Fall in Love with Your Yard

Believe it or not, Fall is the time of year to plant trees and shrubs in our area! Planting in the Fall gives the roots of the trees and shrubs time to mature before the Hot Texas Sun returns. Fall is also the time of year to sow some seeds for wildflowers; such as the bluebonnet, butterfly and hummingbird flowers. Check out <http://shop.wildseedfarms.com/> for Texas friendly wildflower seeds or ask your local hardware/garden stores.

Don't forget that Fall is the time of year to "winterize" your yard and plants. You can winterize your yard by using a Winter fertilizer that will provide the grass with nutrients through the Winter. You can winterize your garden or flowerbeds by mulching or leaving some of the dead leaves on the plant to keep it insulated through the Winter.

HOME DECOR 101

Decorating with Bold Colors

From dark and moody to vibrant and bold, colorful design is gaining favor among homeowners ditching safe, neutral palettes to create more daring, dramatic spaces.

Decorating with deeply saturated colors can be intimidating. Explore these ideas to welcome more bold colors into your home and create inviting spaces for living and entertaining.

WALLS OF COLOR

Say goodbye to beige and embrace the bold color trend by enhancing walls with hues that make a statement. The trick is to avoid making colors so loud that the space loses its stylish appeal. Bold doesn't necessarily mean bright, so look for muted variations of the shades you prefer. Also remember that when it comes to design, there is such a thing as too much. If painting all the walls in a space will close it in or make it feel lost in the dark, try adding color in more subtle ways, such as an accent wall (or two), or painting the ceiling as your accent. Another option for implementing vibrant wall color: stick to smaller rooms, where the bold look is less likely to be overwhelming.

Unexpected Pops of Color

Designers often talk about adding pops of color to bring together a palette, but there are no real rules about where those color enhancements can or should be. Introducing vibrant color in unexpected places can be an especially impactful way to stylize a room. One example is with a skylight blind, which provides a decorative element while also allowing for light control. If you prefer a trendy option like combining dark colors with metallic accents, consider options such as a metallic gold skylight blind from Velux to connect to the room decor below. More than 80 color and pattern choices heighten the drama of a skylight blind, and you can choose from features like room darkening, light filtering and Venetian-style blinds to add function as well.

ILLUMINATE COLOR WITH NATURAL LIGHT

When decorating with statement colors, remember that lighting can make a significant difference in the overall aesthetic. In addition to lighting fixtures, be sure to incorporate plenty of natural light to bring out the best in those bold hues.

To bring natural light deeper into the space, consider skylights as an option with a solution such as Velux No Leak Solar Powered Fresh Air Skylights, which can bathe the space in natural light and open to bring in fresh air. Another smart way to capture natural light is by installing an option like Sun Tunnel skylights. With their low-profile design, they create a sleek appearance, and installation is also quick and easy. Learn more at whyskylights.com.

BOLD FURNISHINGS

An often overlooked but essential component of design is the furniture. Creating a colorful, inviting room doesn't stop with the walls and floors; what's in the room can bring the colors to life. Think of the space and all its contents, not just the architectural components, as your canvas for creating the space you envision. If you're hesitant to invest in a pricy couch in a trendy hue, a compromise might come in the form of a richly colored accent table or chair.

CREATIVE CABINETRY

Traditional wood grain cabinetry sometimes gives way to far more creative color schemes in kitchens and bathrooms. While white is still a popular choice, and can even be considered bold in the right setting, true color on cabinets is also gaining traction among homeowners. With the right backsplash, countertops and flooring, you can safely install cabinets in a uniform color throughout the kitchen, but another on-trend option is to reserve the color for an island base or just one wall of cabinets. You could even mix and match colors on the tops and bottoms. Detail elements like the hardware provide another opportunity for a bold look. You can enhance the room's design with standout pulls that lend extra vibrance to the space.

FABRIC WITH FLAIR

Textiles provide nearly unlimited options to balance a bold design. Using lighter fabrics for elements such as draperies, upholstery, rugs and decorative pillows can soften the feel of a room with bold tones. Look for subtle patterns that pull in hints of the deeper hue to bring the look together, or simply coordinate shades from complementary color families.

Be a Hero this Halloween

Being a hero goes beyond dressing up in a costume this Halloween season. Children, families and schools across the country can channel their own superpowers to help deliver lifesaving supplies to children in need this October.

One way to use your superpowers is to Trick-or-Treat for UNICEF, which began in 1950 when girls and boys across the United States collected coins in hand-painted milk cartons to help children affected by World War II. Celebrating its 69th year, this nostalgic tradition continues today as America's longest running youth volunteer program with generations of children running door to door holding signature orange boxes and singing, "Trick-or-Treat for UNICEF."

With over \$180 million raised for health care, education, nutrition and more, the program has evolved into a month-long celebration of the power of kids helping kids. Throughout October, kids, parents and teachers across the country can be real superheroes by collecting donations, big and small.

Equipped with the iconic orange boxes, families can raise funds that

add up to lifesaving change. As little as \$1 can provide safe water to a child for more than 2 months; \$3 can provide seven packets of therapeutic food; \$5 can provide a pack of 10 notebooks and \$7 can provide one warm fleece blanket for a child.

Halloween has become a "heroic" way to help others and build the next generation of global citizens. When kids trick-or-treat for a cause, they learn about global issues and feel empowered to make a difference.

Start creating real-world change by picking up your own little orange box. With the support of Visa Inc., the iconic box will glow in the dark, allowing superpowers to shine even brighter.

Visit TrickorTreatforUNICEF.org to download a DIY change box, donate online or find an event near you. Share your story on social media with #TOT4UNICEF, #WeCanAllBeHeroes and #KidsHelpingKids.
