BRIDGELAND

Veteran's Day Festival

Sunday, November 10th

2pm-5pm

LV Festival Park

The extremely large United States flag that flew over McCall Hill at Guantanamo Bay Naval Station in Cuba from 7/29-8/14/2016 will proudly hang over the Bridgeland Festival Park Pavilion on Sunday 11/10/2019 during the Bridgeland Veterans Day Festival 2-5 pm at LV Festival Park, 16902 Bridgeland Landing.

The Flag was obtained by Bridgeland resident Captain William S. Fedor, CAPT, U.S. Navy, who donated it for our Vets Fundraiser.

Bridgeland resident Walt Bohn bought the flag to be flown in memory of all who have served in the United States Armed Forces defending freedom and democracy. Walt said the flag has historical significance as well because it was flown during pre-trial hearings of the terrorists who masterminded the 9/11 attack on the World Trade Center.

The Bridgeland Veterans Day Festival, held annually recognizes veterans and enlisted personnel thru its photographic display of Bridgeland Veterans, its Honor Wall and ceremonial reading of the names of service men and women from the Bridgeland Community.

There is fun event & teaching moment for the whole family with live music as well as many games for the children, bouncy houses, Sky Café & Iced Cupcakes food trucks and vendors.

EXPRESSING GRATITUDE THROUGH ART

November is National Gratitude Month and local nonprofit Shield Bearer is encouraging children to practice gratitude through artwork. “Gratitude is good for you! It can help with stress, moods, and our overall health and wellbeing,” shared Shield Bearer Executive Director Thad Cardine. “This art contest is a great reminder to practice gratitude each day from an early age.”

Local kids ages 5 to 17 are encouraged to submit original art centered around the theme “I am grateful for...” and

winners will be selected in four age categories. A fun Art Contest Party to announce the winners is planned for November 21, 2019 at Plum Coffee Shop in Cypress. Elizabeth Hale, co-owner of Plum Coffee Shop shared, “We are excited to see the kids’ artwork and to celebrate all there is to be grateful for this month!”

To enter the contest, visit shieldbearer.org/art or stop by Plum Coffee Shop at 11688 Barker Cypress Rd, Cypress, TX or Shield Bearer at 12340 Jones Rd Ste 290 in Houston, TX to pick up an entry form. Final artwork submissions are due November 19, 2019.

THREE BILLION LOST

By Cheryl Conley, TWRC Wildlife Center

Recently, the journal Science published a study showing that we have lost more than 1 in 4 birds from the United States and Canada since 1970. That's 3 billion! The study was conducted by scientists at the Cornell Lab of Ornithology along with six other institutions. "Birds are excellent indicators of environmental health. Severe declines in common birds, like those shown in this study, tell us something is wrong and underscores the need to become better stewards of the planet," said Dr. Nicole Michel, senior quantitative ecologist with Audubon.

The study doesn't address why we're losing birds in such great numbers but as with many wildlife species, habitat loss has to be at the top of the list. Other reasons are as follows:

- The use of pesticides – it is estimated that the United States uses 20% of all pesticides used globally every year. That's a staggering 1.2 billion pounds. Pesticides are used for agricultural purposes, forest and rangeland management and golf courses. They are also used in and around our homes.
- Climate change – Audubon conducted a study of 588 bird species and discovered that more than half are in trouble. Three hundred fourteen bird species will lose more than half of their climatic range

by 2080. To read the full report, go to <https://climate.audubon.org>.

- Cats – According to a study by the Smithsonian Conservatory Biology Institute, over 2.4 billion birds are killed by cats, both pets and feral, in the U.S. every year.

- Collisions - windows, wind turbines, and other structures. According to the American Bird Conservancy, up to one billion birds die every year in the US when they hit windows and other structures. The Smithsonian estimates that wind turbines account for up to 328,000 bird deaths annually.

So what can we do to be better stewards of the environment? Use organic pesticides. Keep your pet cats indoors. In some cities and communities it is illegal to let your pet cat roam free outside. Use decals or tape on your windows to prevent bird collisions. These are just a few of the many things we can do to help our environment. Let's all learn to live in harmony with the animals we share our world with.

TWRC Wildlife Center is a 40-year-old non-profit organization located in Houston. Over 5,000 ill, injured, or orphaned animals are brought to us every year in need of medical care. Be sure to follow us on Facebook and refer to our website for helpful wildlife information—www.twrcwildlifecenter.org.

3 Holiday Activities to Engage with Loved Ones

Any time can be the right time to enjoy memorable moments with family members, but the holidays present a special opportunity to have meaningful conversations and interactions with loved ones.

One of the best ways to spark creativity and generate memories is through activities that get the conversation started, whether it's remembering favorite moments from the past or simply sharing notes of appreciation. This holiday season, consider these activity ideas from the Funeral and Memorial Information Council, which created the "Have the Talk of a Lifetime" initiative to encourage families to facilitate conversations that become invaluable when the time comes to honor a loved one.

While these conversations can be difficult to engage in and even harder to begin, the natural bonding moments that stem from activities like these can help make the process easier.

Gratitude Tree

Start a new tradition by creating a gratitude tree, a simple decoration you can look forward to using each year as a reminder of what you and your family are thankful for.

To make a gratitude tree, collect twigs or branches, dry them out and cut them to the desired lengths. Put the branches in a vase or decorative container. Punch holes at the tops of fall-colored paper to be used as tags then instruct guests to write what they're grateful for on each tag.

Take turns reading the tags and tie them to the branches then keep the handwritten tags in a safe place until they can be read again each holiday season. Over the years, as the tree fills up, you'll have a lifetime of memories to share.

Time Capsule

Making a holiday-inspired time capsule can help strengthen family bonds while preserving treasured memories and creating opportunities for future holidays when it's time to reopen the contents.

Use a sealed container or plastic bag to protect items from moisture and mold then place the container in a box that can be decorated and stored in a safe place with related holiday decorations. Mark on the container the date it was created for future reference, and pack it with items like family-favorite recipes; notes about significant

events from that year like births, weddings, graduations and more; copies of newspapers detailing high-profile happenings; and pictures, drawings and notes from the year.

If you're patient enough to wait, try leaving the contents undisturbed at least five years to give the memories even more meaning when the time comes to relive those special moments.

Memories Tablecloth

To help keep important family footnotes front and center during future celebrations, a memorial tablecloth provides each person an opportunity to personalize a piece of popular decor. As you gather around the table for holiday meals, ask each family member to jot down a favorite memory or something he or she is thankful for along with a signature and date.

You can make it an annual event by using the same tablecloth each year and, before long, it will be filled with personal memories as a way to cherish relationships as time goes on. Just use an appropriately sized, inexpensive white canvas drop cloth. Place fabric markers in the center of the table before inviting guests to participate, and to help distinguish each year, try using different colored markers.

Excluding Pests

When the weather turns towards autumn and leads into winter, many pests start looking for a cozy place which can often lead them inside your home. By performing a thorough inspection, you can locate areas where these pests may enter and stop them before they become a problem.

Inside the home, look around doors and windows and if you see light around them it's a sign there isn't a good seal and weather stripping should be replaced. Inspect the attic for holes or entry points for small mammals such as rats, mice, and squirrels. Attic vents should be covered with stainless steel screening to block animals from entering. Outside, inspect the perimeter of the home for cracks and crevices in the foundation that should be sealed. Locate pipe and wire penetrations that enter the structure and seal areas that allow pests to enter.

Ideas on how to exclude pests from your home:

- Trim back or prune any trees and shrubs that touch or overhang the home
- Seal pipe & wire penetrations with copper mesh, sealant, or expanding foam
- Replace weather stripping around doors and windows if there is not a good seal
- Repair or replace window screens with holes
- For homes with brick or stone facades, stuff weep holes with copper mesh
- Clean debris from gutters to reduce harborage areas for pests
- Inspect all furniture, boxes, and bags for pests before carrying them into the home
- Inspect all plants for insect pests before bringing them into the home
- Do not store firewood inside the home, against outside walls, or near doors
- Use sheet metal, hardware cloth, or steel wool to seal any areas where animals have chewed to enter the home**

**make sure animal is not in the home or you'll seal it inside!
