

CYPRESS CHRISTIAN SCHOOL UPDATE

Sixth-graders spent a beautiful day at Space Center Houston and Johnson Space Center. The students were treated to a guided tour through Starship Gallery, a museum of space artifacts. Students saw authentic flown spacecraft and followed the space race and subsequent development of international cooperation. Future explorers were able to touch a moon rock and got close-up views and stories of these national treasures.

CCS Senior swimmer, Elliott Jones is ranked in the top 100 swimmers in the world (18 & under) according to the USA Swimming World 100 list, 84th in the 100 backstroke and 61st

in the 200 backstroke!

- The Class of 2020 have submitted over 200 college applications
 - Over 50% of students have received admission to their college or university of first choice
 - Over \$1,100,000 in scholarship offers have been reported
- Please join us for Future Admissions Events:
- K-12 Preview, April 16, 7 p.m.
 - Kindergarten Preview May 5, 7 p.m.

Messiah: A Lutheran Faith Community Camp Hope

Encounter the Unexpected with Jesus

Dates:

- Week 1 July 6-10, 2020
- Week 2 July 13-17, 2020
- Week 3 July 20-24, 2020

9:30 am – 3:30 pm

Camp Hope is our three week day camp for children ages 5 years-old through 6th grade. It is an adult-mentored, student-led ministry. Each day children will hear a new bible story, learn what it means to their life by eating a snack, playing a game, and experiencing the story through the arts, STEM and worship.

Camp Hope is a day camp that is passionate about growing leaders. This is one of the reasons that Camp Hope is one of the BEST ways to develop youth leaders. It's a vital part of what Camp Hope is all about!

Parents are invited to register their children online at www.messiahlc.org/camp-hope. For more information, call 281-890-3013.

Messiah Lutheran Church is a congregation of the Evangelical Lutheran Church in America (ELCA). Messiah is located at 11522 Telge Road, ½ mile north of Highway 290. Regular Sunday worship times are: 8 am—Traditions; 9:30 am—The Gathering; and 10:45 am—The Crossing. The Discovery Time (education) is 9:15-10:30 AM on Sundays. For more information, 281-890-3013 or www.messiahlc.org. All people are welcome at Messiah.

INDIANMEAL MOTHS

Probably the most encountered pantry pest by homeowners is the Indianmeal moth. These moths can be found in pet food, birdseed, cereals, dried fruit, nuts, powdered milk, candy, and more. Food can become

infested while in fields, warehouses, or stores and then brought into the home with infested products.

Indianmeal moth adults are small with grayish wings tipped in copper. Larvae are creamy-yellow to yellowish-green to pinkish in color with a dark brown head. Larvae tend to feed on the top of infested items and may produce silk that binds the food together. When larvae are preparing to pupate, they leave the item where they were feeding and crawl to corners or edges of walls, shelves, containers, or other items to spin a silken cocoon.

To eliminate a pantry pest problem, the first step is to locate and remove all infested items. Begin with oldest food items, usually in the back of the pantry, and inspect everything, including unopened food items since these may also be a source. When you find an infested item, do not stop your inspection, multiple items can be infested. Not all pantry pest infestations come from the pantry. Check rooms for items such as dried, decorative peppers, dried flowers, potpourri, natural supplements, make-up, or rice heating packs.

Infested items can be thrown away or treated with heat or cold. If you don't want to throw away food, either place infested food in a zip-top plastic bag and place it in the freezer for about 5-7 days or spread infested food in a thin layer on a baking sheet and bake at 250 degrees for 4-6 hours to kill any insects. Once all insects are dead, you can sift the food or pick out the insects. Another option would be to leave the insects in the food and get a little more protein with your meal!

For more information or help with identification, contact Wizzie Brown, Texas AgriLife Extension Service Program Specialist at 512.854.9600. Check out my blog at www.urban-ipm.blogspot.com

BABY SQUIRREL SEASON

What you need to know

By Cheryl Conley, TWRC Wildlife Center

And so it begins. Baby season 2020 and it all begins with baby squirrels. There are a number of reasons why baby squirrels get separated from mom. Homeowners cut down trees that have nests, high winds can blow nests down or can knock babies out of the nest or sometimes they just fall out. Whatever the reason, you can help.

The first thing you want to do is make sure the baby is safe and warm. Put it in a box or other small container with a soft towel or t-shirt. You can microwave a sock filled with rice for one

minute and place it in the box with the baby or set 1/2 of the box on top of a heating pad set to low. **DO NOT TRY TO FEED IT.** If you do not see any blood on the baby and there are no ants crawling on it, you can try to reunite it with mom. A squirrel's real mom is the best mom.

1. Place the box with the baby squirrel in it near where you found the baby. You can also attach string or twine to the box and securely hang it from a low branch. Just remember to keep an eye on it from a distance so it's safe from dogs, cats and other predators.

2. Getting the baby to call for its mom can help. Sometimes gently picking up the baby will cause it to call her. You can also try holding one foot and applying gentle pressure. **DO NOT SQUEEZE HARD.** This is a tiny, fragile baby.

3. If it's raining lightly, cover half the box and put the baby on the dry half. If it's pouring, keep the baby inside until the rain lets up. Remember to **KEEP IT WARM.**

4. Be patient. It can take up to four hours for mom to come and get her little one. If she doesn't, you'll need the help of a rehabilitator. Bring the baby to us. If it's after hours, keep the baby in a quiet, dark room and keep it warm until we open. Do not attempt to feed it.

If you notice injuries, keep the baby safe and warm in a dark room until you can get it to us. Do not handle it.

If you'd like to help care for the baby squirrels that are brought to us, we have opportunities available to care for them at our Center or in your home. We will train you. For more information, email berry.moffett@twrcwildlifecenter.org or call 713.468.8972.

HOST FAMILIES NEEDED

Want to bring a little culture into your life and the lives of your children? Why not try hosting a high school foreign exchange student? It's a great way to learn about a new culture all from the comfort of your home.

STS Foundation is currently looking for host families for the 2020/2021 school year. Hosting is such a rewarding experience and it benefits all of those involved.

STS Foundation accepts all types of host families – from single parents, newly marrieds, empty nesters and same sex couples. In order to host, you would need to meet the following qualifications:

- **Host must be 25 years or older**
- **Pass a background check**
- **Provide food for 3 meals daily**
- **Ensure reliable transportation to and from school (bus is ok)**
- **A bed for your student**
- **A safe and loving home**

STS Foundation is a 501(c)(3) organization that places foreign exchange students with American host families. For more information about hosting, please contact me at 832-455-7881 PM me or email at vicki.stsfoundation@yahoo.com.
