## Help Make the World a Better Place

Did you know that by opening your home to a foreign exchange student you are taking on the role as a diplomat of the United States? Its true! Hosting a teenager from another country is form of public diplomacy – it gives both the host family and the student an opportunity to learn from each other, exchange cultural experiences and most of all, form life-long relationships.

All that is required of a host family is to provide three meals a day, a place for the student to sleep and a little bit of TLC thrown in. Students can share a room with a same sex sibling that is within three years of their age. The students all come with their own spending money, health

insurance and an eagerness to be part of your family.

STS Foundation, a 501(c)(3) organization, is looking for volunteer host families for the 2020/2021 school year. We accept all different types of families, from single parents, to newly marrieds, to empty nesters to same sex couples. The application process is simple, once you are completely vetted, you will have access to our student database where you can select the student that best fits in with your family.

If you would like to find out more about hosting one of our wonderful students, please contact Vicki Odom at (832) 455-7881 or email at [vicki.stsfoundation@yahoo.com](mailto:vicki.stsfoundation@yahoo.com). I can get you started in helping to make the world a better place to live.

## Pollinators

– Wizzie Brown, Texas A&M AgriLife Extension

There are many animal pollinators, most of those being insects. Probably the most well-known of pollinator insects are bees

and more specifically, honeybees. Honeybees are pollinators, but only make up a small portion of the bee population around the world. Most bees are solitary and nest in the ground. Solitary bees are not aggressive and many are stingless, so people should not be afraid of them.

Butterflies and moths are also important pollinators. Unfortunately, due to habitat destruction and other factors, their populations are on the decline. If you want to provide habitat for butterflies and moths, you need to be sure to fulfill the requirements of all life stages. Host plants are needed for egg laying and caterpillar feeding; nectar plants are needed for adult feeding; and overwintering sites are needed for various stages.

Flies are an often-overlooked pollinator. With their poor reputation for carrying diseases, many people consider flies to be pests. Flies can be beneficial by fitting into food webs, breaking down waste material, feeding on some species of insects, and pollinating plants (including some food crops such as apples and peppers).

Ideas to help conserve pollinators:

- Plant native plants that provide nectar blooms spring, summer, and fall
  - o Provide a variety of colors
  - o Provide a variety of flower/ bloom shapes
  - o Provide multiple levels of plants (groundcover, shrubs, trees,

etc.)  
o Plant in clumps of the same plant to make it easier for pollinators to find them

- Reduce turf and replace with flowering plants
- Plant native bunch grasses to provide food and shelter for insects

- Allow fallen leaves to remain on property to provide shelter
- Create areas of bare soil for ground nesting bees (choose sunny areas that will provide dry soil)
- Use integrated pest management to reduce pesticide use
- Provide water in a SAFE manner for insects; use shallow dishes with rocks, stones, sand, or some substrate to allow insects to drink without drowning

## Watermelon Salad

2 tablespoons white wine vinegar

1 lime, zested and juiced

1/4 cup extra-virgin olive oil

1 red onion, thinly sliced

4 cups seeded watermelon chunks

1 cup crumbled feta cheese

1/4 cup mint chiffonade

2 cups baby arugula

### Directions:

Add the white wine vinegar, lime zest and juice to a small bowl. Whisk in the olive oil and season with salt and pepper. Add the thinly sliced red onion and let marinate for 5 to 10 minutes as you prepare the rest of the salad.

Add the watermelon, feta, mint, and arugula to a large bowl. Toss with the vinaigrette and serve immediately after dressing.
