arts, sports, and religious involvement. The host Family may request a student from a country they have special interest in. We try and match as much as possible to ensure a successful experience.

Are Host Families paid to host? No, but host families receive a \$50.00 tax deduction (Charitable Contribution) per month for each month the students live with you.

What are the rewards of hosting? Your family gains a new family member. The relationship that evolves throughout your year as a host parent will last a lifetime. The focus of this program is to have host families and students learn from each other.

If you are interested in hosting, please contact Vicki Odom at 832-455-7881 or vicki.stsfoundation@yahoo.com.

Mosquitoes

Mosquitoes can not only be irritating by biting, but they also are able to transmit various diseases to humans and animals. They are known to transmit heartworm in dogs and cats, and they can spread encephalitis (including West Nile Virus), Chikungunya, Zika, dengue, yellow fever, malaria and filariasis among humans.

Most female mosquitoes require a blood meal for egg production whereas males feed on nectar and do not bite. Eggs are laid on the surface of water or in dry locations that can be flooded by water. Eggs laid in dry locations can remain dormant under for several months. Eggs hatch into larvae, or wigglers. Mosquito larvae live in water and feed on organic debris or microscopic plants and animals. Larvae molt into pupae which are non-feeding. Mosquito pupae spend the majority of their time at the surface of the water, only moving when disturbed.

Many things can help to reduce mosquito problems around the home. Since three of the four life stages of mosquitoes are in or near water, it is best to eliminate all sources of standing water. Containers such as watering cans, buckets and bottles can turn into mosquito breeding grounds. Water should be drained from birdbaths, gutters, flowerpots and pet dishes at least once a week. Children's wading pools should be emptied of water at least once a week and stored so they cannot collect water when not in use. Tree holes should be filled in with sand or mortar, or drained after each rain. Leaky faucets and pipes located outside should be repaired.

Areas that cannot be drained, such as ponds or large rain collection systems, can be stocked with fish that eat mosquito larvae. Dunks can also be used in these areas. Dunks are a small, donut-shaped product that contains *Bacillus thuringiensis* var. *israeliensis*. The donut disrupts the life cycle of the mosquito and is non-toxic to humans, amphibians and fish.

Avoiding outdoor activities during peak mosquito hours is the best method to avoid being bitten. When outside, wear loose-fitting, light colored clothing with long sleeves & long pants. Repellants containing active ingredients such as DEET, picaridin, IR3535, oil of lemon eucalyptus (OLE), para-methane-diol (PMD), or 2-undecanone can be effective to keep mosquitoes from biting when evening activities cannot be rescheduled.
