THE CYPRESS-TOMBALL DEMOCRATS

SPEAKER: BARBARA RADNOFSKY, AUTHOR A CITIZEN'S GUIDE TO IMPEACHMENT

The Cypress-Tomball Democrats will hold its next monthly meeting Tuesday, November 19, 2019, at Rudy's Grill and Cantina, 11760 Grant Road, Houston. There is a meet and greet at 6:30 p.m., and the general meeting begins at 7:00 p.m.

Practicing on both sides of the docket, she has been listed for over 25 years in "Best Lawyers in America" in multiple areas, including dispute resolution.

Barbara co-founded the Houston chapter of the National Association of Urban Debate Leagues and has served on many other charitable boards and as a volunteer peer mediation teacher in public and private schools.

EXPRESSING GRATITUDE THROUGH ART

November is National Gratitude Month and local nonprofit Shield Bearer is encouraging children to practice gratitude through artwork. "Gratitude is good for you! It can help with stress, moods, and our overall health and wellbeing," shared Shield Bearer Executive Director Thad Cardine. "This art contest is a great reminder to practice gratitude each day from an early age."

Local kids ages 5 to 17 are encouraged to submit original art centered around the theme "I am grateful for..." and winners will be selected in four age categories. A fun Art Contest Party to announce the winners is planned for November 21, 2019 at Plum Coffee Shop in Cypress. Elizabeth Hale, co-owner of Plum Coffee Shop shared, "We are excited to see the kids' artwork and to celebrate all there is to be grateful for this month!"

To enter the contest, visit shieldbearer.org/art or stop by Plum Coffee Shop at 11688 Barker Cypress Rd, Cypress, TX or Shield Bearer at 12340 Jones Rd Ste 290 in Houston, TX to pick up an entry form. Final artwork submissions are due November 19, 2019.

For more information about Shield Bearer counseling services, programs, or training, visit shieldbearer.org or call (281) 894-7222.

THREE BILLION LOST

By Cheryl Conley, TWRC Wildlife Center

Recently, the journal Science published a study showing that we have lost more than 1 in 4 birds from the United States and Canada since 1970. That's 3 billion! The study was conducted by scientists at the Cornell Lab of Ornithology along with six other institutions. "Birds are excellent indicators of environmental health. Severe declines in common birds, like those shown in this study, tell us something is wrong and underscores the need to become better stewards of the planet," said Dr. Nicole Michel, senior quantitative ecologist with Audubon.

The study doesn't address why we're losing birds in such great numbers but as with many wildlife species, habitat loss has to be at the top of the list. Other reasons are as follows:

- The use of pesticides – it is estimated that the United States uses 20% of all pesticides used globally every year. That's a staggering 1.2 billion pounds. Pesticides are used for agricultural purposes, forest and rangeland management and golf courses. They are also used in and around our homes.

- Climate change – Audubon conducted a study of 588 bird species and discovered that more than half are in trouble. Three hundred fourteen bird species will lose more than half of their climatic range by 2080. To read the full report, go to <https://climate.audubon.org>.

- Cats – According to a study by the Smithsonian Conservatory Biology Institute, over 2.4 billion birds are killed by cats, both pets and feral, in the U.S. every year.

- Collisions - windows, wind turbines, and other structures. According to the American Bird Conservancy, up to one billion birds die every year in the US when they hit windows and other structures. The Smithsonian estimates that wind turbines account for up to 328,000 bird deaths annually.

So what can we do to be better stewards of the environment? Use organic pesticides. Keep your pet cats indoors. In some cities and communities it is illegal to let your pet cat roam free outside. Use decals or tape on your windows to prevent bird collisions. These are just a few of the many things we can do to help our environment. Let's all learn to live in harmony with the animals we share our world with.

TWRC Wildlife Center is a 40-year-old non-profit organization located in Houston. Over 5,000 ill, injured, or orphaned animals are brought to us every year in need of medical care. Be sure to follow us on Facebook and refer to our website for helpful wildlife information—www.twrcwildlifecenter.org.
